**The Ballad of the Lone Medievalist** Kisha G. Tracy, John P. Sexton, 2018 Working medievalists are often the only scholar of the Middle

Ages in a department at a university or a hundred mile radius While working to build a body of focused scholarly work the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return As a result overtasked and single medievalists often find it challenging to advocate for their work and field As other responsibilities and expectations crowd in we come to feel disconnected from the projects and subjects that sustain our intellectual passion An insidious isolation even from one another creeps in and soon even attending a conference of fellow medievalists can become a lonely experience Surrounded by scholars with greater institutional support lower teaching loads or more robust research agendas we may feel alienated from our work the work to which we've dedicated our careers The Lone Medievalist the collaborative community and the book is intended as an antidote to the problem of professional isolation It is offered in the spirit of common weal that marks the ideals if not always the realities of so many of the communities we study agricultural professional national notional and of course monastic The Ballad of the Lone Medievalist isn't only about scholarship or teaching or institutional life or the pursuit of new learning it's about all of them The essays in this volume address all aspects of the professional and intellectual life of medievalists Though many of us acknowledge and address the challenges in being Lone Medievalists these essays are not intended as voces clamantium they are offered to provide strategies camaraderie and an occasional bit of inspiration They are a call to action a sharing of hard won wisdom and a helping hand and above all a reminder that we are not alone

Empathy in Contemporary Poetry after Crisis Anna Veprinska, 2019-12-31 This book examines the representation of empathy in contemporary poetry after crisis specifically poetry after the Holocaust the September 11 2001 terrorist attacks and Hurricane Katrina The text argues that recognizing both the possibilities and dangers of empathy the poems under consideration variously invite and refuse empathy thus displaying what Anna Veprinska terms empathetic dissonance Veprinska proposes that empathetic dissonance reflects the texts' struggle with the question of the value and possibility of empathy in the face of the crises to which these texts respond Examining poems from Charlotte Delbo Dionne Brand Niyi Osundare Charles Reznikoff Robert Fitterman Wisawa Szymborska Cynthia Hogue Claudia Rankine Paul Celan Dan Pagis Lucille Clifton and Katie Ford among others Veprinska considers empathetic dissonance through language witnessing and theology Merging comparative close readings with interdisciplinary theory from philosophy psychology cultural theory history and literary theory and trauma studies this book juxtaposes a genocide a terrorist act and a natural disaster amplified by racial politics and human disregard in order to consider what happens to empathy in poetry after events at the limits of empathy

Dothead Amit Majmudar, 2018-03-20 A captivating no holds barred collection of new poems from an acclaimed poet and novelist with a fierce and original voice Dothead is an exploration of selfhood both intense and exhilarating Within the first pages Amit Majmudar asserts the claims of both the self and the other the title poem shows us the place of an Indian American teenager in the bland surround of a mostly white peer group partaking of imagery from the poet's Hindu tradition

the very next poem is a fanciful autobiography relying for its imagery on the religious tradition of Islam From poems about the treatment at the airport of people who look like Majmudar my dark unshaven brothers whose names overlap with the crazies and God fiends to a long freewheeling abecedarian poem about Adam and Eve and the discovery of oral sex Dothead is a profoundly satisfying cultural critique and a thrilling experiment in language United across a wide range of tones and forms the poems inhabit and explode multiple perspectives finding beauty in every one
