Mackintosh,2019-01-08 A fascinating journey through the origins of American tourism In the early nineteenth century thanks to a booming transportation industry Americans began to journey away from home simply for the sake of traveling giving rise to a new cultural phenomenon the tourist In *Selling the Sights* Will B Mackintosh describes the origins and cultural significance of this new type of traveler and the moment in time when the emerging American market economy began to reshape the availability of geographical knowledge the material conditions of travel and the variety of destinations that sought to profit from visitors with money to spend Entrepreneurs began to transform the critical steps of travel deciding where to go and how to get there into commodities that could be produced in volume and sold to a marketplace of consumers The identities of Americans prosperous enough to afford such commodities were fundamentally changed as they came to define themselves through the consumption of experiences Mackintosh ultimately demonstrates that the cultural values and market forces surrounding tourism in the early nineteenth century continue to shape our experience of travel to this day

The Matter of Anne Hutchinson Christopher Kone,2025-09-24 Harvard University claims Anne Hutchinson a Puritan wife and mother as a founding cause of their institution Anne s peers considered her a Jezebel In modern times she is acclaimed as a pioneer of women s rights In 1637 she was banished from Massachusetts In 1638 she was excommunicated from the church Today a statue of Anne stands on the Massachusetts State House lawn What is certain about Anne is that she was the eye of the Antinomian Controversy that swept over the nascent Massachusetts Bay Colony from 1636 to 1638 Though Anne is often viewed by historians through the colony s religious structure the controversy threatening the colony swirled around the Protestant Reformation s doctrine of salvation Author Christopher Kone untangles the matter of Anne Hutchinson by employing various processes of history that consider theology and government As theology lives within the real world social political and legal aspects are also applied to the matter of Anne The story told is a part of the vibrant history of America and its revolutions It is a story of the past that reflects on our time      Multiculturalism, Crime, and Criminal Justice Robert McNamara,Ronald G.
