Introduction

REVISION

This document is intended for use by authorized NOKIA service centers only.

"Service Schematics" was created with focus on customer care.
The purpose of this document is to provide further technical repair information for NOKIA mobile phones in Level 1/2 service centers.
It contains additional information such as e.g. "Component finder",
"Troubleshooting table" or "Reference patch table".
The "Signal reference" page gives a good and fast overview about the most important signals and voltages on board.
Timing process time and measuring the repair quality is the aim of this document.
It will be used additionally to the service manual and other training
or service information such as Service Bulletins.
