Sexuality Studies, Lavender Languages, and Everyday Life Michelle Marzullo, William L. Leap, 2024-09-05 Critical Sexuality Studies CSS and Lavender Languages Linguistics LLL are leading modes of inquiry in two different fields of sexuality studies In this edited collection chapters reveal how these can be combined to produce a new approach to analyzing language use sexuality and gender and discourse on authority and power The book demonstrates how together LLL and CSS iterate each other through their mutual concern with sexuality gender and power especially when considering the materiality of daily life Authors then compare CSS to other fields of sexuality studies to reveal commonalities and tensions that are addressed via the LLL based interventions exemplified in this volume The body of the book organizes examples of Lavender Languages projects around a four part CSS framework with an introductory essay for each section indicating the connections between the CSS theme and the LLL examples The volume concludes with reflections showing how CSS interests in sexuality and power benefits from LLL with its emphasis on socially focused studies of discourse and text Strengthening pathways to future knowledge making this book provides a detailed roadmap for scholarly and activist engagements in language centered critical sexuality studies

Critical Expressivism Tara Roeder, Roseanne Gatto, 2015-04-15 Critical Expressivism is an ambitious attempt to re appropriate intellectual territory that has more often been charted by its detractors than by its proponents Indeed as Peter Elbow observes in his contribution to this volume As far as I can tell the term expressivist was coined and used only by people who wanted a word for people they disapproved of and wanted to discredit The editors and contributors to this collection invite readers to join them in a new conversation one informed by a belief that the term expressivism continues to have a vitally important function in our field

**Thinking in Place** Carol Becker, 2015-11-17 Carol Becker preeminent arts educator and contributor to leading art magazines offers a beautifully poignant meditation on the role of place in artistic creativity She focuses on place as a historical physical entity and a conceptual site where ideas come into meaning The book explores places from the coal mining towns of western Pennsylvania to the Birla House where Gandhi was shot to the sinking city of Venice A cross between theory memoir and history her writing creates the experiential effect of being in specific places as well as imagining the evolution of ideas as they are manifested in museums and often become agents for social change

Charitable Writing Richard Hughes Gibson, James Edward Beitler, 2020-12-15 How might we love God and our neighbors through the task of writing This book offers a vision for expressing one's faith through writing and for understanding writing itself as a spiritual practice that cultivates virtue Drawing on authors and artists throughout the church's history we learn how we might embrace writing as an act of discipleship for today

**Tell Me a Story** Anthony Tate Fulton, Christopher B. Field, Michael MacBride, 2017-09-25 Stories have great power This book attempts to harness that power to help students grow and develop as writers It argues that stories and narratives can be utilized in the composition classroom specifically first year composition FYC to break down barriers Throughout a given semester stories and narratives can help students in composition courses to overcome academic personal and creative barriers establishing a

space for developing as writers and thinkers Providing theoretical approaches practical methods and implications for using stories in FYC this book explores the versatility of stories as teaching tools *Fostering Habits of Mind in Today's Students* Jennifer Fletcher,Adela Najarro,Hetty Yelland,2023-07-03 Co published with and Students need more than just academic skills for success in college and career and the lack of an explicit instructional focus on the soft skills critical to postsecondary success poses a challenge for many students who enter college especially the underprepared Based upon a multi campus cross disciplinary collaboration this book presents the resulting set of habits of mind based strategies that demonstrably help not only low income ESL and first generation college students overcome obstacles on the path to degree completion these strategies equally benefit all students They promote life long integrative learning and foster intellectual qualities such as curiosity openness flexibility engagement and persistence that are the key to developing internalized and transferrable competencies that are seldom given direct attention in college classrooms This contributed volume written with full time and adjunct faculty in mind provides the rationale for this pedagogical approach and presents the sequential instructional cycle that begins by identifying students assets and progressively focusing on specific habits to develop their capacity to transfer their learning to new tasks and situations Faculty from both two year and four year colleges provide examples of how they implement these practices in English math and General Education courses and demonstrate the applicability of these practices across course types and disciplines Chapters address key factors of college success including The link between habits of mind and student retention and achievement Using an assets based approach to teaching and learning Supporting and engaging students Creating inclusive learning communities Building confidence and self efficacy Promoting transfer of learning Teacher networks and cross disciplinary collaborationBy foregrounding habits of mind as an instructional lens this book makes a unique contribution to teaching in developmental and general education settings

*Think it - Map It!* Ian Harris,Oliver Caviglioli,2003-08-01 Think it Map it Is the most relevant practical and helpful book yet written on mapping techniques in the classroom By showing you what pupils thinking looks like this book gives you the necessary insights to integrate literacy thinking skills and accelerated learning in your classrooms Organized into three sections it explains WHY model mapping is so effective WHEN model mapping can be effectively applied HOW to effectively learn and teach model mapping Think it Map it Is packed with case studies and maps from schools that have taken the principles and promises of the authors MapWise training course and their best selling book by the same name and turned them into winning classroom strategies The examples clearly show how primary comprehensive grammar nursery and special school teachers have turned theory into practice often with amazing results In this book you will discover how these schools have applied mapping to literacy thinking skills subject explanation revision collaborative learning extending the gifted and talented including pupils with special needs formative assessment displays teacher planning staff meetings development planning and very much more What MapWise schools have realized is that whenever thinking is involved then model

mapping is an appropriate and effective tool to use This book moves schools on from the restricting way in which model mapping is often perceived and gives a clear overview of the reasons why this visual tool works so effectively for all types of learner and teachers too Written in a clear and lively style Think it Map it is sure to become the classic text on mapping in schools With bite size chapters and with a vast array of wonderful maps produced by children this book will excite and educate all staff currently working in schools we cannot navigate physically or intellectually without a map So the learner needs a map that will always let him or her find their way to what they already know and enables them to navigate from there to their desired destination This book is fundamentally about how learning works and how teaching can be transformed when it grasps and respects some cardinal principles about facts and knowledge about memory and retrieval about language and thinking about individual and social learning This book sheds new light on some deep truths about peer learning about talking your way to meaning about learning as liberation from a ruthlessly lockstep progression through the curriculum It is a salutary reminder in an age of attainments targets SATS key stages and value added that learning is what schools are for and it is what makes teachers want to teach This book is a real treasure trove of good ideas and sound pedagogic principles

Professor John MacBeath Chair of Educational Leadership University of Cambridge      **Critical Thinking** Gregory Hadley, Andrew Boon, 2022-10-31 Critical Thinking provides language teachers with a dynamic framework for encouraging critical thinking skills in explicit systematic ways during their lessons With the proliferation of fallacious arguments fake news and untrustworthy sources in today's multimedia landscape critical thinking skills are vital not only in one's native language but also when engaged in the task of language learning Written with the language teacher in mind this book provides a springboard for teaching critical thinking skills in multicultural multilingual classrooms Suitable for graduate students in training teachers and language curriculum developers interested in purposeful applications of critical thinking pedagogy for the second language classroom this volume presents classroom activities suggestions for lesson planning and ideas for researching the impact of critical thinking activities with second language learners This book is ideal as an invaluable resource for teacher directed classroom investigations as well as graduate dissertation projects ELTons 2024 Finalist Innovation in Teacher Resources A detailed description of the book can be accessed through this 30 second video [https://1drv.ms/v/s/AhpTikQv9ubFgYAkZw\\_UYt6qg3mItw\\_eDmqXaR](https://1drv.ms/v/s/AhpTikQv9ubFgYAkZw_UYt6qg3mItw_eDmqXaR)      Does Religious Education Matter? Mary Shanahan, 2016-07-28 In the current climate and in an age of increasing hostility towards religion and the study of religion religious education is a much debated area Bringing together an interdisciplinary team of contributors from the USA Britain and Ireland and Australia representing a variety of religious perspectives Does Religious Education Matter provocatively demonstrates that it is vital that religious education is presented as it really is a valuable and rich resource that when taught and engaged with appropriately stimulates essential qualities for global and responsible citizenship critical thinking tolerance respect and mutual understanding      *A Field Guide to the Classroom Library* Lucy Calkins, 2002 Provides

comprehensive and accessible leveled lists and guides for 1 200 children s trade books for kindergarten through 6th grade to help teachers build classroom libraries     Reconnecting Reading and Writing Alice S. Horning,Elizabeth W.

Kraemer,2013-09-06 Reconnecting Reading and Writing explores the ways in which reading can and should have a strong role in the teaching of writing in college Reconnecting Reading and Writing draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction

The ^AOxford Handbook of Dewey Steven Fesmire,2019-08-19 The Oxford Handbook of Dewey is a comprehensive volume spanning thirty five chapters wherein leading scholars help researchers access particular aspects of Dewey s thought navigate the enormous and rapidly developing literature and participate in current scholarship in light of prospects in key topical areas Beginning with a framing essay calling for a transformation of philosophical research inspired by Dewey contributors interpret appraise and critique Dewey s philosophy     **Critical Thinking for Marketers, Volume II** David Dwight,Terry Grapentine,David Soorholtz,2016-12-02 This second volume of Critical Thinking for Marketers expands your background knowledge of other areas of critical thinking that are making major contributions to both marketing as a social science and marketing as an applied science Section I Think Better provides introductory discussions of marketing as a science the difference between correlation and causation the meaning of what a concept is and why it is critical for marketers to develop good concept definitions e g What is customer satisfaction why the 18th century Scottish philosopher David Hume is relevant to marketers today and the impact that behavioral economics is having on how marketers do their job Section II Cognitive Biases and Their Importance talks about recent discoveries in cognitive psychology and neuroscience that have relevance to marketers You ll learn that marketers need to be aware of their own cognitive biases and irrational thinking processes which often lead to making bad decisions and that the retail and business customers we market to are not as rational as we may think and hope they are Finally Section III Conclusions draws on both Volumes I and II to summarize the book s primary messages with helpful hints on applying your new tools and making better marketing decisions     **Doing Time, Writing Lives** Patrick W. Berry,2018-01-24 Winner Coalition for Community Writing Outstanding Book Award 2019 Doing Time Writing Lives offers a much needed analysis of the teaching of college writing in U S prisons a racialized space that despite housing more than 2 million people remains nearly invisible to the general public Through the examination of a college in prison program that promotes the belief that higher education in prison can reduce recidivism and improve life prospects for the incarcerated and their families author Patrick W Berry exposes not only incarcerated students hopes and dreams for their futures but also their anxieties about whether education will help them Combining case studies and interviews with the author s own personal experience of teaching writing in prison this book chronicles the attempts of incarcerated students to write themselves back into a society that has erased their lived histories It challenges polarizing

rhetoric often used to describe what literacy can and cannot deliver suggesting more nuanced and ethical ways of understanding literacy and possibility in an age of mass incarceration      *Leading with Care in a Tough World* Bob DeKoch, Phillip G. Clampitt, 2022-11-04 A simple yet powerful promise caring leaders can produce extraordinary outcomes Daniel H Pink 1 New York Times bestselling author of *The Power of Regret* Breaking new ground in the exploration of servant leadership Bob DeKoch and Phil Clampitt draw on their years of experience and research to describe with vivid real world examples how leading with care enriches people and transforms organizations in our challenging times Gallup recently reported that only 15% of employees in the United States are truly engaged in their workplace Yet nearly 70% say they would work harder if they felt more appreciated Over 90% of those surveyed believed their leaders lacked communication skills to lead The gloomy stories behind sobering statistics reveal employees disappointment with current leadership approaches Leaders can do better That s why the authors sought to go beyond the laudable sentiments of the servant leadership movement by envisioning creating and testing a new leadership platform based on a set of guiding beliefs and actual day to day practices Their unique perspective transforms traditional practices like employee coaching and collaboration into dynamic self actualizing workplaces They also share insights about less frequently discussed leadership issues such as how to build an empowering network of relationships and transform pushback into progress Anyone who wishes to craft their own distinctive compelling and empowering leadership style that unleashes the latent energy of people and their organizations will discover a robust framework for doing so in *Leading with Care in a Tough World* Pragmatic thought provoking and exceptionally well written If you re a leader or aspiring to become one I strongly recommend this book Frank Sonnenberg award winning author of *Managing with a Conscience* Filled with inspiring stories practical advice and years of tried and true methods Dr Marshall Goldsmith New York Times bestselling author of *Triggers*      *Intellectual Virtues and Education* Jason Baehr, 2015-12-22 With its focus on intellectual virtues and their role in the acquisition and transmission of knowledge and related epistemic goods virtue epistemology provides a rich set of tools for educational theory and practice In particular characteristics under the rubric of responsibilist virtue epistemology like curiosity open mindedness attentiveness intellectual courage and intellectual tenacity can help educators and students define and attain certain worthy but nebulous educational goals like a love of learning lifelong learning and critical thinking This volume is devoted to exploring the intersection between virtue epistemology and education It assembles leading virtue epistemologists and philosophers of education to address such questions as Which virtues are most essential to education How exactly should these virtues be understood How is the goal of intellectual character growth related to other educational goals for example to critical thinking and knowledge acquisition What are the best practices for achieving this goal Can growth in intellectual virtues be measured The chapters are a prime example of applied epistemology and promise to be a seminal contribution to an area of research that is rapidly gaining attention within epistemology and beyond      **Human Factors and Patient Safety** Ibrahim

Imam,2024-08-05 This book fulfils the need of doctors medical students and all healthcare personnel for information that addresses fundamental patient safety concepts that are not usually covered in conventional medical curricula There are three valuable features Firstly the content encompasses the main areas of human factors and patient safety in short and easily accessible language supplemented by anecdotes from safety critical industries such as aviation and nuclear power Secondly each chapter highlights the problems of human error and provides solutions that help to reduce the risks to patients Finally the coverage highlights the important role the public should play in protecting their own safety when in contact with healthcare systems
