The Odyssey of a Woman Field Scientist JEAN H. LANGENHEIM, 2010-02-22 Here Jean Langenheime presents her odyssey as a woman field scientist who crossed boundaries of botany geology and chemistry in doing ecological studies The book includes almost two hundred photographs and maps and uses a unique timeline as context for her story in relation to relevant historical events significant changes in the status of women and milestones in ecology from the 1920s to the present Her research spans five continents and ranges from arctic alpine to tropical environments It includes many adventures such as a forced plane landing in Amazonia and working in the midst of a coup d'etat in Colombia and interactions with diverse cultures from Alaska Eskimo to Ghanaian family life She tells the story of a rich life of learning and discovery through difficult and good times which she has shared with her husband and later with her students colleagues and many friends many around the world

INITIAL REVIEW STATEMENTS Anyone who reads this rich and wonderfully interesting memoir will be inspired by what Jean Langenheime has accomplished scientifically and personally during her long and distinguished career at the interface of multiple scientific fields This is more than a personal memoir by a leading scientist It is a deeply insightful reflection on how major scientific disciplines have developed over the past half century and how the culture of scientific research itself has changed John Thompson Distinguished Professor of Ecology and Evolution University of California Santa Cruz quoted in UCSC press release <http://press.ucsc.edu/text.asp?pid=3771> The title of this good read is truly apropos it is an odyssey of the mind as well as life of a self confessed adventurous woman someone always open to the next chapter in an ever changing life lived during a period of significant social and technological changes There's a solid dose of real scientific research and

discovery tempered by the authors vivid descriptions of her travels of the wonders of the natural world and of the cultures she encounters in some amazing places she finds herself Provocatively you may recognize and view elements of your own life in ways you never thought about before Susan Martin retired researcher US Department of Agriculture Colorado State University I liked very much your life metaphor about weaving threads in your life tapestry It was delightful to read how those threads were constructed and woven Your life has been very rich impacting and inspiring many people with your thoughts and action Francisco Espinosa Garcia Professor National University of Mexico Center for Ecosystem Research Morelia Mexico

Nightingale's Nuns and the Crimean War Terry Tastard, 2022-10-06 Infectious disease wounded and dying soldiers and a shortage of supplies were the daily realities faced by the nuns who nursed with Florence Nightingale in the Crimean War This study documents their involvement in the conflict and how the nuns bore witness to the effects of carnage and official indifference in many cases traumatized as a result This book reflects on the initiative and courage shown by the nuns and how their actions can be viewed as part of a wider movement among women in the mid 19th century to find fulfilment and assert control in their own lives Nightingale's Nuns and the Crimean War also sheds light on how critics at the time accused many of the nuns of being secret agents of the Catholic Church who preyed on vulnerable soldier patients there was a campaign in parliament to regulate and control convents Terry Tastard shows how the nuns attempted to neutralize this anti Catholicism as well as charting the participation of Anglican nuns who had just begun an astonishing project to revive the religious life in the Church of England Finally the book reveals new insights into Florence Nightingale's relationships with the nuns who nursed with her in Crimea and how these experiences impacted Nightingale's own perspective
