O Au No Keia Voices From Hawaii's Mahu And Transgender Communities

Suzanne LaFont

O Au No Keia Voices From Hawaii's Mahu And Transgender Communities:

O Au No Keia Andrew Matzner, 2001-08-22 This book is an anthology of spoken narratives collected from male to female transgendered people who live on the island of Oahu. In this book people who identify as mahu, the local term for a transgendered person, transsexual and/or drag queen tell their stories and address the issues important in their lives. They talk about gender identity and sexuality coming out to their families, familial acceptance and rejection, going to school, surviving on the streets, transitioning to womanhood, finding a romantic partner, spirituality and religion, Hawaiian culture, growing old, and much more. The transgender communities on Oahu are extensive and rich with diversity. Nevertheless, the general public typically views transgendered people in one-dimensional stereotypical terms, often as prostitutes or sexual deviants. This collection will increase the visibility of transgenderism and educate readers by giving transgendered people the opportunity to speak for themselves. Its contributors are of a variety of ages and backgrounds. Not only do the powerfully moving narratives in *O Au No Keia* reveal what it is like to be transgendered, they also illuminate what this means in the unique cultural context of Hawaii. On the one hand, this state has the reputation of being extremely accepting of those who are transgendered as well as of those who are gay and lesbian. Indeed, it is reported that transgenderism and bisexuality were accepted in traditional Hawaiian society. On the other hand, much of Hawaii's population is devoutly Christian, and the gay marriage bill was decisively defeated in 1999. Through their stories, the contributors, some of whom were born and raised here in Hawaii and some of whom came to Oahu later in life, reflect on the intersection between tolerant native Hawaiian values and condemning Western ones and how that has affected their lives in a place many outsiders consider paradise. **Gender**

Identity Cynthia L. Winfield, 2019-07-15 What does it mean to be male? What does it mean to be female? In contemporary culture, such distinctions have increasingly been regarded as much too narrow to cover the entire spectrum of humanity. Over the past few decades, thousands of individuals have bravely declared their true identities and refused to be boxed into what society has dictated. It has become increasingly important, especially for those coming into adulthood, to go beyond the concepts of gay, lesbian, straight, and bisexual when examining gender. In *Gender Identity: The Ultimate Teen Guide*, Cynthia L. Winfield encourages readers to reject the notion that male or female designations fit all. The author examines how gender lines have been crossed as a growing number of individuals, including young adults, have found the courage to express and celebrate their authentic selves. In this book, Winfield addresses differences between biological sex, sexual orientation, gender identity, and gender expression. Legal protections for those outside the narrowly defined gender norms, public debate, and shifting views about gender identity are explored. Ways readers can make society more cognizant and inclusive of gender variant individuals are discussed. In addition to providing a well-grounded introduction to lesbian, gay, bisexual, transgender, queer, or questioning, intersex, and asexual persons and issues, this book allows contemporary teens and young adults to voice their experiences. As more and more public figures, from actress Laverne Cox to Olympic athlete turned reality television star Caitlyn Jenner, have

shared their stories it's just as important for everyday people to identify who they are This second edition of Gender Identity The Ultimate Teen Guide is a much needed update of an important topic and will be of interest to young adults their families and friends and the community at large **Identities and Place** Katherine Crawford-Lackey, Megan E.

Springate, 2019-11-01 With a focus on historic sites this volume explores the recent history of non heteronormative Americans from the early twentieth century onward and the places associated with these communities Authors explore how queer identities are connected with specific places places where people gather socialize protest mourn and celebrate The focus is deeper look at how sexually variant and gender non conforming Americans constructed identity created communities and fought to have rights recognized by the government Each chapter is accompanied by prompts and activities that invite readers to think critically and immerse themselves in the subject matter while working collaboratively with others

Gender on the Edge Niko Besnier, Kalissa Alexeyeff, 2014-12-31 Transgender identities and other forms of gender and sexuality that transcend the normative pose important questions about society culture politics and history They force us to question for example the forces that divide humanity into two gender categories and render them necessary inevitable and natural The transgender also exposes a host of dynamics that at first glance have little to do with gender or sex such as processes of power and domination the complex relationship among agency subjectivity and structure and the mutual constitution of the global and the local Particularly intriguing is the fact that gender and sexual diversity appear to be more prevalent in some regions of the world than in others This edited volume is an exploration of the ways in which non normative gendering and sexuality in one such region the Pacific Islands are implicated in a wide range of socio cultural dynamics that are at once local and global historical and contemporary The authors recognize that different social configurations cultural contexts and historical trajectories generate diverse ways of being transgender across the societies of the region but they also acknowledge that these differences are overlaid with commonalities and predictabilities Rather than focus on the definition of identities they engage with the fact that identities do things that they are performed in everyday life that they are transformed through events and movements and that they are constantly negotiated By addressing the complexities of these questions over time and space this work provides a model for future endeavors that seek to embed dynamics of gender and sexuality in a broad field of theoretical import **Sexuality and the Sacred, Second Edition**

Marvin M. Ellison, Kelly Brown Douglas, 2010-09-21 Christian discourse on sexuality spirituality and ethics has continued to evolve since this book's first edition was published in 1994 This updated and expanded anthology featuring more than thirty contemporary essays includes more theologians and ethicists of color and addresses issues such as the intersection of race racism and sexuality transgender identity same sex marriage and reproductive health and justice **Queer Style** Adam Geczy, Vicki Karaminas, 2024-05-16 First published in 2013 Queer Style was ahead of its time It was the first book to address the cultural political and material histories of clothes as signs and markers of gender and sexual identity and remains key

reading for scholars and students across fashion studies and the humanities more broadly Now 10 years later the authors have revisited their classic work and updated it to examine the function of subcultural dress within queer communities and the mannerisms and messages that are used as signifiers of identity *A History of Transgender Medicine in the United States* Carolyn Wolf-Gould, Dallas Denny, Jamison Green, Kyan Lynch, 2025-02-01 The most comprehensive history of transgender medicine to date as told by more than forty scholars physicians psychologists and activists from trans gender diverse and allied medical communities Arriving at a critical moment in the struggle for transgender rights *A History of Transgender Medicine in the United States* takes an empathic approach to an embattled subject Sweeping in scope and deeply personal in nature this groundbreaking volume traces the development of transgender medicine across three centuries centering the voices of transgender individuals debunking myths about gender affirming care and empowering readers to grasp the complexities of this evolving field More than forty contributors including patients advocates physicians psychologists and scholars weave an illuminating sometimes surprising narrative of collaboration and conflict between trans people and the scientists who have studied and worked with them An indispensable guide to understanding the current tumult surrounding trans health care access in the United States the volume underscores a crucial message gender diversity is not a new phenomenon but an integral part of our shared human history *The World and All the Things upon It* David A. Chang, 2016-06-01 Winner of the Modern Language Association's Prize for Studies in Native American Literatures Cultures and Languages Winner of the American Historical Association's Albert J Beveridge Award Winner of NAISA's Best Subsequent Book Award Winner of the Western History Association's John C Ewers Award Finalist for the John Hope Franklin Prize What if we saw indigenous people as the active agents of global exploration rather than as the passive objects of that exploration What if instead of conceiving of global exploration as an enterprise just of European men such as Columbus or Cook or Magellan we thought of it as an enterprise of the people they discovered What could such a new perspective reveal about geographical understanding and its place in struggles over power in the context of colonialism *The World and All the Things upon It* addresses these questions by tracing how Kanaka Maoli Native Hawaiian people explored the outside world and generated their own understandings of it in the century after James Cook's arrival in 1778 Writing with verve David A Chang draws on the compelling words of long ignored Hawaiian language sources stories songs chants and political prose to demonstrate how Native Hawaiian people worked to influence their metaphorical place in the world We meet for example Ka iana a Hawaiian chief who took an English captain as his lover and while sailing throughout the Pacific considered how Chinese Filipinos Pacific Islanders and Native Americans might shape relations with Westerners to their own advantage Chang's book is unique in examining travel sexuality spirituality print culture gender labor education and race to shed light on how constructions of global geography became a site through which Hawaiians as well as their would be colonizers perceived and contested imperialism colonialism and nationalism Rarely have historians asked how non Western

people imagined and even forged their own geographies of their colonizers and the broader world This book takes up that task It emphasizes moreover that there is no better way to understand the process and meaning of global exploration than by looking out from the shores of a place such as Hawai i that was allegedly the object and not the agent of exploration

Transgender Emergence Arlene Istar Lev,2013-01-11 Explore an ecological strength based framework for the treatment of gender variant clients This comprehensive book provides you with a clinical and theoretical overview of the issues facing transgendered transsexual people and their families Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families views assessment and treatment through a nonpathologizing lens that honors human diversity and acknowledges the role of oppression in the developmental process of gender identity formation Specific sections of Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families address the needs of gender variant people as well as transgender children and youth The issues facing gender variant populations who have not been the focus of clinical care such as intersexed people female to male transgendered people and those who identify as bigendered are also addressed The book examines the six stages of transgender emergence coming out transgendered as a normative process of gender identity development thinking outside the box in the deconstruction of sex and gender the difference between sexual orientation and gender identity as well as the convergence overlap and integration of these parts of the self the power of personal narrative in gender identity development etiology and typographies of transgenderism treatment models that emerge from various clinical perspectives alternative treatment modalities based on gender variance as a normative lifecycle developmental process Complete with fascinating case studies a critique of diagnostic processes treatment recommendations and a helpful glossary of relevant terms this book is an essential reference for anyone who works with gender variant people Handy tables and figures make the information easier to access and understand Visit the author s Web site at <http://www.choicesconsulting.com> **Transgender Migrations** Trystan

Cotten,2012-05-23 Transgender Migrations brings together a top notch collection of emerging and established scholars to examine the way that the term migration can be used not only to look at the way trans bodies migrate from one gender to the an other but the way that trans people migrate in the larger geopolitical contexts of immigration reform the war on terror the war on drugs and the increased policing of national borders The book centers trans ing experiences identities and politics and treats these identities as inextricably intertwined with other social identities institutions and discourses of sexuality nationality race and ethnicity globalization colonialism and terrorism The chapter authors explore not only the movement of bodies in through and across spaces and borders but also chart the metamorphoses of these bodies in relation to migration and mobility Transgender Migrations takes the theory documented in The Transgender Studies Reader and blows it up to a global scale It is the logical next step for scholarship in this dynamic emerging field **Constructing Sexualities** Suzanne LaFont,2003 Designed to introduce readers to a broad range of relevant ideas and theories and to encourage critical thinking

on a variety of sexuality and gender topics this collection of articles classic and current addresses the relationships between sexuality gender and culture The readings include descriptions of variations in sexual and gender ideologies expressions of sexuality gender diversity and global issues Gay rights transgendered movements intersexed awareness female genital mutilation male circumcision AIDS sex tourism and the sex com explosion on the internet are all current issues addressed

The Gender Binary Is a Big Lie Lee Wind,2024-08-06 What if you discovered that the whole concept of a gender binary is an illusion While many people identify as men or women that is not all there is The idea that all humans fall into one of two gender categories is largely a construct created by those who benefit from that belief The reality is that gender is naturally diverse falling inside and outside of those boxes and more expansive ideas of gender have always existed In the second book of the Queer History Project **The Gender Binary Is a Big Lie** Infinite Identities around the World author Lee Wind uses historical evidence and primary sources poetry ancient burial sites firsthand accounts and news stories to explore gender roles and identities Gender identities and physical bodies are as diverse as the human experience Get ready to shatter those preconceived notions of nothing but a gender binary and dive deep into expressions of gender both past and present that reveal the infinite variety and beauty of everyone s gender *Crossroads* ,2001

Principles of Transgender Medicine and Surgery Randi Ettner,Stan Monstrey,Eli Coleman,2013-02-01 A comprehensive and important text for health care professionals Gender variance is widely misunderstood and few medical texts examine the social legal emotional historical biological and economic issues involved **Principles of Transgender Medicine and Surgery** provides medical and health care guidelines and comprehensive information on all aspects of treatment of gender diverse individuals This one of a kind resource examines a full range of relevant data important to health care professionals Each chapter addresses a different aspect of care written by an authority on that sub specialty This practical guide instructs both novices and experienced practitioners on the state of the art treatments and knowledge **Principles of Transgender Medicine and Surgery** presents the foremost international specialists on the issues offering their expert knowledge on the wide spectrum of issues encountered by gender diverse individuals In this handy text professionals of all types can get important information about various aspects of transgender health care This essential text is extensively referenced and includes numerous photos tables and figures to clearly illustrate information Topics in **Principles of Transgender Medicine and Surgery** include etiology primary medical care evidence based preventive care hormone treatment of adults and juvenile transsexual patients general principles of surgical therapy reassignment surgery mental health issues developmental stages of the coming out process reproduction issues fertility issues karyotyping and genetics intersex individuals gender identity disorders aging and the care of elderly transgender patients **Principles of Transgender Medicine and Surgery** is an essential guide for health care professionals educators students patients and patients families [Voices from Hawai'i's Māhū and Transgender Communities](#) Andy Matzner,2020-07-31 This book is a collection of oral histories of transwomen and m h from the island of O ahu Gender

diversity had a special place within indigenous Hawaiian culture which was silenced with Western colonization So what does it mean to be transgender in Hawaii today What are the connections between cultural diversity and gender diversity

Through their stories the contributors to this book will take you on a profound journey to a deeper understanding **The Cry of the Huna** Moke Kupihea, 2005-05-10 Explores the breakdown in the chain of cultural transmission that has led to the decimation of Hawaiian spirituality and how it can be restored Shows how reconnection to the ancestral ways can be achieved through letting go and forgiveness of the effects of colonization Reveals how the lessons of the decline of Hawaiian spiritual tradition reflect on other religions Clarifies the complex nature of Hawaiian ancestral worship Hawaiian spirituality teaches that individuals can be truly fulfilled only if they are conscious participants in the long ancestral chain of witnessing and transmission that connects the present to the time of origins The Cry of the Huna invokes the author's personal history as he recounts the decline of his people's spiritual tradition as a result of colonization The breakdown of the Hawaiians ties with their sacred land led them to forget not only the teachings of their ancestors but also the chain of na aumakua they form which connects this people to both the earth and the realm of the gods While the na aumakua can be viewed with reverence it is not seen or worshiped as a God Rather it is seen as a part of the chain of life that arose from one god's vision of creation Aumakua is a compound of makua parents and au the endless ancestral chain that stretches through time Each individual on earth represents a temporary end to that chain As we age and our vision of life slowly looks toward death our descendents come forth to provide the next eyes in the chain of witnessing and transmission The Cry of the Huna shows how the rupture of this chain has led to widespread alienation An endless cycle of resentment and revenge is fueled by the loss of the Hawaiians spiritual birthright The connection to the aumakua however can be reforged but only by untying the circular cords of revenge to allow forgiveness to occur in the present so that healing can take place in the future **Ancestry of**

Experience Leilani Holmes, 2012-08-31 As Hawaiians continue to recover their language and culture the voices of kupuna elders are heard once again in urban and rural settings both in Hawaii and elsewhere How do kupuna create knowledge and tell history What do they tell us about being Hawaiian Adopted by a Midwestern couple in the 1950s as an infant Leilani Holmes spent much of her early life in settings that offered no clues about her Hawaiian past images of which continued to haunt her even as she completed a master's thesis on Hawaiian music and identity in southern California Ancestry of Experience documents Holmes quest to reclaim and understand her own origin story Holmes writes in two different and at times incongruent voices one describing the search for her genealogy the other critiquing Western epistemologies she encounters along the way In the course of her journey she finds that Hawaiian oral tradition links identity to the land aina through ancestry while traditional scholarly theories of knowing particularly political economy and the discourse of the invention of tradition textually obliterate land and ancestry In interviews with kupuna Holmes learns of the connectedness of spirituality and aina through her study and practice of hula kahiko comes an understanding of ancient hula as a conversation

between aina and the dancer's body that has the power to activate historical memory Holmes experience has special relevance for indigenous adoptees and indigenous scholars Both are distanced from the knowledge agendas and strategies of their communities and are tasked to speak in languages ill suited to the telling of their own stories and those of their ancestors In addition to those with an interest in Hawaiian knowledge and culture Ancestry of Experience will appeal to readers of memoirs of identity academic and personal accounts of racial identity formation and works of indigenous epistemologies A website www.ancestryofexperience.com will include supplementary material
