Scripture People Matthew D. Taylor, 2023-08-10 Upends narratives about Radical Islam by showing how the Salafi Muslims flexibly adapted to American religious patterns after 9/11

And God Knows the Martyrs Nathan S. French, 2020 Jihadi Salafi narratives of martyrdom seeking operations are filled with praise for what they label the exemplary self-renunciative acts of their martyrs performed as a model of the earliest traditions of Islam While many studies evaluate the biographies of these would-be martyrs for evidence of social psychological political or economic strain in an effort to rationalize what are often labelled suicide bombings this book argues that through their legal arguments debating martyrdom seeking operations Jihadi Salafis including those fighting for al-Qaeda ISIS and their affiliates craft a theodicy meant to address the suffering and oppression faced by the global Muslim community Taking as its source material legal arguments fatwas texts pamphlets magazines forum posts videos and audio files from authors sympathetic to both al-Qaeda and ISIS on the subjects of martyrdom operations jurisprudence and political philosophies this book reveals that the Jihadi Salafi legal debates on martyrdom seeking rearrange the basic objectives of Sharia around the principles of maximizing the general welfare of the community and promoting religion above all other concerns including the preservation of life This utilitarian turn opens the possibility for formulating a meaningful engagement and critique of Jihadi Salafi legal interpretation and theories of warfare within a broader just war framework However as the jurists and propagandists of ISIS demonstrate this turn also opens the possibility for the utilization of self-renunciative violence as engendering modes of state formation
