Góngora's Soledades and the Problem of Modernity Crystal Anne Chemris, 2008 G ngora s Soledades the major lyric poem of the Spanish Baroque Combining philological rigor with a capacity to engage the most contemporary transatlantic and comparatist concerns this work situates Luis de G ngora s Soledades within the problematic evolution of Hispanic modernity As well as offering an insightful analysis of the Soledades as an expression of the Baroque crisis in all its facets epistemological ontological cultural and historical the author reads the fragmented lyric subject of Gongorist poetics back against Renaissance precursors Rojas Celestina and the poetry of Bosc n and Garcilaso and in anticipation of the truncated and isolated subject of modernity The study concludes with an examination of the interaction between the legacies of Gongorism and French Symbolism in the work of selected poets of the Latin American Vanguard Gorostiza Paz and Vallejo
