House. Committee on Appropriations. Subcommittee on Departments of Labor, and Health, Education, and Welfare, and Related Agencies,1963 *I Know How I Got Here* Vonnie Johnson,2025-03-04 We often had psychiatric patients for whom there was no information or medical history available There was the hostile combative schizophrenic patient the paranoid and hallucinating methamphetamine user or alcoholics found wandering around outside with nowhere to go because their families wouldn't allow them back in the house All were brought to the hospital and we would admit them These situations kept things very challenging Was I frightened in these situations Of course I was but I like many others learned early on how to effectively manage those fears I grew up in the fifties and sixties when Nikita Khrushchev threatened to annihilate the United States with an atomic bomb In school we were shown movies about how to survive in a fallout shelter There were three designated shelters in our town We also were aware of the concern that UFOs unidentified flying objects and space aliens would invade us I had started reading *On the Beach* by Nevil Shute which is about a global disaster caused by an atomic war I couldn't finish it because it was too relevant at the time So yes I grew up during a time of many human crises As do other populations throughout the world we learned how to prepare for these disasters Vonnie Johnson looks back at how she gained the confidence to start a health center as a nurse practitioner in this book that will inspire and empower those with an entrepreneurial bent She highlights how she teamed up with a colleague that was twenty three years younger to make the center a success The two women shared a powerful connection having known each other their entire life as citizens of the same rural community In looking back at her career she shares lessons such as how to navigate staffing challenges as a business owner truly connect with whomever it is you are serving make decisions in the best interest of patients and enhance a positive patient outcome find a balance between family and work The author also reveals how she took a team approach to working with other health professionals leveraging mutual trust respect and communication to build a business poised to succeed Telenursing Charles C. Sharpe,2000-11-30 This is the first book to explore this emergent role of the nursing profession It examines the unique legal regulatory and professional issues this neoteric mode of nursing

practice presents Telenursing as a subset of telehealth is defined and a review of its history present status and future in the U S health care system is discussed Concomitant legal accountability and risk for malpractice liability are examined Risk management strategies and survival tactics in the event of a lawsuit are presented particularly the legal significance of and essential need for defensive nursing documentation A brief overview of malpractice law is provided and the essentials of requisite malpractice insurance for the telenurse practitioner are outlined The book also addresses a number of other professional regulatory and licensure issues particularly the contentious issue of multistate licensing and the various models to facilitate it that are being offered and rejected by nursing organizations and associations The anticipated changes in our health care delivery system that will be engendered by breakthroughs in science and technology are described The implications of such changes for patients as consumers of health care are analyzed particularly the privacy and confidentiality of electronic medical records
