of psychotherapy this book presents a new approach to conquering the numerous challenges problems and failures that managers encounter at work many of which are people related An important lesson identified in the book is that a manager must act as both the leader who provides direction for a team or company and as the coach who enables others to make the most of their skills enabling the individual and the organization to succeed A seven step framework to enhance problem solving capabilities examples and tips and a survival kit for sinking managers will help managers improve their people skills and learn how to approach everyday issues from a positive perspective **It's Not About the Shark** David

Niven,2014-11-04 In the spirit of The Tipping Point and Freakonomics David Niven presents a new way of decoding the riddles of the everyday choices we make It s Not About the Shark opens the door to the groundbreaking science of solutions by turning problems and how we solve them upside down When we have a problem most of us zero in take it apart and focus until we have it solved David Niven shows us that focusing on the problem is exactly the wrong way to find an answer Putting problems at the center of our thoughts shuts down our creative abilities depletes stamina and feeds insecurities It s Not About the Shark shows us how to transform our daily lives our work lives and our family lives with a simple but rock solid principle If you start by thinking about your problems you ll never make it to a solution If you start by thinking about a solution you ll never worry about your problems again Through real life examples and psychology research Niven shows us why Focusing on the problem first makes us 17 times less likely to find an answer Being afraid of a problem is natural we re biologically primed to be afraid Finding a problem creates power which keeps you from finding a solution Working harder actually hides answers Absolute confidence makes you less likely to find the answer Looking away from a problem helps to see a solution Listening only to yourself is one of the best ways to find an answer Combining hard facts good sense and a strong dose of encouragement Niven provides fresh and positive ways to think about problem solving **Solutions** Wilhelm
