Nietzsche on Gender Frances Nesbitt Oppel,2005 Although Nietzsche has been considered by some critics to be a misogynist for his treatment of woman women and the feminine Frances Nesbitt Oppel offers a radical reinterpretation of the philosopher s ideas on sex gender and sexuality In Nietzsche on Gender Beyond Man and Woman she argues that a closer reading of Nietzsche s texts and rhetorical style especially his use of metaphor and irony as well as his letters and notes shows that he was strategically and deliberately dismantling dualistic thinking in general not only the logical hierarchies of

western thought God human heaven earth mind body reason emotion ethos pathos but also the assumed gender opposition of man woman In the process she pulls the rug out from under the accusation of his alleged misogyny Oppel s is the first study to combine recent speculations in gender study and queer theory with an in depth analysis of Nietzsche s texts This approach enables her to break through the impasse in feminist studies that has stalled for so long on the question of his misogyny to redirect attention to the importance he gives to human creativity and self fashioning rather than convention and to gesture toward a future human sexuality beyond rivalry and resentment in favor of a sensual materialism in relationship with others and the earth Oppel concludes that for Nietzsche breaking the gender barrier liberates human beings as individuals and as a species to love themselves each other and their earthly home as they choose By emphasizing the physical and material stuff of human existence bodies and the earth she says Nietzsche reclaims for all humanity concepts that have been traditionally associated with woman and the feminine No longer seen as a strong masculine hero Nietzsche s superman becomes a supreme human achievement the complete acceptance of time change and mortality in which human beings will possess the best characteristics of each gender in themselves Nietzsche on Gender should be equally engaging for readers interested in Nietzsche in particular and in sexual politics and in philosophy and literature more generally *Llewellyn's 2012 Witches' Calendar* , The Secret Lore of the Cat Fred Gettings,1989 The University of Kansas City Review ,1950 Green Witchcraft Ann Moura,2014-01-08 Learn the basics of Witchcraft from a third generation Witch raised in a family tradition Positive practical and easy to use Green Witchcraft brings together the best of both modern Wicca and the author s family heritage of herb craft and folk magic Green Witchcraft explores the fundamentals of the Wiccan religion providing magical training for the independent thinker Step by step instructions on a wide variety of magical techniques as well as basic rules of conduct make this the ideal book to get you started Green rituals for self initiation rites of passage seasonal celebrations and activities provide an excellent foundation for your own magical tradition Discover the fine art of spellcasting the magical uses of herbs divination with the tarot and more Explore the Sabbats Esbats and other rituals attuned to the cycles of nature and the universal powers Find out for yourself what this organic approach to Witchcraft is all about The Yale Journal of Biology and Medicine ,1977 Moon Wisdom Anness Publishing,Sally Morningstar,2000 Moon Wisdom looks at the moon and its influence on the many aspects of our lives Written by a white witch who strongly believes in natural magic the book has an inevitable mystical feel to it Sally Morningstar discusses gods and goddesses angels spells and charms as well as astrological signs and lunar cycles Step by step projects are beautifully illustrated and include making moon medicines a moon tree a moon altar and casting a bright moon circle **Moon Wisdom** Sally Morningstar,2002 **Moon Lore** Timothy Harley,1995-03-15 This classic compendium of lunar literature covers moon mythology worship superstitions and is of great interest to cultural scholars and mythologists alike For Man the moon has always exerted a magic and madness This madness and magic has paid off in the Apollo accomplishments And still man continues to dream of new worlds to conquer
