precisely known but there was genius in the first bracket design that hasn't changed much over the years. You of course may be familiar with the bracket format via the NCAA basketball tournament pairings each March. If you've ever watched ESPN or participated in a March Madness office pool, you know what a bracket looks like. The Final Four of Everything takes the idea one step further and applies the knockout format to every category BUT basketball. In areas where taste judgment and hard-earned wisdom really matter, we've set out to determine truly the Final Four of Everything.

**Wicked Good Words** Mim Harrison, 2011-08-02 How to sound like you're from here no matter where you are in America. Simultaneously full of witty asides and linguistic erudition, *Wicked Good Words* is one of those rare books that you will read too fast and will find yourself wishing you could read for the first time all over again. Ammon Shea, author of *Reading the OED*. As someone who grew up in the land of wicked piss-a-sox games, what a delight it was to read about alligator pears, sundogs, piggling, sad cakes, doodinkus, jacklegs, and so many other American regionalisms. David Wolman, author of *Righting the Mother Tongue*. *Wicked Good Words* is a collection of words and phrases from places across the United States, organized by region and peppered with engaging sidebars. It's a uniquely American road trip. You'll discover in Ohio that titillating talk about a four-way is all about a type of chili. When you rush the growler in Appalachia, you're filling your lunch pail with beer. A frog strangler in the South will send you running for cover. It's a heavy rain in Louisiana and Texas, someone caught pirooting is nosing around. In the Northwest, something that's spendy is too expensive. A skeeter hawk, darning needle, snake feeder, spindle ear, sewer needle, snake doctor, and stinger all refer to the same thing: a mosquito, depending on where you get attacked.
