Arredondo, 2008 **Urban Green** Colin Fisher, 2015-05-11 In early twentieth century America affluent city dwellers made a habit of venturing out of doors and vacationing in resorts and national parks Yet the rich and the privileged were not the only ones who sought respite in nature In this pathbreaking book historian Colin Fisher demonstrates that working class white immigrants and African Americans in rapidly industrializing Chicago also fled the urban environment during their scarce leisure time If they had the means they traveled to wilderness parks just past the city limits as well as to rural resorts in Wisconsin and Michigan But lacking time and money they most often sought out nature within the city itself at urban parks and commercial groves along the Lake Michigan shore even in vacant lots Chicagoans enjoyed a variety of outdoor recreational activities in these green spaces and they used them to forge ethnic and working class community While narrating a crucial era in the history of Chicago's urban development Fisher makes important interventions in debates about working class leisure the history of urban parks environmental justice the African American experience immigration history and the cultural history of nature Latina/o Midwest Reader Omar Valerio-Jimenez, Santiago Vaquera-Vasquez, 2017-06-30 From 2000 to 2010 the Latino population increased by more than 73 percent across eight midwestern states These interdisciplinary essays explore issues of history education literature art and politics defining today's Latina/o Midwest Some contributors delve into the Latina/o revitalization of rural areas where communities have launched bold experiments in dual language immersion education while seeing integrated neighborhoods churches and sports teams become the norm Others reveal metro areas as laboratories for emerging Latino subjectivities places where for some the term Latina/o itself corresponds to a new type of lived identity as different Latina/o groups interact in shared neighborhoods schools and workplaces Eye opening and provocative *The Latina/o Midwest Reader* rewrites the conventional wisdom on today's Latina/o community and how it faces challenges and thrives in the heartland Contributors Aid Acosta Frances R Aparicio Jay Arduer Jane Blocker Carolyn Colvin Mar a Eugenia Cotera Theresa Delgadillo Lilia Fernandez Claire F Fox Felipe Hinojosa Michael D Innis Jim nez Jos E Lim n Marta Mar a Maldonado Louis G Mendoza Amelia Mar a de la Luz Montes Kim Potowski Ram n H Rivera Servera Rebecca M Schreiber Omar Valerio Jim nez Santiago Vaquera V squez Darrel Wanzer Serrano Janet Weaver and Elizabeth Willmore *The International Migration Review*, 2009 Program of the ... **The British National Bibliography** Arthur James Wells, 2009 *Steel Barrio* Michael Innis-Jiménez, 2013-06-17 Since the early twentieth century thousands of Mexican Americans have lived worked and formed communities in Chicago's steel mill neighborhoods Drawing on individual stories and oral histories Michael Innis Jimenez tells the story of a vibrant active community that continues to play a central role in American politics and society Examining how the fortunes of Mexicans in South Chicago were linked to the environment they helped to build Steel Barrio offers new insights into how and why Mexican Americans created community This book investigates the years between the World Wars the period that witnessed the first massive influx of Mexicans into Chicago South Chicago Mexicans lived in a neighborhood whose literal and figurative boundaries were defined by steel mills which dominated economic life for Mexican immigrants Yet while the mills provided jobs for Mexican men they were neither the center of community life nor the source of collective identity Steel Barrio argues that the Mexican immigrant and Mexican American men and women who came to South Chicago created physical and imagined community not only to defend against the ever present social political and economic harassment and discrimination but to grow in a foreign polluted environment Steel Barrio reconstructs the everyday strategies the working class Mexican American community adopted to survive in areas from labor to sports to activism This book links a particular community in South Chicago to broader issues in twentieth century U S history including race and labor urban immigration and the segregation of cities *'What! the Mexicans, Americans?'* Gabriela F.
