Morality Play Case Studies In Ethics Second Edition:

Morality Play Jessica Pierce, 2014 Morality Play Jessica Pierce, 2013-05-14 Morality Play is an ideal supplement for ethics courses offering a case study approach that is both flexible and practical. It provides three alternative methods of organization for universal teaching approaches: contemporary moral problems, ethical theories, and moral principles. The introduction illustrates how to effectively use case studies in the classroom and provides a short review of the fundamentals of argumentation and critical thinking. Featuring ten new case studies, the latest edition continues to spotlight some of the most controversial, thought-provoking issues in ethics today. Themes such as crime and punishment, life and death, habitat and humanity, liberty and coercion, and value and culture are made relevant through insightful case studies drawn from newspaper accounts, legal opinions, and other factual sources. The cases present discrete problems designed to make readers examine their abstract notions about morality. Proceedings and Addresses of the American Philosophical Association American Philosophical Association, 2006 List of members in v 1 **Resources in Education**, 1994 Serves as an index to Eric reports, microform. *Modern Just War Theory* Michael P. Farrell, 2013-06-20 Contributions to Illuminations A Scarecrow Press Series of Guides to Research in Religion provide students and scholars, lay readers and clergy with a road map to research in key areas of religious study. All commonly constructed with introductions to the topic and reviews of key thinkers, concepts, and events, each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic. Focusing primarily on the knowledge required by today's students and scholars, each guide is a must-have for any student of religion. The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war. Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield. Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo-Anabaptists and Niebhurians. Meanwhile, proponents of Christian just war theory had to address challenges from competing ideologies as well as those presented by the changing nature of warfare. *Modern Just War Theory: A Guide to Research* by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory, helping them navigate the wealth of just war literature produced in the twentieth and twenty-first centuries. Farrell's guide provides an introduction to the major developments of just war theory in the twentieth century, including sections on how to research just war theory, an overview of some of the most important theorists and developments of the twentieth century, and discussions of key search terms and related topics. Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories. *Modern Just War Theory* will appeal to students and scholars of theology, military history, international law, and Christian ethics.

On Justifying Moral Judgements (Routledge Revivals) Lawrence C.

Becker,2014-06-17 Much discussion of morality presupposes that moral judgments are always at bottom arbitrary Moral scepticism or at least moral relativism has become common currency among the liberally educated This remains the case even while political crises become intractable and it is increasingly apparent that the scope of public policy formulated with no reference to moral justification is extremely limited The thesis of On Justifying Moral Judgments insists on the contrary that rigorous justifications are possible for moral judgments Crucially Becker argues for the coordination of the three main approaches to moral theory axiology deontology and agent morality A pluralistic account of the concept of value is expounded and a solution to the problem of ultimate justification is suggested Analyses of valuation evaluation the is ought issue and the concepts of obligation responsibility and the good person are all incorporated into the main line of argument

Leadership Case Studies in Education Peter G. Northouse,Marie

Lee, 2025-03-27 **Leadership Case Studies in Education 4th Edition** by Peter G Northouse and Marie Lee applies leadership theories in educational settings Designed to be used alongside **Leadership Theory and Practice 10th Edition** this casebook provides relevant substantive and contemporary case studies on leadership issues in Higher Education and K 12 Education Each of the 32 case studies include critical thinking questions that encourage students to apply leadership theory and concepts to real life situations Engaging practical and relevant **Leadership Case Studies in Education** is the perfect companion for educational leadership courses New cases explore social identity leadership and team leadership theories with examples including the challenges of teaching virtually during the COVID 19 pandemic the formation of a union of college adjunct professors and a high school s challenge in changing their offensive school mascot symbol **My Family and I**

Adam Gussow, 2025-02-25 An inspiring memoir about the author s lifelong quest for racial reconciliation the love that sustains his interracial family in contemporary Mississippi and the Yes we can hope for American renewal that fades after the deaths of Trayvon Martin Michael Brown and the despair driven rise of Black Lives Matter What has happened to the dream of beloved community embraced by Martin Luther King Jr and the civil rights movement of the early 1960s the vision of a just humane and colorblind America a nation of black and white together animated by the spirit of mutual respect and strengthened by the bonds of brotherly love As Adam Gussow shows in this urgently needed new book the dream although pressured on every front remains alive At the heart of **My Family and I** is Gussow s determination in King s terms to live out the true meaning of America s creed a quest for transracial brotherhood that takes him from a blues partnership forged on the streets of 1980s Harlem through graduate training at Princeton and decades later a transformative course on the blues literary tradition that he shares with inmates at Mississippi s notorious Parchman Farm Anchoring Gussow s quest is a story of enduring love a playful soulful interracial romance between the newly hired professor at Ole Miss and his soon to be wife Sherrie that blossoms with the birth of a musically gifted son Shaun As America explodes with protest and riots in the summer of 2020 after the death of George Floyd as social justice fundamentalists insist on stigmatizing whiteness and hardening the color line rather than healing the divisions that plague us Gussow is forced to fight for what he loves not just the sanctity of his family circle but King s dream of beloved community **My Family and I** gifts the reader with hope for a future beyond America s seemingly insoluble racial dilemmas **Ethics in Sport**

William J J. Morgan, 2024-10-04 **Ethics in Sport Fourth Edition** offers a total of 33 essays from influential authors These essays provide readers with classic and contemporary views on ethical issues in today s sport culture The fourth edition of **Ethics in Sport** contains nine new essays that address the latest topics in the world of sport that have provoked widespread controversy These issues concern among other things whether esports electronic sports are bona fide sports whether gamesmanship is acceptable in sports competition and whether transgender athletes who transition from male to female should be allowed to compete in sports reserved for women and under what conditions Each part begins with an introduction that encapsulates relevant ethical

concepts and contextualizes the issues in the upcoming essays Throughout the text discussion questions prompt students to reflect on the information presented and to consider how ethical issues affect our society and their own lives An instructor guide offers tools to facilitate these discussions as well as over 50 assignment recommendations With a wealth of new essays Ethics in Sport Fourth Edition offers philosophical insights from the most influential minds in the study of ethics and keeps readers abreast of current issues Transforming Health Care Leadership Michael Maccoby, Clifford L. Petitte, 2023-07-10 The evil that permeates sex trafficking is not going to stop

however as this second edition of *Civilization at Risk Seeds of War* shows it can be discouraged and abated and people's lives spared the incalculable damage such evil inflicts. Regardless the scourge will continue and tomorrow's press will detail more tragedy for the victims of human trafficking. All of the author's proceeds for the writing of this book go directly to Blazing Hope Ranch to support the care and rehabilitation of female victims of human trafficking.

Responsibility, Complexity, and Abortion Karen L. F. Houle, 2013-12-24

Responsibility Complexity and Abortion Toward a New Image of Ethical Thought draws from feminist theory post structuralist theory and complexity theory to develop a new set of ethical concepts for broaching the thinking challenges that attend the experience of unwanted pregnancy. Author Karen Houle does not only argue for these concepts she enacts a method for working with them a method that brackets the tendency to take positions and to think that position taking is what ethical analysis involves. This book thus provides concrete evidence of a theoretically grounded compassionate way that people in all walks of life academic or otherwise could come to a better understanding of and more complex relationship to difficult ethical issues. On the one hand this is a meta ethical book about how people can conceive and communicate moral ideas in ways that are more constructive than position taking on the other hand it is also a book about abortion. It testifies from a first person female perspective about the life long complexity that attends fertility sexuality and reproduction. But it does not do so in order to ratify abortion as a woman's issue or a private matter or as feminist work. Rather its aim is to excavate the ethical richness of the situation of unwanted pregnancy showing that it connects to everyone affects everyone and thus gives everyone something unique and new to think.

The Anthropology of Morality Monica Heintz, 2020-12-29

Why when and where are some moral systems supported and followed whilst others are condemned. Are moral values culturally relative or universal. Can immoral actions be tolerated in times of crisis. Is the dream of becoming better sufficient for prompting virtuous behavior or should we dream about what is best. Do moral values last. The divergence in practices and codes of moral belief and action present significant challenges but also offer opportunities to anthropologists for understanding social life. In this book Monica Heintz explores these questions drawing on case studies from Eastern Europe that encompass migration religion economic and social policies and paying particular attention to the way morality works in communities undergoing rapid social change. She uses these examples to reflect on the wider question of societal conflict and change showing how they are driven by moral values. By highlighting the centrality of such values as engines for action and questioning the limits of universal moral values she argues that anthropology has the capacity to shed light on the study of human morality more generally. *The Anthropology of Morality A Dynamic and Interactionist Approach* will be of interest to students and researchers in anthropology as well as those in politics and sociology with an interest in European politics.

Talking about Food Sofia Rüdiger, Susanne Mühleisen, 2020-06-15

All humans eat and all humans speak activities which in social life often but not always co occur. We talk while eating and drinking with others but

food is also a prominent literal and metaphorical discursive topic which contributes to establishing communities and identities This omnipresence of eating and drinking in our daily lives has led to a public fascination with foodways The contributions in this edited collection investigate the connection between language and food from a variety of perspectives As food discourses operate on local global and mediated levels they are intertwined with notions of identity and culture and thus shed light on intimate understandings of ourselves as human beings Talking about Food The Social and the Global in Eating Communities provides up to date and thought provoking contributions to the linguistics of food The book is essential reading for anyone interested in food related subjects
