Reconstructing Church Todd Grant Yonkman, 2014-08-06 The general decline of American mainline Protestant churches today is well documented. Church redevelopment, imagining and actualizing new life for dying churches, is a productive and vital response to congregational decline, but it can be daunting. Here is a guidebook for church leaders to help them reinvigorate their churches with both practical advice and tested theory. A comprehensive case study of Beneficent Congregational Church, which successfully turned the tide and quadrupled its worship attendance, provides inspiration as well as concrete strategies for church redevelopment. The study indicates that successful and faithful church redevelopment involves a shift from a modern patronage ministry model to a postmodern plural ministry model. Building on current church redevelopment literature by bringing selected Biblical and theological texts into conversation with leadership concepts, systems theory, social sciences, and congregational studies, this book creates a multidisciplinary transformative conversation. The result is both strategic proposals for growing your church and a model for doing practical theology in your own ministry context. Dedicated, trained leadership in cooperation with the power of the Spirit can create the possibility of new life in dying congregations.

Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada Steven M. Studebaker,2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society **Transcending Architecture** Julio
