There are two types of people who use CBD oil: those who experience the benefits and can't wait to tell everyone that they know, and those who experience the benefits but keep it to themselves out of fear of being stigmatized by the people they know. Which side of history will you be on? After years of using CBD Oil, I decided to write a book try the benefits that come with it, everything explained in my book. CBD oil or cannabidiol oil is an extract made from the hemp plant which is a member of the cannabis family. Many of the stigmas surrounding cannabis oil come from a misunderstanding about the classification of the plant. Yes, cannabis does produce marijuana buds. No, this does not mean that CBD oil will get you high. In fact, CBD oil does not contain enough THC to get you high, which is the psychoactive component found in marijuana. CBD oil
