

Oliver Twist Study Guide

Oliver Twist was first published in 1837 in serial format, in *Bentley's Miscellany*, which Dickens was editing at the time. *Oliver Twist* was Dickens's second novel and his first real social novel, critiquing the harm public institutions inflicted on the poor. Dickens would come to be known as the master of this form, and would continue it in *Nicholas Nickleby*, which he would write while still working on *Oliver Twist*. The novel tells the story of Oliver, a young orphan raised in a workhouse seventy miles outside of London, who runs away and finds himself taken in by thieves. It was written partially in reaction to the Poor Law Amendment Act of 1834, which, among other things, essentially took the rights of citizenship away from paupers, who were interred in workhouses and forfeited their political rights in order to receive aid. *Oliver Twist* was well-received, and spawned many other orphan tales, although it was not as big a success as *The Pickwick Papers*. Many also criticized Dickens for his portrayal of criminals and prostitutes in the novel, which at the time was controversial. *Oliver Twist* has also become one of the most dramatized of Dickens's works—it was produced in multiple theaters before the serialization was even complete.

Oliver Twist Summary

Oliver Twist is the story of a young orphan, Oliver, and his attempts to stay good in a society that refuses to help. Oliver is born in a workhouse, to a mother not known to anyone in the town. She dies right after giving birth to him, and he is sent to the parochial orphanage, where he and the other orphans are treated terribly and fed very little. When he turns nine, he is sent to the workhouse, where again he and the others are treated badly and practically starved. The other boys, unable to stand their hunger any longer, decide to draw straws to choose who will have to go up and ask for more food. Oliver loses. On the appointed day, after finishing his first serving of gruel, he goes up and asks for more. Mr. Bumble, the beadle, and the board are outraged, and decide they must get rid of Oliver, apprenticing him to the parochial undertaker, Mr. Sowerberry. It is not great there either, and after an attack on his mother's memory, Oliver runs away.

Oliver walks towards London. When he is close, he is so weak he can barely continue, and he meets another boy named Jack Dawkins, or the artful Dodger. The Dodger tells Oliver he can come with him to a place where a gentleman will give him a place to sleep and food, for no rent. Oliver follows, and the Dodger takes him to an apartment in London where he meets Fagin, the aforementioned gentleman, and Oliver is offered a place to stay. Oliver eventually learns that Fagin's boys are all pickpockets and thieves, but not until he is wrongfully accused of their crime of stealing an old gentleman's handkerchief. He is arrested, but the bookseller comes just in time
