**Olson Sundberg Kundig Allen** Olson Sundberg Kundig Allen Architects, 2001 Over the past thirty five years Olson Sundberg Kundig Allen Architects based in Seattle has created a body of architecture that is recognized for its ability to merge notions of materiality craft and lightness all of which are richly demonstrated in their work on art collectors residences and art museums The firm began its creative existence with architect Jim Olson whose work in the late 1960s explored the complex relationship between dwellings and the landscape they inhabit In the early 1970s the growing firm broadened its emphasis to include urbanism and the landscape of the city Though firmly rooted in the regional features of the Pacific Northwest its unique climate and dramatic landscape the firm's work extends beyond any regionalist classification Instead the projects are characterized by a relaxed modernism that is attuned to its regional context Each of the projects featured in this volume exhibits a striking use of both natural and highly refined materials masterful modulation of light a careful balance between monumentality and intimacy and frequent collaborations with artists and craftsmen especially glass artists such as Ed Carpenter In addition to generous illustrations including full color and black and white photography and detailed drawings and plans Olson Sundberg Kundig Allen Architects Architecture Art and Craft features a statement from the firm's partners explicating their influence and process and an essay by noted architectural critic Paul Goldberger

*Introducing Architectural Tectonics* Chad Schwartz, 2016-10-04 *Introducing Architectural Tectonics* is an exploration of the poetics of construction Tectonic theory is an integrative philosophy examining the relationships formed between design construction and space while creating or experiencing a work of architecture In this text author Chad Schwartz presents an introductory investigation into tectonic theory subdividing it into distinct concepts in order to make it accessible to beginning and advanced students alike The book centers on the tectonic analysis of twenty contemporary works of architecture located in eleven countries including Germany Italy United States Chile Japan Bangladesh Spain and Australia and designed by such notable architects as Tadao Ando Herzog de Meuron Kengo Kuma Olson Kundig and Peter Zumthor Although similarities do exist between the projects their distinctly different characteristics location and climate context size program construction methods and range of interpretations of tectonic expression provide the most significant lessons of the book helping you to understand tectonic theory Written in clear accessible language these investigations examine the poetic creation of architecture showing you lessons and concepts that you can integrate into your own work whether studying in a university classroom or practicing in a professional office

Tom Kundig: Houses Dung Ngo, Tom Kundig, 2006-11-09 Architect Tom Kundig is known worldwide for the originality of his work This paperback edition of *Tom Kundig Houses* first published in 2006 collects five of his most prominent early residential projects which remain touchstones for him today In a new preface written for this edition Kundig reflects on the influence that these designs continue to have on his current thinking Each house presented from conceptual sketches through meticulously realized details is the product of a sustained and active

collaborative process among designer builder and client The work of the Seattle based architect has been called both raw and refined disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there **The American Idea of Home** Bernard Friedman,2017-05-02 Wide ranging interviews with leading architectural thinkers including Thom Mayne Richard Meier Robert Venturi Paul Goldberger Robert Ivy Denise Scott Brown Kenneth Frampton and Robert A M Stern spotlight some of the most significant issues in a **Art + Architecture** Jim Olson,Olson Sundberg Kundig Allen Architects,2006 This ground breaking volume invites the reader into the elegant Seattle home of influential collectors Barney A and Pam Ebsworth who own one of the most important private collections of modern American art The house was designed specifically for the collection which includes seminal paintings and sculptures by Hopper de Kooning Pollock O Keefe Johns Hockney and Calder among many others Art Architecture is one of the first examinations ever of how a top flight collector works with an architecture firm in this case Olson Sundberg Kundig Allen which understands the alchemy that allows a great work of art to exist independently in a room and still allow the residents to live life around it This gorgeous book includes photos of the art in the home and also beautiful color reproductions of each piece With commentary by Franklin Kelly curator of British and American art at the National Gallery A must for both architecture and art aficionados
