## **On Beckett Essays And Criticism Anthem Studies In Theatre And Performance:**

**On Beckett** S. E. Gontarski, 2012-12-15 On Beckett Essays and Criticism is the first collection of writings about the Nobel Prize winning author that covers the entire spectrum of his work and also affords a rare glimpse of the private Beckett. More has been written about Samuel Beckett than about any other writer of this century countless books and articles dealing with him are in print and the progression continues geometrically On Beckett brings together some of the most perceptive writings from the vast amount of scrutiny that has been lavished on the man in addition to widely read essays there are contributions from more obscure sources viewpoints not frequently seen Together they allow the reader to enter the world of a writer whose work has left an impact on the consciousness of our time perhaps unmatched by that of any other recent creative imagination

**Revisioning Beckett** S. E. Gontarski, 2018-05-31 Revisioning Beckett reassesses Beckett's career and literary output particularly his engagement with what might be called decadent modernism Gontarski approaches Beckett from multiple viewpoints from his running afoul of the Irish Censorship of Publications Acts in the 1930s through the 1950s his preoccupations to find literature in the pornography or beneath the pornography his battles with the Lord Chamberlain in the mid 1950s over London stagings of his first two plays and his close professional and personal associations with publishers who celebrated the work of the demimonde Much of that term encompasses an opening to the fullness of human experience denied in previous centuries and much of that has been sexual or decadent As Gontarski shows the aesthetics that emerges from such early career encounters and associations continues to inform Beckett's work and develops into experimental modes that upend literary models and middle class values an aesthetics that furthermore has inspired any number of visual artists to re-vision Beckett

**Subjectivity and Nationhood in Yeats, Joyce, and Beckett** Matthew Fogarty, 2023-04-01 Subjectivity and Nationhood in Yeats Joyce and Beckett Nietzschean Constellations reconceptualises Friedrich Nietzsche's position in the intellectual history of modernism and substantively refigures our received ideas regarding his relationship to these Irish modernists Building on recent developments in new modernist studies the book demonstrates that Nietzsche is a modernist writer and a modernist philosopher by drawing new parallels between his engagement with established philosophical theories and the aesthetic practices that Ezra Pound and T S Eliot identified as quintessentially modernist With specific reference to key Nietzschean philosophemes eternal recurrence the bermensch transnationalism cultural paralysis and ethical perspectivism it challenges the longstanding assumption that Yeats who repeatedly acknowledged his admiration for Nietzsche is the most Nietzschean of these Irish modernists While showing how both Joyce and Beckett are in many important ways more Nietzschean than Yeats this interdisciplinary study makes a number of significant and timely contributions to the fields of Irish studies and modernist studies

**Beckett and Modernism** Olga Beloborodova, Dirk Van Hulle, Pim Verhulst, 2018-04-13 This book of collected essays approaches Beckett's work through the context of modernism while situating it in the literary tradition at large It builds on current debates aiming to redefine

modernism in connection to concepts such as late modernism or postmodernism Instead of definitively re categorizing Beckett under any of these labels the essays use his diverse oeuvre encompassing poetry criticism prose theatre radio and film as a case study to investigate and reassess the concept of modernism after postmodernism in all its complexity covering a broad range of topics spanning Beckett's entire career In addition to more thematic essays about art history politics psychology and philosophy the collection places his work in relation to that of other modernists such as T S Eliot James Joyce Wyndham Lewis Gertrude Stein and Virginia Woolf as well as to the literary canon in general It represents an important contribution to both Beckett studies and modernism studies     *Understanding Deleuze, Understanding Modernism* Paul Ardoine, S. E. Gontarski, Laci Mattison, 2014-08-28     Understanding Deleuze Understanding Modernism explores the multi faceted and formative impact of Gilles Deleuze on the development and our understanding of modernist thought in its philosophical literary and more broadly cultural manifestations Gilles Deleuze himself rethought philosophical history with a series of books and essays on individual philosophers such as Kant Spinoza Leibniz Nietzsche and Bergson and authors such as Proust Kafka Beckett and Woolf on the one hand and Bacon Messiaen and Pollock among others in other arts This volume acknowledges Deleuze's profound impact on a century of art and thought and the origin of that impact in his own understanding of modernism Understanding Deleuze Understanding Modernism begins by conceptualizing Deleuze by offering close readings of some of his most important works The contributors offer new readings that illuminate the context of Deleuze's work either by reading one of Deleuze's texts against or in the context of his entire body of work or by challenging Deleuze's readings of other philosophers A central section on Deleuze and his aesthetics maps the relationships between Deleuze's thought and modernist literature The volume's final section features an extended glossary of Deleuze's key terms with each definition having its own expert contributor     *On Beckett* S. Gontarski, 2016-10-27 Representing a profound engagement with the work of Samuel Beckett this volume gathers the very best of Stan Gontarski's Beckett criticism on practical theoretical and critical levels Such a range suggests a multiplicity of approaches to a body of work itself multiple produced by an artist who underwent any number of transformations and reinventions over his long writing career Many of the essays collected here explore Beckett's debt to his age Beckett very much a product of a culture in transition which change he would help foster But much of Beckett's creative struggle was to find a new way his own way a Most of the essays that comprise this volume detail that struggle toward a way we now call Beckettian *Edinburgh Companion to Samuel Beckett and the Arts* S.E. Jonathan Bignell,Pim Verhulst,Anna McMullan,2023-02-21 Despite the steady rise in adaptations of Samuel Beckett s work across the world following the author s death in 1989 Beckett s afterlives is the first book length study dedicated to this creative phenomenon The collection employs interrelated concepts of adaptation remediation and appropriation to reflect on Beckett s own evolving approach to crossing genre boundaries and to analyse the ways in which contemporary artists across different media and diverse cultural contexts including the UK Europe the USA and Latin America continue to engage with Beckett The book offers fresh insights into how his work has kept inspiring both practitioners and audiences in the twenty first century operating through methodologies and approaches that aim to facilitate and establish the study of modern day adaptations not just of Beckett but other multimedia authors as well **Modernism**

**at the Beach** Hannah Freed-Thall,2023-03-07 Winner 2024 MSA Book Prize Modernist Studies Association At the beach bodies converge with the elements and strange treasures come to light Departing from the conventional association of modernism with the city this book makes a case for the coastal zone as a surprisingly generative setting for twentieth century literature and art An unruly and elusive confluence of human and more than human forces the seashore is also a space of performance a stage for loosely scripted improvisatory forms of embodiment and togetherness The beach Hannah Freed Thall argues was to the modernist imagination what mountains were to Romanticism a space not merely of anthropogenic conquest but of vital elemental and creaturely connection With an eye to the peripheries of capitalist leisure Freed Thall recasts familiar seaside practices including tide pooling beachcombing gambling and sunbathing as radical experiments in perception and sociability Close readings of works by Marcel Proust Virginia Woolf Claude McKay Samuel Beckett Rachel Carson and Gordon Matta Clark among others explore the modernist beach as a queer refuge a precarious commons a scene of collective exhaustion and endurance and a visionary threshold at the end of the world Interweaving environmental humanities queer and feminist theory and cultural history Modernism at the Beach offers new ways of understanding twentieth century literature and its relation to ecological thought **Poetics of Breathing** Stefanie Heine,2021-05-01

Breathing and its rhythms liminal syncopal and usually inconspicuous have become a core poetic compositional principle in

modern literature Examining moments when breath s punctuations cessations inhalations or exhalations operate at the limits of meaningful speech Stefanie Heine explores how literary texts reflect their own mediality production and reception in alluding to and incorporating pneumatic rhythms respiratory sound and silent pauses Through close readings of works by a series of pairs Jack Kerouac and Allen Ginsberg Robert Musil and Virginia Woolf Samuel Beckett and Sylvia Plath and Paul Celan and Herta Mller Poetics of Breathing suggests that each offers a different conception of literary or poetic breath as a precondition of writing Presenting a challenge to historical and contemporary discourses that tie breath to the transcendent and the natural Heine traces a decoupling of breath from its traditional association with life and asks what literature might lie beyond

**Sustainability and the City** Lauren Curtright,Doris Bremm,2017-07-28 Sustainability and the City Urban Poetics and Politics contributes to third generation discourse on sustainable development by considering through a humanistic lens theories and practices of sustainability in a wide range of urban cultures It demonstrates cities inextricability from discussions on sustainability because not only is the world urbanizing at an unprecedented rate but also cities are primary locations of the circulation of excess capital socioeconomic divisions and hierarchies political resistance friction between human and non human worlds and the confluence of art policy and identity formation in placemaking With essays by scholars working in a variety of fields from architecture to literature to music to sociology this collection maintains that any hope for achieving urban sustainability will require taking seriously the ways in which cities are imagined Efforts to make cities sustainable must fully incorporate the humanities because critical endeavors and creative expressions that fall within the purview of the humanities are vital to closing the conceptual gulf as well as the practical gap between human and non human conservation Even if the environmental humanities embrace cities critics must ask whether coalescing the terms sustainability and city may actually obstruct human action to combat climate change which from some angles seems impending self imposed apocalypse To examine the urban turn Sustainability and the City attends to culture Essays in the first part of the collection approach urban sustainability from various disciplinary vantage points to emphasize history ideology pedagogy and critical theory The second part of the collection analyzes urban commons on four different continents Finally the collection moves from a diverse set of interpretations of on the ground urban phenomena to a compilation of readings of sustainability in different media and genres sound art drama fiction and film set in or evocative of cities The collection carves out a place for artists and critics to help realize social justice in cities which generate remarkable power but power that is too often and too easily used destructively unfairly and wastefully despite cities unique capacities to inspire and sustain humanity

**Silence and Subject in Modern Literature** U. Olsson,2013-10-10 Why does interrogation silence its object and not make it speak Silence vs speech is a central issue in classical and modern literary works This book studies literary representations of the power relations in which we are forced to speak using a range of texts ranging from the modern crime novel via classics to avant garde plays

Samuel Beckett y el humor José Francisco Fernández,2025-04-10

Esta colección de ensayos sobre el humor en la obra de Samuel Beckett parte de una reacción contra la imagen estereotipada del premio Nobel irlandés de 1969 como autor solemne angustiado y aburrido. Por el contrario, la mayoría de los expertos en su teatro sus novelas y sus poesías ven el humor como parte fundamental de su universo creativo. Se trata sin duda de un humor complejo y que cumple muchas funciones en su escritura. Además es un humor que cambia con el paso del tiempo desde el humor satírico de sus primeros textos hasta los alivios cómicos de las obras más profundas de su última etapa, pasando por el humor descacharrante de sus novelas. Los artículos que aquí se presentan fueron escritos por especialistas de diversas universidades europeas y americanas y componen el variopinto mosaico que conforma la producción literaria de un genio de la literatura del siglo XX. Todo ello desde el prisma de la comicidad.
