Short Stories and Political Philosophy Erin A. Dolgoy, Kimberly Hurd Hale, Bruce Peabody, 2018-11-01 Short Stories and Political Philosophy Power Prose and Persuasion explores the relationship between fictional short stories and the classic works of political philosophy This edited volume addresses the innovative ways that short stories grapple with the same complex political and moral questions concerns and problems studied in the fields of political philosophy and ethics The volume is designed to highlight the ways in which short stories may be used as an access point for the challenging works of political philosophy encountered in higher education Each chapter analyzes a single story through the lens of thinkers ranging from Plato and Aristotle to Max Weber and Hannah Arendt The contributors to this volume do not adhere to a single theme or intellectual tradition Rather this volume is a celebration of the intellectual and literary diversity available to students and teachers of political philosophy It is a resource for scholars as well as educators who seek to incorporate short stories into their teaching practice

**The Story of Western Science** Susan Wise Bauer, 2015-04-27 A riveting road map to the development of modern scientific thought In the tradition of her perennial bestseller The Well Educated Mind Susan Wise Bauer delivers an accessible entertaining and illuminating springboard into the scientific education you never had Far too often public discussion of science is carried out by journalists voters and politicians who have received their science secondhand The Story of Western Science shows us the joy and importance of reading groundbreaking science writing for ourselves and guides us back to the masterpieces that have changed the way we think about our world our cosmos and ourselves Able to be referenced individually or read together as the narrative of Western scientific development the book s twenty eight succinct chapters lead readers from the first science texts by Hippocrates Plato and Aristotle through twentieth century classics in biology physics and cosmology The Story of Western Science illuminates everything from mankind s earliest inquiries to the butterfly effect from the birth of the scientific method to the rise of earth science and the flowering of modern biology Each chapter recommends one or more classic books and provides entertaining accounts of crucial contributions to science vivid sketches of the scientist writers and clear explanations of the mechanics underlying each concept The Story of Western Science reveals science to be a dramatic undertaking practiced by some of history s most memorable characters It reminds us that scientific inquiry is a human pursuit an essential often deeply personal sometimes flawed frequently brilliant way of understanding the world The Story of Western Science is an entertaining and unique synthesis Times Higher Education a fluidly written narrative that celebrates the inexorable force of human curiosity Wall Street Journal and a bright informative resource for readers seeking to understand science through the eyes of the men and women who shaped its history Kirkus Previously published as The Story of Science

HUMANISTIC PHILOSOPHY : Humanistic and Pro-Humanistic Ideas, Values, Orientations, Movements, Methods, and Representatives in Philosophy. Science, Society, and Social Practices HARDCOVER EDITION , 2023-05-19 As a sub discipline part of general Philosophy

Humanistic Philosophy is focused on and brings in attention especially the category the value concept of Human Being with the meaning of agency individuality subject the person with the attribute of freedom and self determination the respect for the human as individual as a Person in opposition to the approaches that represent the individual human being as a simple statistical element into a social structure system mechanism in history and or society In the second meaning crucial concepts syntagms and ideas values that are bring in attention when we speak therefore of general philosophy as a humanistic discipline are Anthro Centrist and Person Centered Approach in the general process of philosophical knowledge and investigation Essentially philosophy as a humanistic discipline through all its branches orientations schools and methods is an ethics of the phenomenon process and act of knowledge in general and of the philosophical knowledge in particular an ethics of the human of the man of humanity and especially ultimately a philosophy of the human as a goal values ideal principle of all the processes acts of knowledge and action epistemologically and methodologically speaking Regarding the Destination of this book its design content and bibliography are made in such a way that to be useful both to the academic scientific community to students teachers and researchers and also to the professional community artists educators managers social workers psychotherapists health professionals human rights activists activists in the political sphere etc

*PHILOSOPHY AND SOCIAL WORK: Philosophical Bases, Models and Sources for a Humanistic Social Work 2023 HARDCOVER EDITION*, 2023-05-23 This edition comprises brings together incorporates synthesizes some of the author's works books articles chapters ideas fragments in print and electronic form with themes topics ideas that address the relation between philosophy and social work welfare policy with emphasis on the humanistic paradigm approach published in academic format between 2011 and 2023 No new sections were introduced but the bibliography was partially updated bringing to attention relevant titles that appeared after the previous edition In the book it is analyzed the complex and delicate relationship between philosophy and social work welfare between the philosophical system of concepts and ideas and the theory axiology of social work welfare especially from a humanistic perspective bringing face to face on the one hand the great branches or sub domains of philosophy respectively ontology ethics social philosophy personology and on the other hand the great sub domains or issues of social work welfare respectively the way of representation the client and the social problem difficult situation risk situation vulnerability resilience etc the system of constitutive values and principles the way of representation of the professional and the specific practice methodology etc The relation between philosophy and social work is no doubt biunivocal philosophy encompasses in its purpose and history the social issue dimension in its broader human sense especially with the preoccupations in the sphere of ethics and social philosophy but also of the existentialist humanistic and humanistic personalist philosophies as the social work as general theory and axiology cannot be conceived without a consistent philosophical representation Both the system of fundamental values and the mission or methodology of social work welfare are most often stated in the terms of an explicit applied social ethical and humanistic philosophy even if not always

this aspect it is highlighted in an assumed way An important observation that must to be done is that the author does not proposes in his book and nor does it accomplish an exhaustive profound and complete approach and exposure of the relation connection from a humanistic point of view between philosophy and social work welfare between their sub domains but only he brings into attention this subject this theme very little approached in the literature in relation to its indisputable importance Regarding the destination of this paper its design content and bibliography are made in such a way that to be useful both to the academic community to students and teachers in philosophy and social sciences and practices and also to the professional community to social workers psychotherapists educators social managers etc HUMANISTIC SOCIAL WORK - The THIRD WAY / FORCE in Theory, Practice and Politics. Core Qualities, Skills and Conducts of the Practitioner, 2023-11-10 This book is a new appearance of the author Petru Stefanoroi within The HUMANISTIC SOCIAL WORK Project In particular in this work the author affirms and supports the thesis according to which as in psychology and psychotherapy the idea thesis and formula Humanistic Psychology Psychotherapy as the Third Way or Force is regularly promoted and used it is the case and the time as in the field of social work to operate with the formula Humanistic Social Work The Third Way or Force in Social Work The third way in practice as a method and the third force in theory as a doctrine If in psychology and psychotherapy the third way force was established by reference to psychoanalysis and behaviorism in social work the third way is established by reference to Traditional social work and Critical social work This third way in social work is imposed in the author s opinion by prioritizing the concept of personality bringing this doctrine method and practice of social work closer to psychology and psychotherapy to humanistic psychology and psychotherapy But the author specifies in the paper that humanistic psychology and humanistic psychotherapy on the one hand and humanistic social work as theory and practice on the other hand are distinct scientific and practical fields not only by the object of intervention but also by methodology and specifics of practice The aspect is well highlighted in the way it is structured and formulated his The HUMANISTIC SOCIAL WORK Project established as an initiative with the assumed aim to enhance the effective presence of the humanistic and personalistic values theories and practices in social work which usually are stated as fundamental and essential in different programs strategies and policies but less present in fact in the specialized literature in the faculties curricula or in the practice of the professionals and services To this end the project is designed as a philosophical theoretical axiological and methodological framework a heuristic laboratory a philosophical scientific and professional forum where it can be set what might be called the theory axiology and methodology of humanistic social work The project s concept starts from the idea that humanistic social work is not however a distinctive form of social work welfare but rather an ontology epistemology that generates a reaffirmation restatement of the fundamental constitutional humanistic values of social work incorporating in the same time in a relative new coherent and unitary theory all what penetrated in social work in the last decades from humanistic psychology and psychotherapy microsociology and humanistic sociology human rights philosophy

movement and especially what was established as humanistic method in the contemporary social work practice and literature. The core aspect of the humanistic social work paradigm theory and practice is determined by the way mode humanistic are represented the client and professional considering the humanequalities resources of the client and professional the critical epistemological and methodological value of the this type of social work. One can say that the specific theory of humanistic social work is a conglomerate of theories paradigms orientations but which have some crucial ideas as vectors the person client as personality as human being with sentiments soul desires sufferings needs of love needs of happiness and accomplishments emphasis on personality and compathetical micro community as basic resources of practice positive optimistic and appreciative expectation in practice person centered and microcommunity centered approach in evaluation and intervention concentration on the future and not on the past the human rights social justice a humanistic perspective on the practitioner and his conducts in practice

Pandeism Knudson Mapson, 2017-01-27 Pandeism An Anthology presents the work of sixteen authors new and old examining the implications of the revolutionary evolutionary theological theory of Pandeism the proposition that the Creator of our Universe created by becoming our Universe and that this proposition can be demonstrated through the exercise of logic and reason. These authors present a wide range of views originating from their varied experiences from professional theologians and religious educators to lay philosophers with PhDs in the hard sciences. Collectively these authors have assembled the most extensive examination of Pandeism put to print in over a hundred years.
