Transgression as a Mode of Resistance Christina R. Foust, 2010-06-22 Since industrialization two major theoretical perspectives have accompanied the vibrant practice of social change The first hegemony emerged as a less deterministic route to revolution from Marxist theory and forms the common sense of social movement today Within hegemonic resistance rhetoric links issues ideas and identities to form a recognizable collective agent whose aim is to transform the status quo into its vision of the world The second major mode of resistance transgression grows from anarchist and autonomous resistance to capitalism Transgression attempts to free individuals uniqueness and creative power by deconstructing authority and explicating the body in resistance Transgression as a Mode of Resistance Rethinking Social Movement in an Era of Corporate Globalization provides the conceptual mapping for scholars students and practitioners to participate in the growing debate between these rich and powerful forces of social change Through a broad perspective on philosophy and history Christina R Foust demonstrates that hegemony and transgression are sometimes conflicting oftentimes inter related practices She responds to critics who believe that without a social change agent resistance appears baseless and na ve without a representational economy to cohere and express common interests social movement is impossible Through alternative social relationships and political performances transgressive resisters may reinvent daily life

In Defense of Phenomenology

Douglas Low, 2017-07-12 French phenomenological philosopher Maurice Merleau Ponty argued for the primary role perception plays in understanding the world as well as engaging with it As a contributor to phenomenology Merleau Ponty faced his fair share of criticisms In this new book Douglas Low comes to the defence of both Merleau Ponty and phenomenology In Defence of Phenomenology uses Merleau Ponty s philosophy to counter the criticisms raised in Vincent Descombes s Modern French Philosophy point by point arguing that it often misunderstood or misrepresented Merleau Ponty s philosophy Low clarifies Merleau Ponty s claims then makes the case for them He also argues against Renaud Barbaras s well known positions that there is a break in the development of Merleau Ponty s thought that Merleau Ponty abandoned his earlier phenomenology and that Merleau Ponty equated being with phenomena Low also clarifies Merleau Ponty s complex relationship to Hegel and Marx Finally Low addresses the later works of Jean Baudrillard and their move away from phenomenology toward a more postmodernist philosophy in which language and mass media images dominate culture and even construct our worldview In Defence of Phenomenology asserts that Merleau Ponty more sensibly argued that even though humanity s interpretation of the world is influenced by language and the media these linguistic and media messages are first suggested by a person s needful embodied encounters with the world and with others These messages would make little sense if they did not relate back to this more primordial encounter Living Alterities Emily S. Lee, 2014-04-01

Philosophers consider race and racism from the perspective of lived bodily experience Broadening the philosophical conversation about race and racism Living Alterities considers how people s racial embodiment affects their day to day lived experiences the lived experiences of individuals marked by race interacting with and responding to others marked by race and the tensions that arise between different spheres of a single person s identity Drawing on phenomenology and the work of thinkers such as Frantz Fanon Maurice Merleau Ponty and Iris Marion Young the essays address the embodiment experiences of African Americans Muslims Asian Americans Latinas Jews and white Americans The volume s focus on specific situations temporalities and encounters provides important context for understanding how race operates in people s lives in ordinary settings like classrooms dorm rooms borderlands elevators and families Beyond Romance M.
