that are natural human abilities available to all As noted British author Colin Wilson says in his introduction Frank's experience has been in many ways remarkable and he has a natural gift for making it come alive The net result is to provide the reader with firsthand informed reassurance that we all have our own internal guidance which is reliable and is willing and able to come forth when welcomed DeMarco cites his own experiences to argue that if you come to the quest in faith the faith will be rewarded The meaning of your life can be found but it can only be found by you yourself And having found it you will find it meaningful precisely because it will be your meaning and not someone else's The age of gurus is over It is time for us each to come into our own Muddy Tracks will help you and encourage you to learn to do that New-Church Messenger, 1957
