## **Messiaen Studies Cambridge Composer Studies:**

**Messiaen Studies** Robert Sholl, 2007-12-20 This collection of scholarly studies on the French composer Olivier Messiaen one of the major figures of twentieth century music offers new cultural historical biographical and analytical perspectives on his musical oeuvre from 1941 to 1992 The chapters provide fresh insights on the origins style and poetics of Messiaen's music and therefore provide an inspiration and foundation for future scholarship Reflecting and expanding upon the broad range of Messiaen's own interdisciplinary interests the book will be of interest to students of music art literature and theology

Messiaen's Musical Techniques: The Composer's View and Beyond Gareth Healey, 2016-04-22 Despite Messiaen's position as one of the greatest technical innovators of the twentieth century his musical language has not been comprehensively defined and investigated The composer's 1944 theoretical study *The Technique of My Musical Language* expounds only its initial stages and while his posthumously published *Traité de rythme de couleur et d'ornithologie* contains detailed explanations of selected techniques in most cases the reader is left to define these more precisely by observing them in the context of Messiaen's analyses of his own works Technical processes are nevertheless in many cases the primary components of a work or movement For instance personages dominate *Joie du sang des toiles* from the *Turangala symphonie* and in certain cases such as *L'change* from the *Vingt regards sur l'Enfant Jésus* the process asymmetric augmentation is the only structuring element present Given this reliance on idiosyncratic techniques clear comprehension of the music is impossible without a detailed knowledge of Messiaen's methods Gareth Healey charts their development and interconnections considers their relationship with formal structures and applies them in refined and extended form to works for which Messiaen himself left no published analysis

**Olivier Messiaen's Opera, Saint Francois d'Assise** Vincent Perez Benitez, 2019-07-25 In this comprehensive study of Olivier Messiaen's magnum opus *Saint François d'Assise* Vincent Perez Benitez examines the opera from both theological and musical analytical perspectives to ask how Messiaen expresses his Catholic theology through his work Benitez combines a close reading of the opera score with accounts from Messiaen's associates studies of Messiaen's birdsong notebooks and other primary documents and an examination of the religious musical poetic and visual arts literature with which the composer was familiar to explore how the opera's harmonic language and sound color relationships motivate its musical meaning and expression Through his analysis of these diverse sources and comparisons of *Saint François d'Assise* with other works such as Berg's *Wozzeck* and Wagner's *Parsifal* Benitez places Messiaen's compositional practice within larger musical perspectives and historical contexts

## REPRESENTATIONS, INTERPRETATIONS ALEXANDRA GABRIELA CONSTANTINESCU, ANGELICA HELENA

MARINESCU, 2020-01-01 Această lucrare pune fa în fa Europa și Asia în studii realizate de antropologi coreografi filologi istorici lingviști muzicologi și sociologi. Granițele sociale și culturale dintre cele două lumi atât de depărtate fizic sunt relevate de lucrare a fi extrem de subiri. Lucrarea abordează atât aspecte teoretice cât și practice discută despre legătura dintre postcolonialism și postcomunism despre semnificația culturală a mișcărilor despre modernitatea în artele vizuale despre diseminarea culturii populare sud-coreene în România despre lumea orientală ca sursă de inspirație pentru compozitorii europeni despre apariția mișcărilor feministe în vestul Europei cu cele similare din Asia. Articolul despre rolul cultural și stereotipal al monumentelor coloniale este foarte instructiv în contextul mișcărilor sociale recente din SUA și Europa de Vest. Lucrarea se încheie cu o cercetare ce aduce în discuție imaginile unei civilizații în India așa cum este ea proiectată de europeni. *Visions of Amen* Stephen Schloesser, 2014-07-10 French composer Olivier Messiaen 1908-1992 is probably best known for his Quartet for the End of Time premiered in a German prisoner of war camp in 1941. However Messiaen was a remarkably complex intelligent person with a sometimes tragic domestic life who composed a wide range of music. This book explores the enormous web of influences in the early part of Messiaen's long life. The first section of the book provides an intellectual biography of Messiaen's early life in order to make his difficult music more accessible to the general listener. The second section offers an analysis of and thematic commentaries on Messiaen's pivotal work for two pianos *Visions of Amen* composed in 1943. Schloesser's analysis includes timing indications corresponding to a downloadable performance of the work by accomplished pianists Stéphane Lemelin and Hyesook Kim. *Bulletin Bibliographique de la Société Internationale Arthurienne* International Arthurian Society, 2008. **Dutch journal of music theory**, 2008. *Olivier Messiaen's Opera, Saint François d'Assise* Vincent Perez Benitez, 2019-07-25 In this comprehensive study of Olivier Messiaen's magnum opus *Saint François d'Assise* Vincent Perez Benitez examines the opera from both theological and musical analytical perspectives to ask how Messiaen expresses his Catholic theology through his work. Benitez combines a close reading of the opera score with accounts from Messiaen's associates studies of Messiaen's birdsong notebooks and other primary documents and an examination of the religious musical poetic and visual arts literature with which the composer was familiar to explore how the opera's harmonic language and sound-color relationships motivate its musical meaning and expression. Through his analysis of these diverse sources and comparisons of *Saint François d'Assise* with other works such as Berg's *Wozzeck* and Wagner's *Parsifal* Benitez places Messiaen's compositional practice within larger musical perspectives and historical contexts. **James MacMillan Studies** George Parsons, Robert Sholl, 2020-08-06 The Scottish composer Sir James MacMillan is one of the major figures of contemporary music with a world-wide reputation for his modernist engagement with religious images and stories. Beginning with a substantial foreword from the composer himself this collection of scholarly essays offers analytical musicological and theological perspectives on a selection of MacMillan's musical works. The volume includes a study of embodiment in

MacMillan's music a theological study of his St Luke Passion an examination of the importance of lament in a selection of his works a chapter on the centrality of musical borrowing to MacMillan's practice a discussion of his liturgical music and detailed analyses of other works including *The World's Ransoming* and the seminal *Seven Last Words from the Cross* The chapters provide fresh insights on MacMillan's musical world his compositional practice and his relationship to modernity

**Messiaen's Contemplations of Covenant and Incarnation** Siglind Bruhn, 2007 The celebrated composer Olivier Messiaen 1908 1992 characterized himself as a rhythmician ornithologist and theologian All interpreters concur that his life and work are grounded in a profound faith This book examines the translation of his faith into his musical language It centers on a hermeneutic analysis of two spiritually motivated instrumental compositions *Visions de l'amen* for two pianos 1943 and *Vingt Regards sur l'enfant Jésus* i for piano solo 1944 Part I introduces the main aspects of the composer's religious

environment the catholic literary revival his father Pierre and his mentor Charles Tournemire as well as the components of his idiosyncratic musico symbolic vocabulary Parts II and III examine the twenty seven movements comprised in the Visions and the Regards whose thematic material structure and musical as well as spiritual function within the whole cycle are interpreted in light of the literary source and imagery that inspired Messiaen This book is part of Siglind Bruhn s Messiaen Trilogy

**Olivier Messiaen's System of Signs** Andrew Shenton, 2017-07-05 Andrew Shenton s groundbreaking cross disciplinary approach to Messiaen s music presents a systematic and detailed examination of the compositional techniques of one of the most significant musicians of the twentieth century as they relate to his desire to express profound truths about Catholicism It is widely accepted that music can have mystical and transformative powers but because pure music has no programme Messiaen sought to refine his compositions to speak more clearly about the truths of the Catholic faith by developing a sophisticated semiotic system in which aspects of music become direct signs for words and concepts Using interdisciplinary methodologies drawing on linguistics cognition studies theological studies and semiotics Shenton traces the development of Messiaen s sign system using examples from many of Messiaen s works and concentrating in particular on the M tations sur le myst de la Sainte Trinit or organ a suite which contains the most sophisticated and developed use of a sign system and represents a profound exegesis of Messiaen s understanding of the Catholic triune God By working on issues of interpretation Shenton endeavours to bridge the traditional gap between scholars and performers and to help people listen to Messiaen s music with spirit and understanding

**Pierre Boulez** Caroline Potter, 2024 Exploring the emotional and cultural influences on Pierre Boulez s early works as well as the

role surrealism and French culture of the 1930s and 40s played in shaping his radical new musical concepts Pierre Boulez's 1925-2016 creative output has mostly been studied from an analytical perspective in the context of serialism While Boulez tends to be pigeonholed as a cerebral composer his interest in structure coexisted with extreme visceral energy This book redresses the balance and stresses the febrile cultural environment of Paris in the 1940s and the emotional side of his early works Surrealism in particular had an impact on Boulez's formative years that has until now been underexplored There are intriguing links between French music and surrealism in the 1930s and 40s arising within a cultural context where surrealism ethnography and the emerging discipline of ethnomusicology were closely related Potter situates the young Boulez within this environment As an emerging musician he explored radical new musical concepts alongside peers including Yvette Grimaud Serge Nigg and Yvonne Loriod performing and exchanging ideas with them This book argues that authors associated with surrealism especially Ren Char but also Antonin Artaud and Andr Breton were crucial to Boulez's musical development It enhances our understanding of his work by connecting it with significant trends in contemporary French culture refocusing Boulez studies away from detailed musical analysis and towards a broader and more visceral emotional response to his work cal new musical concepts alongside peers including Yvette Grimaud Serge Nigg and Yvonne Loriod performing and exchanging ideas with them This book argues that authors associated with surrealism especially Ren Char but also Antonin Artaud and Andr Breton were crucial to Boulez's musical development It enhances our understanding of his work by connecting it with significant trends in contemporary French culture refocusing Boulez studies away from detailed musical analysis and towards a broader and more visceral emotional response to his work ed musical analysis and towards a broader and more visceral emotional response to his work

**The Planetary Clock** Paul Giles, 2021-02-11 The theme of *The Planetary Clock* is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis To trace postmodernism in an expansive spatial and temporal arc from its formal experimentation in the 1960s to environmental concerns in the twenty

first century is to describe a richer and more complex version of this cultural phenomenon Exploring different scales of time from a Southern Hemisphere perspective with a special emphasis on issues of Indigeneity and the Anthropocene The Planetary Clock offers a wide ranging revisionist account of postmodernism reinterpreting literature film music and visual art of the post 1960 period within a planetary framework By bringing the culture of Australia and New Zealand into dialogue with other Western narratives it suggests how an antipodean impulse involving the transposition of the world into different spatial and temporal dimensions has long been an integral if generally occluded aspect of postmodernism Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets The Planetary Clock ranges across well known American postmodernists John Barth Toni Morrison to more recent science fiction writers Octavia Butler Richard Powers while bringing the US tradition into juxtaposition with both its English Philip Larkin Ian McEwan and Australian Les Murray Alexis Wright counterparts By aligning cultural postmodernism with music Messiaen Ligeti Birtwistle the visual arts Hockney Blackman Fiona Hall and cinema Rohmer Haneke Tarantino this volume enlarges our understanding of global postmodernism for the twenty first century
