Metaphor A Practical Introduction 2nd Edition:

Metaphor Zoltan Kovecses,2010-03-12 Combining up to date scholarship with clear and accessible language and helpful exercises Metaphor A Practical Introduction is an invaluable resource for all readers interested in metaphor This second edition includes two new chapters on metaphors in discourse and metaphor and emotion along with new exercises responses to criticism and recent developments in the field and revised student exercises tables and figures **Extended Conceptual Metaphor Theory** Zoltán Kövecses,2020-04-23 Offers an extended improved version of Conceptual Metaphor Theory CMT updating it in the context of current linguistic theory **Risk Discourse and Responsibility** Annelie Ädel,Jan-Ola Östman,2023-07-15 The widespread view that risk is highly relevant in late modern societies has also meant that the very study of risk has become central in many areas of social studies The key aim of this book is to establish Risk Discourse as a field of research of its own in language studies Risk Discourse is introduced as a field that not only targets elements of risk safety and security but crucially requires aspects of responsibility for in depth analysis Providing a rich illustration of ways in which risk and responsibility can serve as analytical tools the volume brings together scholars from different disciplines within the study of language An Introduction and an Epilogue highlight the intricate relationship between risk and responsibility Part 1 deals with expert and lay perspectives on risk Part 2 with emerging genres for risk discourse Part 3 with risk and technology and Part 4 with ways of managing risk The topics covered such as COVID 19 nuclear energy machine translation terrorism are socially pertinent and timely **Researching Metaphors** Michele Prandi,Micaela Rossi,2022-09-07 This collection advocates for a more holistic picture of metaphor extending the field s focus beyond the cognitive paradigm and conventional metaphorical concepts to illustrate the possibilities afforded by the study of living metaphors The volume brings together a diverse range of researchers in the discipline towards critically examining the presuppositions of the cognitive approach The book shines a light on living metaphors creative interpretations of conflictual meaning specific to a text or communicative act with their own unique functions to throw into relief long held tenets in existing metaphor research Chapters reflect on the notion that creative metaphors spring from independent sources not merely from metaphorical concepts and the subsequent implications for our understanding of the relationship between linguistic forms and conceptual structures and the role of creative metaphors in organizing thought and action Taken together the book offers a complementary vision of languages and figures which integrates disparate lines of study within the cognitive paradigm with alternative perspectives for a more comprehensive portrait of metaphors This book will be of interest to students and scholars interested in the study of metaphor including such disciplines as theoretical linguistics cognitive linguistics semantics literary studies and philosophy of language **Embodied Metaphors in Film, Television, and Video Games** Kathrin Fahlenbrach,2015-10-05 In cognitive research metaphors have been shown to help us imagine complex abstract or invisible ideas concepts or emotions Contributors to this book argue that metaphors occur not only in

language but in audio visual media well This is all the more evident in entertainment media which strategically sell their products by addressing their viewers immediate reflexive understanding through pictures sounds and language This volume applies cognitive metaphor theory CMT to film television and video games in order to analyze the embodied aesthetics and meanings of those moving images **Metaphors of the Ancient World** Fabian Horn,2025-03-17 The objective of this edited volume is to bring together contributions from the fields of Ancient Greek and Latin Philology that apply the cognitive linguistic framework of Conceptual Metaphor Theory CMT to ancient texts and other source material The individual chapters are unified by this shared theoretical approach occasionally supplemented by further theoretical frameworks and methodologies from literary criticism and the cognitive sciences The scope of the volume is broad and there is no restriction to specific literary genres or periods of history Discussion ranges from the Archaic Greek epic poetry of Homer to the early imperial philosophical treatises of Seneca the Younger Topics treated along the way include Presocratic philosophy Ancient Greek comedy and Roman love elegy This collection of research by theoretically aligned Classicists thereby showcases the potential and versatility of CMT when it comes to the study and interpretation of ancient texts Metaphor, Cancer and the End of Life Elena Semino,Zsófia Demjén,Andrew Hardie,Sheila Payne,Paul Rayson,2017-11-28 This book presents the methodology findings and implications of a large scale corpus based study of the metaphors used to talk about cancer and the end of life including care at the end of life in the UK It focuses on metaphor as a central linguistic and cognitive tool that is frequently used to talk and think about sensitive and subjective experiences such as illness emotions death and dying and that can both help and hinder communication and well being depending on how it is used The book centers on a combination of qualitative analyses and innovative corpus linguistic methods This methodological assemblage was applied to the systematic study of the metaphors used in a 1 5 million word corpus The corpus consists of interviews with and online forum posts written by members of three stakeholder groups namely patients diagnosed with advanced cancer unpaid carers looking after a relative with a diagnosis of advanced cancer and healthcare professionals The book presents a range of qualitative and quantitative findings that have implications for metaphor theory and analysis corpus linguistic and computational approaches to metaphor and training and practice in cancer care and hospice palliative and end of life care Handbook of Teaching and Learning Persian as a Second Language Hooman Saeli,2025-09-26 This collection explores relevant pedagogical and sociolinguistic topics in the teaching and learning of Persian as a foreign and second language Owing to the dearth of research in many areas pertaining to the teaching and learning of Persian this handbook provides empirically supported insights into various aspects of these areas While the literature on teaching and learning Persian is growing the field lacks a cohesive collection on Persian as a foreign second language The book addresses issues pertaining to the standardization and validation of teaching and assessment methods which remain under explored in the contexts of teaching and learning Persian It also covers the teaching of Persian pragmatics the use of corpora as well as a range of

different areas within linguistics including phonetics prosody and historical linguistics This comprehensive collection contributes substantially to the scientific study of many aspects of teaching and learning Persian which have been neglected for decades A must have text in Persian language pedagogy and Persian sociolinguistics it an essential book for those in teaching and learning in Persian language programs worldwide   **Persuasion in Public Discourse** Jana Pelclová,Wei-lun Lu,2018-08-08 This book approaches persuasion in public discourse as a rhetorical phenomenon that enables the persuader to appeal to the addressee s intellectual and emotional capacities in a competing public environment The aim is to investigate persuasive strategies from the overlapping perspectives of cognitive and functional linguistics Both qualitative and quantitative analyses of authentic data including English Czech Spanish Slovene Russian and Hungarian are grounded in the frameworks of functional grammar facework and rapport management classical rhetoric studies and multimodal discourse analysis and are linked to the constructs of re framing conceptual metaphor and blending mental space and viewpoint In addition to traditional genres such as political speeches news reporting and advertising the book also studies texts that examine book reviews medieval medical recipes public complaints or anonymous viral videos Apart from discourse analysts pragmaticians and cognitive linguists this book will appeal to cognitive musicologists semioticians historical linguists and scholars of related disciplines   **The Handbook of Language Emergence** Brian MacWhinney,William O'Grady,2018-05-01 This authoritative handbook explores the latest integrated theory for understanding human language offering the most inclusive text yet published on the rapidly evolving emergentist paradigm Brings together an international team of contributors including the most prominent advocates of linguistic emergentism Focuses on the ways in which the learning processing and structure of language emerge from a competing set of cognitive communicative and biological constraints Examines forces on widely divergent timescales from instantaneous neurolinguistic processing to historical changes and language evolution Addresses key theoretical empirical and methodological issues making this handbook the most rigorous examination of emergentist linguistic theory ever   **Metaphors of ANGER across Languages: Universality and Variation** Zoltan Kövecses,Réka Benczes,Veronika Szelid,2024-11-04 Anger is one of the basic emotions of human emotional experience informing and guiding many of our choices and actions Although it has received considerable scholarly attention in a number of disciplines including linguistics a basic question has still remained unresolved why do variations in the folk model of anger exist across languages if it is indeed a basic emotion rooted in largely universal bodily experience By drawing on a wide selection of comparable linguistic data from dozens of languages including a number of less researched languages this volume provides the most comprehensive account of what is universal and what is variable in the folk model of anger and why It also investigates the role that metonymies might play in the emergence of anger related metaphors and in what ways context influences or shapes anger metaphors and thereby the resulting folk model of anger No such volume exists in the cognitive linguistic literature on anger or on emotions for that matter The book is thus an essential

contribution to the study of anger and will serve as basic reading for any researcher interested in how the conceptualization of anger is constructed via the interplay of bodily experience language and the larger cultural context *African Perspectives on Literary Translation* Judith Inggs,Ella Wehrmeyer,2021-03-02 This collection serves as a showcase for literary translation research with a focus on African perspectives highlighting theoretical and methodological developments in the discipline while shedding further light on the literary landscape in Africa The book offers a framework for understanding key approaches and topics in literary translation situated in the African context covering foundational concepts as well as new directions within the field The first half of the volume focuses on the translation product exploring such topics as translation strategies literary genres and self translation while the second half examines process and reception allowing for an in depth look at agency habitus and ethics Each chapter is structured to allow for the introduction of a given theoretical aspect of literary translation followed by a summary of a completed research project with an African focus showing theory in practice offering a model for readers to build their own literary translation research projects while also underscoring the range of perspectives and unique challenges to literary translation work in Africa This unique volume is a key resource for students and scholars in translation studies giving visibility to African perspectives on literary translation while pointing the way forward for future research directions **The Politics of Climate Change Metaphors in the U.S. Discourse** Othman Khalid Al-Shboul,2023-02-28 This book uses critical metaphor analysis to show from a cognitive perspective how climate change is conceptualized in the USA The author enriches his linguistic analysis with cognitive aspects such as source target domain mapping and metaphor opposition to explain how metaphor works in terms of framing this issue drawing on a Critical Discourse Analysis informed framework to demonstrate how politicians represent the climate crisis in their attempts to trigger social change Using a data set of speeches given by US based politicians governors and mayors speaking in the context of the withdrawal of the United States from the Paris Agreement the book categorizes metaphors on different conceptions such as war construction unfairness journey and cleanliness to bridge the gap between ecolinguistics and critical metaphor analysis This book will be of interest to students and scholars in fields including applied linguistics political communication ecolinguistics and cognitive linguistics and psychology **Yearbook of Corpus Linguistics and Pragmatics 2016** Jesús Romero-Trillo,2016-12-23 The present volume of the Yearbook of Corpus Linguistics and Pragmatics series presents cutting edge corpus pragmatics research on language use in new social and educational environments The Yearbook of Corpus Linguistics and Pragmatics offers a platform to scholars who carry out rigorous and interdisciplinary research on language in real use Corpus Linguistics and Pragmatics have traditionally represented two paths of scientific research parallel but often mutually exclusive and excluding Corpus Linguistics can offer a precise methodology based on mathematics and statistics while Pragmatics strives to interpret intended meaning in real language This series will give readers insight into how pragmatics can be used to explain real corpus data and how corpora

can illustrate pragmatic intuitions **Wisdom Epistemology in the Psalter** John Kartje,2014-10-14 We present a comparative epistemological analysis of the wisdom motifs in Psalms 1 73 90 and 107 These texts were selected on the basis of their epistemological content each confronts the relationship between virtue and prosperity and their canonical placement within the Psalter each begins one of the Psalter s five Books We explore the implications of their respective epistemological features for our understanding of the canonical structure of the Psalter After developing a diagnostic method for the identification and analysis of the epistemological features within a biblical text we apply it to each of the four psalms and discuss their epistemological qualities with respect to their canonical placement in the Psalter We find that an epistemic progression develops across the canonical ordering of the four psalms While the psalmists are increasingly forthright in acknowledging the moral paradox that the righteous often suffer while the wicked can prosper they engage this paradox with ever more sophisticated responses Although Yhwh is ultimately the source of all wisdom human beings can facilitate their acquisition of knowledge by seeking him out intentionally by questioning him directly and by observing him with a heart focused on learning **The Bloomsbury Companion to Cognitive Linguistics** Jeannette Littlemore,John R. Taylor,2014-06-19 The Bloomsbury Companion to Cognitive Linguistics is a comprehensive and accessible reference resource to research in contemporary cognitive linguistics Written by leading figures in the field the volume provides readers with an authoritative overview of methods and current research topics and future directions The volume covers all the most important issues concepts movements and approaches in the field It devotes space to looking specifically at the major figures and their contributions It is a complete resource for postgraduate students and researchers working within cognitive linguistics psycholinguistics and those interested more generally in language and cognition *Power in Language, Culture, Literature and Education* Marta Degani,Werner Delanoy,2023-04-24 In one of the contributions to this edited volume an interviewee argues that English is power For researchers in the field of English Studies this raises the questions of where the power of English resides and which types and practices of power are implied in the uses of English Linguists scholars of literature and culture and language educators address aspects of these questions in a wide range of contributions The book shows that the power of English can oscillate between empowerment and subjection on the one hand enabling humans to develop manifold capabilities and on the other constraining their scope of action and reflection In this edited volume a case is made for self critical English Studies to be dialogic empowering and power critical in approach **Machines, Bodies and Invisible Hands** Stefano Fiori,2021-10-23 What was Adam Smith s intellectual laboratory How did his economic theory take shape Were his metaphors of order only residual and ornamental expressions This book answers these questions by analyzing the formation of the concepts of market and social order in Adam Smith s work by considering various aspects of his approach It analyzes how metaphors and pre analytical concepts influenced Smith s theory In line with studies that deal with the cognitive role of metaphors in science this book suggests that in Smith s work metaphors provided a framework on which

basis the theory subsequently developed Therefore as such they were part of that intellectual process which made possible the formation of structured concepts The content and scope of the book permits a more comprehensive interpretation of Smith s thought in which many aspects of his work are taken into consideration in order to explain a crucial problem for Smith the nature and causes of social and economic order The book also shows that in general formation of theories is a complex process that includes pre analytical views as non residual parts of inquiry **Metaphors and Norms** Stefan Larsson,2011 *Plant Metaphors in Prophetic Condemnations of Israel and Judah* Tina M. Sherman,2023-11-17 Tina M Sherman offers a first of its kind detailed analysis of prophetic passages that depict people as plants from grasses and grains to fruit trees and grapevines examining how the biblical authors exploited these metaphors to portray the condemnation and punishment of Israel and Judah in terms of the everyday work of crop farming and plant husbandry Additionally she explores how the prophetic authors employed plant imagery to construct national identities that emphasize the people s collective responsibility for the kingdoms fate Plant Metaphors in Prophetic Condemnations of Israel and Judah demonstrates the usefulness of combining conceptual metaphor theory with aspects of frame semantics in the analysis of patterns of thought and expression in biblical metaphor
