Metaphor Political Discourse Analogical Reasoning:

Metaphor and Political Discourse A. Musolff, 2004-08-04 Far from being rhetorical ornaments metaphors play a central role in public discourse as they shape the structure of political categorisation and argumentation Drawing on a very large bilingual corpus this book now in paperback analyses the distribution of metaphor scenarios in more than a decade of public discourse on European integration elucidating differences in UK and German attitudes and argumentation The corpus analysis leads to a refinement of cognitive metaphor theory by systematically relating conceptual semantic and argumentation levels and incorporating the historical dimension of metaphor evolution Finally drawing on examples of metaphor negotiation and on a reassessment of Hobbes concept of metaphor in Leviathan the book highlights the ethical dimension of metaphor in politics *Unpacking Metaphor-related Prepositions in Political Discourse* Mokhtar Ounis, 2023-11-27 This book explores the context around why English prepositions are used in figurative language more frequently than nouns and verbs using corpus based evidence to examine the most often used prepositions and how they are employed and for what purpose While research on cognitive approaches to metaphor has significantly expanded in recent decades little attention has been paid to prepositions as vehicles of figurative language owing to their polysemous complex and inconsistent nature To bridge this gap Ounis introduces an innovative conceptual framework that integrates conceptual metaphor theory diachronic linguistics and discourse pragmatics Drawing upon an extensive corpus of American presidential inaugural addresses this book considers the linguistic conceptual pragmatic and contextual dimensions of English prepositions revealing the fascinating interplay between language culture and cognition This volume will be of interest to scholars in pragmatics metaphor studies English language rhetoric studies and historical linguistics *Metaphor, Nation and Discourse* Ljiljana Šarić, Mateusz-Milan Stanojević, 2019-05-20 This edited volume examines how metaphors and related phenomena metonymies symbols cultural models stereotypes lead to the discursive construal of a common element that brings the nation together The central idea is that metaphor use must be questioned to lay bare the processes and the discursive power behind them The chapters examine a range of contemporary and historical monomodal and multimodal discourses including politicians discourse presidential speeches newspapers TV series Catholic homilies colonialist discourse and various online sources The approaches taken include political science international relations cultural studies and linguistics All contributions feature discursive constructivist views of metaphor with clear sociocultural grounding and the notion of metaphor as a framing device in constructing various aspects of nations and national identity The volume will appeal to scholars in discourse analysis metaphor studies media studies nationalism studies and political science Metaphor Wars Raymond W. Gibbs, Jr, 2017-05-04 The study of metaphor is now firmly established as a central topic within cognitive science and the humanities We marvel at the creative dexterity of gifted speakers and writers for their special talents in both thinking about certain ideas in new ways and communicating these thoughts in vivid poetic forms Yet

metaphors may not only be special communicative devices but a fundamental part of everyday cognition in the form of conceptual metaphors. An enormous body of empirical evidence from cognitive linguistics and related disciplines has emerged detailing how conceptual metaphors underlie significant aspects of language thought cultural and expressive action. Despite its influence and popularity there have been major criticisms of conceptual metaphor. This book offers an evaluation of the arguments and empirical evidence for and against conceptual metaphors much of which scholars on both sides of the wars fail to properly acknowledge.

Politics, Gender and Conceptual Metaphors K. Ahrens, 2009-10-09 Distinguished researchers from around the world examine the interplay between gender and metaphor in political language in Great Britain the United States Germany Italy the Netherlands Spain Ireland and Singapore. They draw on a wide variety of corpus data to determine to what extent metaphors used by women in political power differ with or remain the same as that of men. They also examine what effect metaphor use has on women's power in the political arena. This wide ranging collection of language based studies will interest students and researchers in discourse analysis political communication gender studies journalism and media studies.

Discourses of the Arab Revolutions in Media and Politics Stefanie Ullmann, 2021-08-23 Drawing on approaches from critical discourse analysis corpus linguistics and cognitive linguistics this book critically examines metaphorical language used in global media coverage and political statements on the events of the Arab Spring. The volume begins by summarising key events of the Arab Spring tracing the development of protests from Tunisia and Egypt to Libya and Syria as well as the wider impact on the region. Ullmann builds on this foundation to lay out the theoretical frameworks to be applied to an extensive corpus of natural language and actual discourse highlighting Western Middle Eastern and North African perspectives which integrate theoretical work on metaphor blending theory and semantic prosodies. Methodological considerations on corpus selection and different conceptualisations of politics and mass media generally and across countries are discussed with the final chapters outlining the overarching themes across metaphors in the corpus and how these metaphors were ultimately framed in the mass media and political landscape. This book will be of particular interest to students and scholars interested in critical discourse analysis language and politics and corpus linguistics.

Creativity in Language and Literature Joan Swann, Robert Pope, Ronald Carter, 2017-09-16 Creativity in Language and Literature is a provocative and valuable book. Its breadth of topics variety of approaches and self consciously creative and dialogic nature are especially appropriate and creative ways of approaching the subject of creativity. The scope variety and original content of this book make it a unique contribution to the field. Professor David L Hoover New York University USA. This unique resource brings together contributions from creative practitioners and academic researchers working across different disciplines. Researchers literary authors editors performers and film makers reflect on their work and collectively explore the art of creativity in language and literature. Creativity in Language and Literature covers a range of texts genres and practices such as poetry hip hop film story telling web chat and pen friend correspondence. Each part of the book begins with an

introduction and the final part includes critical responses to the idea of linguistic creativity encouraging ongoing dialogue and debate This richly diverse collection is an ideal text for students and practitioners working at all levels With contributions by Patience Agbabi Daniel Allington R Amritavalli Richard D Brown Lynne Cameron Ronald Carter Guy Cook Jon Cook Ruth Finnegan Angela Goddard Ben Haggarty Graeme Harper G D Jayalakshmi Angel Lin Janet Maybin Rukmini Bhaya Nair Kate Pahl Mario Petrucci Rob Pope Elena Semino Fiona Sampson Jane Spiro Peter Stockwell Joan Swann S Upendran and Michelene Wandor **The Routledge Handbook of Metaphor and Language** Elena Semino,Zsófia Demjén,2016-11-03 The Routledge Handbook of Language and Metaphor provides a comprehensive overview of state of the art interdisciplinary research on metaphor and language and maps out future directions of research and practice in a variety of contexts in this field Metaphor and Mills Honesto Herrera-Soler,Michael White,2012-07-04 While the role of metaphor in economics and business has produced multiple research articles no comprehensive book length study has yet appeared The present book is a timely attempt to fill this gap giving a global coverage of the role of metaphor in business and economics It spans time from Classical Greece to the current business network meeting room space from Europe through the Americas to Asia cultures and languages from continental European languages Brazilian Portuguese to Chinese The theoretical grounding of the book is the Conceptual Theory of Metaphor taken in a dynamic sense as evolving with on going research The theory is thus used adapted and refined in accordance with the evidence provided Metaphor is shown to be theory constitutive in the elaboration of economic thinking down through the ages while at the same time the emphasis on evidence open to historical cross cultural and cross linguistic considerations align with the current notion of situatedness The book is a rich source of information for researchers and students in the fields of Metaphor Studies Economics Discourse Analysis and Communication Studies among others *Researching and Applying Metaphor in the Real World* Graham Low,Alice Deignan,Lynne Cameron,Zazie Todd,2010 It has become increasingly clear that metaphor needs to be explored in terms of the social and discourse context in which it is used especially where the aim is to address real world problems The notion of real world metaphor research has been developed to describe this important area of investigation This book starts by describing the nature and scope of real world metaphor research and then illustrates through 17 detailed mainly empirically based studies the different areas it can apply to and different methodologies that can be employed Research problems are explored in areas such as artificial intelligence language teaching and learning reconciliation dialogue university lecture discourse poetry and wine description Methods include corpus analysis experimentation discourse analysis cross cultural analysis and genre analysis In each case the empirical studies refer back to Gibbs s opening overview of real world research The result is an invaluable and cross referenced collection of papers addressing real world problems **The Language of Crisis** Mimi Huang,Lise-Lotte Holmgreen,2020-07-15 In times of crisis how do people conceptualise and communicate their experiences through different forms and channels How can original research in cognitive linguistics

discourse analysis and crisis studies advance our understanding of the ways in which we interact with and communicate about crisis events In answering these questions this volume examines the unique functions features and applications of the metaphors and frames that emerge from and give shape to crisis related discourses The chapters in this volume present original concepts approaches authentic data and findings of crisis discourses in a wide range of organisational political and personal contexts that affect a diverse body of language users and communities This book will appeal to a broad readership in linguistics sociological studies cognitive sciences crisis studies as well as language and communication researchers and practitioners

Beyond Cognitive Metaphor Theory Monika Fludernik, 2012-03-29 In this innovative collection an international group of scholars come together to discuss literary metaphors and cognitive metaphor theory The volume s goals are three fold The first aim of the book is to present some recent approaches to metaphor which have no immediate connection with cognitive metaphor theory and have developed independently of it While the cognitive approach has become the leading paradigm in the English speaking world elsewhere in Europe rhetorical semantic and logical models have remained in use and continue to be elaborated These models have so far had little international exposure Their inclusion in this study is meant to provide a balance to the cognitive paradigm and to open up a possible discussion of the advantages and disadvantages of cognitive metaphor theory for the analysis of literary texts The second aim of the collection is to illustrate a range of successful applications of the new cognitive models to literary texts And the third aim of the study is to provide an assessment of cognitive metaphor theory from a literary point of view

Anglistics in Lithuania Jonė Grigaliūnienė, Inesa Šeškauskienė, 2013-11-01 This collection of papers offers diverse yet highly professional accounts of multiple cross linguistic and cross cultural aspects of English studies in Lithuania It is valuable for the wide variety of empirical data presented for the insights into both English and Lithuanian which when studied individually sometimes cannot escape a narrower treatment Most of the essays in this volume deal with semantics pragmatics and grammar while others focus on phonetics and language pedagogy The collection is also notable for its use of various different methodologies including triple CL corpus linguistic cognitive linguistic and contrastive linguistic principles of investigation A particular strength of the book is its focus on the contrastive aspect of study Further many of the contributions included here have profound implications for both translation and teaching

Irony in Language Use and Communication Angeliki Athanasiadou, Herbert L. Colston, 2017-12-15 The volume provides original research and analyses of the multi faceted conceptual and verbal process es of irony Key topics explored include interdisciplinary perspectives and approaches to the study of irony Collectively the papers examine irony from psychology embodiment studies philosophy cognitive linguistics the connection and impact of irony on culture and media communication different approaches to verbal irony and others ultimately attempting to model the mechanisms underlying ironic forms and the psycholinguistic motivations for their investigation The comprehensive treatment of these issues is fundamental for future research on irony and related phenomena particularly on questions of its

usage the diversity and or unity of irony and ultimately the interrelationships between figurative thought and language

Metaphor in Communication, Science and Education Francesca Ervas, Elisabetta Gola, Maria Grazia Rossi, 2017-08-07 This collection of papers presents some recent trends in metaphor studies that propose new directions of research on the embodied cognition perspective The overall volume in particular shows how the embodied cognition still remains a relevant approach in a multidisciplinary research on the communicative side of metaphors by focusing on both comprehension processes in science as well as learning processes in education *Pictorial Framing in Moral Politics* Ahmed

Abdel-Raheem, 2018-10-26 This book seeks to extend research on framing beyond linguistic and cognitive perspectives by examining framing in visual and multimodal texts and their impact on moral cognition and attitudes Drawing on perspectives from frame semantics blending theory relevance theory and pragmatics the volume establishes a model of pictorial framing arguing that subtle alterations in the visual presentation of issues around judgment and choice in such texts impact perception and applies this framework to a range of case studies from Egyptian British and American cartoons and illustrations The book demonstrates the affordances of applying this framework in enhancing our understanding of both the nature of word image relations and issues of representation in the op ed genre but also in other forms of media more generally The volume will be of particular interest to students and scholars in multimodality critical discourse analysis cognitive linguistics social psychology and communication studies **The Discursive Construction of Migrant Identities**

Charlotte Taylor, Simon Goodman, Stuart Dunmore, 2025-01-23 This edited volume explores how migrant identities are created and constructed in discourse both by migrants themselves and by others The contributors reveal how migrant identities are discursively constructed by those with lived experiences of mobility and those who view themselves as part of the host population This dual focus responds to a lack of previous research examining migration representation from both perspectives Readers will discover how the discursive constructions of migrant identities in different domains relate to one another The case studies include a broad range of text types from film government documents and narrative accounts to newspapers and Twitter They also cover a wide range of contexts including Argentina Australia Italy Romania and UK making this is a more comprehensive account of the framing of migration than has been previously accomplished The chapters all follow the same structure to help the reader learn how to investigate migration discourses using qualitative and quantitative critical discourse analytic approaches *Contemporary Discourses of Hate and Radicalism across Space and*

Genres Monika Kopytowska, 2017-11-15 This unique volume brings together various academic voices and critical reflections on discursive manifestations of hate and radicalism in contemporary public discourses The authors venture into an array of socio political contexts and public spaces providing a compelling overview of similarities and divergences continuities and discontinuities outward hatred and the politics of denial the use of collective symbols and construction of individual identities Multiple genres are taken under scrutiny including blogs forums internet websites and newspaper coverage political

speeches and debates news reports and broadcast interactions with a view to capturing the themes and pragma rhetorical strategies within texts abundant with radical and hateful messages In addition to examining discourse dynamics and the underlying logic of such texts the contributors to this monograph explore the ideological motivations and the consequences they might have for social actions on both an individual and collective level Highly relevant in the contemporary world divided by conflicts power and resource struggles right wing extremism and crusades against the imaginary Other the book presents state of the art interdisciplinary research that should be of interest to specialists in pragmatics rhetoric sociolinguistics discourse analysis corpus linguistics as well as media and communication studies Originally published as a special issue of *Journal of Language Aggression and Conflict* 3 1 2015 *Revisiting Metaphors in International Relations Theory* Michael P. Marks, 2018-01-08 This book presents an analysis of how metaphors are essential elements in the study of international relations It acknowledges the fact that theory and practice in international relations often rest on common metaphorical concepts which have implications for the ways people around the world pursue their lives Because of the increased attention metaphors have received as integral elements in political discourse there is a need to investigate metaphorical concepts that are not neutral in their implications for understanding international relations Inasmuch as government policy is shaped by metaphorical concepts that originate in the academic realm and given that scholarly works are therefore partially involved in inspiring policy the author subjects a range of metaphors in international relations theory to critical interrogation *Language Practices of Cyberhate in Unfolding Global and Local Realities* Inês Signorini, 2022-03-22 This book presents six related studies that shed light on hateful speech both verbal and multisemiotic in a postcolonial setting relevant to countries of the Global South such as Brazil It offers a body of rich empirical analysis of linguistic discursive and political ideological data Analytical results show how online and offline attacks and related forms of resistance occur and how they involve a complex tangle of national and international flows intersecting and re twining themes narratives and images in the public arena Thereby the book provides insights into how disruptive global flows fuse and transform local flows into tangled and fluid global issues as shown in the sexist and misogynist violence that permeates political ideological struggles in contemporary Brazil and beyond
