[Irish Expatriatism, Language and Literature](#) Michael O'Sullivan, 2018-09-22 This book examines how Irishness as national narrative is consistently understood from a distance Irish Presidents critics and media initiatives focus on how Irishness is a global resource chiefly informed by the experiences of an Irish diaspora predominantly working in English while also reminding Irish people at home that Irish is the national tongue In returning to some of Ireland s major expat writers and international diplomats this book examines the economic reasons for their migration the opportunities they gained by working abroad sometimes for the British Empire and their experiences of writing and governing in non native English speaking communities such as China and Hong Kong It argues

that their concerns about belonging loneliness the desire to buy a place back home and losing a language are shared by today's generation of social network expatriates

Expatriate Sarah Kunz, 2023-01-10 Who are expatriates How do they differ from other migrants And why should we care about such distinctions Expatriate interrogates the contested category of the expatriate to explore its history and politics its making and lived experience Drawing on ethnographic and archival research the book offers a critical reading of International Human Resource Management literature explores the work and history of the Expatriate Archive Centre in The Hague and studies the usage and significance of the category in Kenyan history and present day expat Nairobi Doing so the book traces the figure of the expatriate from the mid twentieth century era of decolonisation to today's heated debates about migration The expatriate emerges as a malleable and contested category of shifting meaning and changing membership and as passionately embraced by some as it is rejected by others The book situates the changing usage of the term in the context of social political and economic struggle and explores the material and discursive work the expatriate performs in negotiating social inequalities and power relations Migration the book argues is a key terrain on which colonial power relations have been reproduced and translated and migration categories are at the heart of the insidious ways that intersecting material and symbolic inequalities are enacted today Any project for social justice needs to dissect and interrogate categories like the expatriate and this book offers analytical and methodical strategies to advance this project
