*One Blinding Vision* R. James Shupp, 2005 At this moment if someone listened to your beating heart whose heart would they hear Have you captured the heart of Jesus Christ Is it pounding for Him What about your mind Does it think like the Carpenter from Galilee And your eyes Are they focused on the risen returning King of Glory This book reflects my personal journey to answer these questions in my own life It s an honor and a privilege to share my discoveries with you Back cover

**The Four Vision Quests of Jesus** Steven Charleston, 2015-05-01 A unique look at Christian biblical interpretation and theology from the perspective of Native American tradition This book focuses on four specific experiences of Jesus as portrayed in the synoptic gospels It examines each story as a vision quest a universal spiritual phenomenon but one of particular importance within North American indigenous communities Jesus experience in the wilderness is the first quest It speaks to a foundational Native American value the need to enter into the we rather than the I The Transfiguration is the second quest describing the Native theology of transcendent spirituality that impacts reality and shapes mission Gethsemane is the third quest It embodies the Native tradition of the holy men or women who find their freedom through discipline and concerns for justice compassion and human dignity Golgotha is the final quest It represents the Native sacrament of sacrifice e g the Sun Dance The chapter on Golgotha is a discussion of kinship balance and harmony all primary to Native tradition and integral to Christian thought

[A Quest for the Historical Christ](#) Anthony Giambrone, 2022-02-18 A Quest for the Historical Christ brings together a collection of interrelated essays on the historical Jesus and primitive Christology Sensitive to the diverse but traditionally Protestant assumptions and perspectives of the Quest as well as to the widely lamented disconnect between New Testament exegesis and classical dogmatic theology an alternative approach is proposed in these pages Ecumenical and conciliar reference points along with non confessional historical methods e g archeology shape the basic project which nevertheless assumes some distinctive and important Catholic contours The book is divided into three sections Historical Foundations Theological Perspectives and Jesus and the Scriptures While the individual chapters represent independent probes the cumulative argument and arc of the study drives in clear and concerted directions After a first approach to the Gospel data attentive at once to historiographical and historical questions a series of interventions reorienting the present scholarly discussion are suggested These various foundational essays lead finally to a sustained meditation on the mind of Christ considered as a unique reader of the Scriptures a meditation having its proper reflex and reflection in the way Christians themselves as readers of the Gospels participate in the Lord s own encounter with the living Word

*Rethinking Our Story* G. Douglas Hammack, 2014-01-13 If it ain t broke don t fix it But it s no secret that the Christian church is broke and does need fixing Despite great effort things are going badly for us We ve tried trendy and tech savvy entrepreneurial and coffee house gritty They re not helping Our problem is deeper than that Our problem is our instincts instincts informed by our story There was a time when the Christian church was a powerfully transformative

presence in society It can be again but it will require radical rethinking of the story that informs our instincts And it s time It s been five hundred years since the Reformation our last major update Today is a pivotal moment in history With our worldview upended by quantum physics history is demanding we renew the Christian story for our times Rethinking Our Story reframes the elements of the Christian narrative for the new era It explores quantum ways of thinking about God human nature Jesus salvation and the afterlife The future of the church and the health of our society depend on our willingness to rethink retell and live out a better story We will either update our instincts and contribute to the earth s well being or disappear into oblivion

**Inventing Christic Jesuses, Volume 1** Charles A. Wilson,2017-11-09 Inventing Christic Jesuses is the first comprehensive proposal for how revisionist theology can deploy historical Jesus research in a methodologically sophisticated way Rejecting positions that insulate theology from Jesus research the proposal sets out warrants and rules for a quested Christology in dialogue with an analysis of the conduct of historians of Jesus from the period of the Third Quest c 1980 2010 The volume Method analyzes for theology the methods and values of historical research on Jesus It argues that the methodic construction of historical images of Jesus in conversation with sources is simultaneously a retrojective activity of value production First in defining the terms of the inquiry Wilson locates a middle ground between hostility to questing and a too ready application of historical results to Christology He then identifies rules and warrants for the deployment of Jesus research in theology and reconstructs the notion of the retrojection of value in the production of a historical Jesus The volume ends with a case study of retrojective Jesus production an analysis and assessment of the new notion that Jesus is a sage in the tradition of wisdom

**The Quest of the Historical Jesus** Albert Schweitzer,2001-01-01 This groundbreaking work which established the reputation of Albert Schweitzer as a theologian traces the search for the historical figure of Jesus apart from the Christ of faith and establishes the author s own views

all the entities of creation be they at the 4th or the seventh density of existence Human beings have a penchant for discovery of things that have been discovered in the past We always say we discovered innovated or created when in fact as you read from artifacts of yore or the libraries of Nineveh discovered in Southern Iraq or Mesopotamia almost everything we have today have been discovered or are in use during those times including lap tops geodetic laser measuring devices jet planes helicopters airplanes even tractors Tractors are described as roaring machines that cultivates the soil in Africa Take it from author Zechariah Sitchin and you will wonder Thus the human being is a Creator itself created by the Maker to create beautiful things so Infinity can experience it thru us We even duplicated and know and applied in our power systems the basic creation of God Fusion The olden civilizations that in Egypt and the Americas are filled with facts that detail achievements of the human race and teachings that are truth but today have been adulterated to appear as possible witchcraft when in fact are real descriptions of the Law of One taught by the golden people of Venus that of RA social memory complex and the higher beings of nearby stars which can be seen at our dark night stars of Arcturus and Sirius The Orion star are of the negative origin and their teachings are yes negatives like that one we call Yahweh who masquerade teaching positive but in the real sense negative Again these are the teachings of Thou Shalt Not as it gives to you the negatives Why would you teach thou shalt not kill You can simply say Though shall love thy neighbour as you love thyself This is the positive way never an inkling of bad that will definitely sink in our one year old brain always a year old so says the adept Our world has been a belligerent troubled civilization as far as my memories can remember World War I II and the Cold War from my childhood to the present The nuclear bombs stored in various countries o

**On the Mystical Life** Saint Symeon (the New Theologian),1995 St Symeon the New Theologian was abbot of the monastery of St Mamas in Constantinople at the turn of the eleventh century He was also perhaps the most remarkable and certainly the most forceful advocate of the mystical experience of God in the history of the Byzantine Church Though they were on occasion suppressed by ecclesiastical authorities wary of his fierce enthusiasm as well as of his claims to charismatic authority St Symeon s writings survived in the Orthodox Church and continued to play a vital role in the several renewals of spiritual life and prayer which has sustained the Church in its often difficult history over the past millennium

The Five Stages of the Soul Harry R. Moody,David Carroll,1998-07-13 An exciting exploration of the spiritual passages we go through as we age from midlife crises to the search for inner purpose and the rich possibilities they offer for fulfillment in the life journey Based on twenty years of research The Five Stages of the Soul is the first book to focus squarely on the spiritual passages that the majority of us go

through offering readers a detailed road map of their quest for meaning and self discovery Interweaving psychology religion myth and literature Harry Moody in the bestselling tradition of Joseph Campbell Thomas Moore and Scott Peck charts the passages of countless individuals across the country who have journeyed through the five stages of spiritual awakening common to almost all of us the Call the Search the Struggle the Breakthrough and finally the Return Dr Moody s insightful and wonderfully affirming narrative reveals the challenges and opportunities offered us by the spiritual stages we go through as we explore the question of meaning in our lives      **The Lutheran Standard** ,1981      **Radically Real** David C

Weiss,2002-07-20 As Christians how do we know for sure we re walking the talk living the example being the salt and light we re commanded to be in the Bible Do nonbelievers see the joy and authenticity in our lives Radically Real is a wakeup call to believers to look at the way we live our lives and to return to biblical Christianity To be Fishers of Men we must leave judgment on the doorstep Instead of following legalistic rules we re charged by Jesus to reach out to those around us about our faith and meet them where they are just like our Lord did Radically Real reminds believers of the high price our Savior paid for us out of His great love gives guidance in keeping our swords sharp by staying in the Word and being the fire that burns brightly with the light of Christ in a dark world in need of the Gospel s message Christianity isn t a cold lifeless ruthless set of rules that believers must endure in order to get to Heaven To be a child of God is to have access to a vibrant exciting and fulfilling life if only we leave the middle of the road and make the choice to stand with our transforming Lord

**Reformed Church Messenger** ,1909      **The Englishman's Critical and Expository Bible Cyclopaedia** Andrew Robert Fausset,1886      **Eis Peirasmón** Federico Elmetti,2022-09-28 For the past two thousand years theologians and biblical scholars have been furiously debating the correct interpretation of the sixth petition of the Lord s Prayer and lead us not into temptation Despite all the hypotheses proposed no convincing solution has been found to date In fact every single attempt has crashed against insurmountable difficulties Even within the church the debate on this topic is far from settled Recently both France and Italy approved new translations that deviate substantially from the two thousand year old traditional Latin version Since God cannot be the one leading us into temptation Satan is it becomes necessary to reformulate the petition by hiding God s responsibility under convoluted permissive constructs But can any of these interpretations have any exegetical justification This book is an ambitious and reckless attempt from the point of view of an outsider of a theoretical physicist to rethink the Lord s Prayer from the beginning and with it to come closer if possible to the authentic message of Christ As a result of a rigorous deductive scientific approach that minimizes any hermeneutical bias the meaning of the sixth petition will spontaneously emerge and appear to the reader in its simplicity and elegance      On the Mystical Life: Life, times and theology Saint Symeon (the New Theologian),1995      *The Congregationalist* ,1929
