One Child The Story Of Chinas Most Radical Experiment:

One Child Mei Fong, 2015-11-03 A Pulitzer Prize winning journalist offers an intimate investigation of China's one child policy and its consequences for families and the nation at large For over three decades China exercised unprecedented control over the reproductive habits of its billion citizens Now with its economy faltering just as it seemed poised to become the largest in the world the Chinese government has brought an end to its one child policy It may once have seemed a shortcut to riches but it has had a profound effect on society in modern China Combining personal portraits of families affected by the policy with a nuanced account of China's descent towards economic and societal turmoil Mei Fong reveals the true cost of this controversial policy Drawing on eight years of research Fong reveals a dystopian legacy of second children refused documentation by the state only children supporting their parents and grandparents and villages filled with ineligible bachelors A vivid and thoroughly researched piece of on the ground journalism One Child humanizes the policy that defined China and warns that the ill effects of its legacy will be felt across the globe *The Guardian* UK

One Child Mei Fong, 2016-11-28 An intimate investigation of the world's largest experiment in social engineering revealing how its effects will shape China for decades to come and what that means for the rest of the world

Gender and International Criminal Law Indira Rosenthal, Valerie Oosterveld, Susana SáCouto, 2022-06-16 The last few decades have seen remarkable developments in international criminal justice especially in relation to the pursuit of individuals responsible for sexual violence and other gender based crimes Historically ignored justified or minimised this category of crimes now has a heightened profile in the international political and judicial arena Despite this gender is poorly understood and blind spots biases and stereotypes prevail This book brings together leading feminist international criminal and humanitarian law academics and practitioners to examine the place of gender in international criminal law ICL It identifies and analyses past and current narrow understandings of gender before considering how a limited conceptualization affects accountability efforts The authors consider how best to implement a more nuanced understanding of gender in the practice of international criminal law by identifying possible responses including embedding a sophisticated gender strategy into the practice of ICL the gender sensitive application of international human rights and humanitarian law and encouraging a gender competent approach to judging in ICL The authors aim is to strengthen efforts for accountability for all atrocity crimes war crimes crimes against humanity genocide and aggression

Haunted by Chaos Sulmaan Wasif Khan, 2022-07-19 An American Interest Book of the Year Khan has unraveled the mystery of Chinese grand strategy showing why insecurity lies at the root of Chinese power projection Readers will not find a shrewder analysis as to why the Chinese act as they do Robert D Kaplan author of *The Revenge of Geography* The essential guidebook to the evolution of China's strategy crucial if

we are to avoid conflict with this emerging superpower Admiral James Stavridis former Supreme Allied Commander of NATO

An outstanding contribution to our understanding of that most urgent of contemporary geopolitical questions what does China want Rana Mitter author of *Forgotten Ally* Before the Chinese Communist Party came to power China lay broken and fragmented Today it dominates the global stage and yet its leaders have continued to be haunted by the past Analyzing the calculus behind decision making at the highest levels Sulmaan Wasif Khan explores how China's leaders have harnessed diplomatic military and economic power to keep a fragile country safe in a hostile world At once shrewd and dangerous Mao Zedong made China whole and succeeded in keeping it so while the caustic Deng Xiaoping dragged China into the modern world Jiang Zemin and Hu Jintao were cautious custodians of Deng's legacy but Xi Jinping has shown an assertiveness that has raised concern across the globe China's grand strategies while costly have been largely successful But will this time tested approach be enough to tackle the looming threats of the twenty first century

Chinese Village Life Today Gonçalo Santos, 2021-08-22 An intimate look at twenty first century households in rural China China has undergone a remarkable process of urbanization but a significant portion of its citizens still live in rural villages To gain better access to jobs health care and consumer goods villagers often travel or migrate to cities and that cyclical transit and engagement with new technoscientific and medical practices is transforming village life In this thoughtful ethnography Gonçalo Santos paints a richly detailed portrait of one rural township in Guangdong Province north of the industrialized Pearl River Delta region Unlike previous studies of rural urban relations and migration in China *Chinese Village Life Today* based on Santos's more than twenty years of field research starts from a rural community's point of view rather than the perspective of major urban centers Santos considers the intimate choices of village families in the face of larger forces of modernization showing how these negotiations shape the configuration of daily village life from marriage childbirth and childcare to personal hygiene and public sanitation Santos also outlines the advantages of a rural existence including a degree of autonomy over family planning and community life that is rare in urban China Filled with vivid anecdotes and keen observations this book presents a fresh perspective on China's urban rural divide and a grounded theoretical approach to rural transformation

War or Peace Deepak Lal, 2018-05-22 Today's international climate is one of disorder A League of Dictators China Russia Iran is threatening the superpower status of the United States of America and the liberal international order it has underwritten A piecemeal Third World War seems to have begun Eminent economist Deepak Lal argues that the global financial crisis was the proximate cause for a revanchist China and Russia believing that the liberal economic order promoted by the US was on its deathbed and their illiberal systems were the future But Lal argues that reports of the economic woes of the US are greatly exaggerated as are those of China's prospects and Russia's power With a new regime and the US continuing overwhelming economic and military strength it can maintain its global hegemony by challenging the League of Dictators India is increasingly a partner in this effort to maintain a liberal global order by helping contain China's burgeoning influence

Self-Identity Narratives of Chinese Students in the United States Sarah Y. Köksal, 2023-01-31 While previous research has explored the academic adaptation or acculturation processes of Chinese students studying abroad limited attention has been paid to students own perspectives and narrations of their experience To contribute to a more nuanced understanding of this highly mobile group this study takes a closer look at the students self identity narratives How do they make sense of their foreign adventure How do they position themselves among their peers and their family members as well as within the greater transnational context Based on 29 in depth biographical interviews with Chinese students in the United States the findings show the participants continuously interpreting and revising their individual academic and cultural identities In the familial context a recurring narrative of the high potential only child could be observed Many students and their family members felt that their unique talents and personalities were not appreciated within the Chinese educational system and thus sought more holistic environments abroad

Ending Midlife Bias Nancy S. Jecker, 2020-05-01 We live at a time when the human lifespan has increased like never before As average lifespans stretch to new lengths what impact should this have on our values Should our values change over the course of our ever increasing lifespans Nancy S Jecker coins the term the life stage relativity of values to capture the idea that at different stages of our lives different ethical concerns shift to the foreground During early life infants and small children hold dear the value of being cared for and nurtured by someone they trust and their vulnerability and dependency make these the right values for them By early adulthood and continuing into midlife the capacity for greater physical and emotional independence gives people reason to place more emphasis on autonomy and the ability to freely choose and carry out their plan of life During old age heightened risk for chronic disease and disability gives us a reason to shift our focus again emphasizing safeguarding our central capabilities and keeping our dignity and self respect intact Despite different values becoming central at different stages of life we often assume the standpoint of someone in midlife who is in the midst of planning a future adulthood that stretches out before them Jecker coins the term midlife bias to refer to the privileging of midlife Midlife bias occurs when we assume that autonomy should be our central aim at all life stages and give it priority in a wide range of ethical decisions The privileging of midlife raises fundamental problems of fairness It also suggests the possibility of large gaps in the ethical principles and theories at hand *Ending Midlife Bias* New Values for Old Age addresses these concerns in a step wise fashion focusing on later life Jecker first introduces a philosophical framework that extends moral theorizing to older adults addressing midlife bias the life stage relativity of values human capabilities and dignity time s passage the narrative self and justice between old and young She then turns to policy and practice and explores ethical issues in bioethics long term care personal robotic assistants care of the dying and newly dead ageism in medical research the allocation of healthcare mandatory retirement and the future of population aging
