One Year After A Novel:

One Year After William R. Forstchen, 2015-09-15 *One Year After* is the New York Times bestselling follow up to William R. Forstchen's smash hit *One Second After* the novel cited on the floor of Congress as a book all Americans should read. The story begins one year after *One Second After* ends two years since nuclear weapons were detonated above the United States and brought America to its knees. After months of suffering starvation, war, and countless deaths, the survivors of Black Mountain, North Carolina, are beginning to recover. Technology and supplies they had once taken for granted, like electricity, radio communications, and medications, are returning. When a federal administrator arrives in a nearby city, they dare to hope that a new national government is finally emerging. That hope quickly diminishes when town administrator John Matherson learns that most of the young men and women in the community are to be drafted into the Army of National Recovery and sent to trouble spots hundreds of miles away. He and the people of Black Mountain protest vehemently. But the New Regime is already tyrannizing one nearby community. Will Matherson's friends and neighbors be next? The John Matherson Series 1 *One Second After* 2 *One Year After* 3 *The Final Day* Other Books *Pillar to the Sky* 48 Hours At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Widow for One Year John Irving, 2012-05-08 One night when she was four and sleeping in the bottom bunk of her bunk bed, Ruth Cole woke to the sound of lovemaking; it was coming from her parents' bedroom. This sentence opens John Irving's ninth novel, *A Widow for One Year*, a story of a family marked by tragedy. Ruth Cole is a complex, often self-contradictory character, a difficult woman. By no means is she conventionally nice, but she will never be forgotten. Ruth's story is told in three parts, each focusing on a critical time in her life. When we first meet her on Long Island in the summer of 1958, Ruth is only four. The second window into Ruth's life opens on the fall of 1990 when she is an unmarried woman whose personal life is not nearly as successful as her literary career. She distrusts her judgment in men for good reason. *A Widow for One Year* closes in the autumn of 1995 when Ruth Cole is a forty-one-year-old widow and mother. She's about to fall in love for the first time. Richly comic as well as deeply disturbing, *A Widow for One Year* is a multilayered love story of astonishing emotional force. Both ribald and erotic, it is also a brilliant novel about the passage of time and the relentlessness of grief.

Kristeva's Fiction Benigno Trigo, 2013-09-17 With published work spanning more than forty years, Julia Kristeva's influence in psychoanalysis and literary theory is difficult to overstate. In addition to this scholarship, Kristeva has written several novels; however, this portion of her oeuvre has received comparatively scant attention. In this book, Kristeva scholars from a number of disciplines analyze her novels in relation to her work in psychoanalysis, interrogating the relationships between fiction and theory. The essays explore questions including what is the value of experimental writing that escapes easy definition and classification, putting ideas at the same level as character, pacing, plot, suspense, form, and style. And how might such fiction help its readers overcome the psychological maladies that affect contemporary society? The contributors make a compelling case for understanding Kristeva's fiction as a crucial

influence to her wider psychoanalytic project *Look Away!* Jon Smith, Deborah Cohn, 2004-07-21 Examines what happens to our paradigms of the American south if we understand the south hemispherically to include Latin America and the Caribbean

A Novel Marketplace Evan Brier, 2012-02-25 As television transformed American culture in the 1950s critics feared the influence of this newly pervasive mass medium on the nation's literature While many studies have addressed the rhetorical response of artists and intellectuals to mid twentieth century mass culture the relationship between the emergence of this culture and the production of novels has gone largely unexamined In *A Novel Marketplace* Evan Brier illuminates the complex ties between postwar mass culture and the making marketing and reception of American fiction Between 1948 when television began its ascendancy and 1959 when Random House became a publicly owned corporation the way American novels were produced and distributed changed considerably Analyzing a range of mid century novels including Paul Bowles's *The Sheltering Sky* Ray Bradbury's *Fahrenheit 451* Sloan Wilson's *The Man in the Gray Flannel Suit* and Grace Metalious's *Peyton Place* Brier reveals the specific strategies used to carve out cultural and economic space for the American novel just as it seemed most under threat During this anxious historical moment the book business underwent an improbable expansion by capitalizing on an economic boom and a rising population of educated consumers and by forming institutional alliances with educators and cold warriors to promote reading as both a cultural and political good *A Novel Marketplace* tells how the book trade and the novelists themselves successfully positioned their works as embattled holdouts against an oppressive mass culture even as publishers formed partnerships with mass culture institutions that foreshadowed the multimedia mergers to come in the 1960s As a foil for and a partner to literary institutions mass media corporations assisted in fostering the novel's development as both culture and commodity

Paris and the Marginalized Author Valérie K. Orlando, Pamela A. Pears, 2018-10-15 This volume of essays explores what it is that has brought marginalized and often exiled writers seen as treacherous alienated and or queer by their societies and nations together by way of Paris Spanning from the inter war period of the late 1920s to the present millennium this volume considers many seminal questions that have influenced and continue to shape the realm of exiled writers who have sought refuge in Paris in order to write

Additionally the volume's essays seek to define alienation and marginalization as not solely subscribing to any single denominator sexual preference gender or nationality but rather as shared modes of being that allow authors to explore what it is to write from abroad in a place that is foreign yet freed of the constrictions of one's home space What makes Paris a particularly fruitful space that has allowed these authors and their writings to cross national ethnic racial religious and linguistic boundaries for over a century What is it that brings together writers such as Moroccan Abdellah Taïa Americans James Baldwin Richard Wright and most recently Ta Nehisi Coates and Shay Youngblood Algerian Nabila Farès Franco Algerian Leïla Sebbar Canadian Nancy Huston French Jean Genet and French Vietnamese Linda Le Hoang Do their representations and understanding of transgression and marginalization transcend national linguistic and ethnic boundaries leading ultimately to revolution both literary and literal How does their writing help us to trace the history of Paris as a literary and artistic capital that has been useful for authors exploration of the Self race and home country These are but a few of the many questions explored in this volume This book relies on an inherently intersectional approach which is not based in reified identities whether they be LGBT postcolonial ethnic national or linguistic Instead we posit that for example queer theory and a politics of difference can help us investigate the dynamics of these multiple identity positions and hence provide a broader understanding of the lived experiences of these writers and perhaps their readers from the early 1940s to the present
