The Assimilated Cuban's Guide to Quantum Santeria Carlos Alberto Hernandez, 2016 **Assimilated Cuban's Guide to Quantum Santeria** Carlos Hernandez, 2016-01-01 A quirky collection of short sci fi stories for fans of Kij Johnson and Kelly Link Assimilation is founded on surrender and being broken this collection of short stories features people who have assimilated but are actively trying to reclaim their lives There is a concert pianist who defies death by uploading his soul into his piano There is the person who draws his mother's ghost out of the bullet hole in the wall near where she was executed Another character has a horn growing out of the center of his forehead punishment for an affair But he is too weak to end it too much in love to be moral Another story recounts a panda breeder looking for tips And then there's a border patrol agent trying to figure out how to process undocumented visitors from another galaxy Poignant by way of funny and philosophical by way of grotesque Hernandez's stories are prayers for self sovereignty [Clockwork Phoenix 5](#) Jason Kimble, Rachael K. Smithsonian anthropologist Michael Atwood Mason traveled to Cuba for initiation as a priest into the Santería religion Since then he has created an active orisha house and has initiated five others as priests He is a rare combination a scholar practitioner who is equally fluent in his profession and his religion Interweaving his roles as researcher and priest Mason explores Santería as a contemporary phenomenon and offers an understanding of its complexity through his own experiences and those of its many practitioners Balancing deftly between a devotee's account of participation and an anthropologist's theoretical analysis Living Santería offers an original and insightful understanding of this growing religious tradition
