Trauma-sensitivity and Peacebuilding Lydia Wanja Gitau, 2017-08-18 This book identifies a gap in peacebuilding theory and practice in terms of sensitivity to trauma and its impact on the survivors of war and other mass violence The research focuses on the traumatic experiences and perceptions of peace of South Sudanese refugees in Kakuma Refugee Camp in Northwestern Kenya It further explores the possibilities for peacebuilding identified in these perceptions A lack of sensitivity to the trauma experienced by the survivors of conflict and mass violence leads to interventions that are at best removed from and at worst detrimental to the welfare of the survivors Interventions that take into consideration the complex and multifaceted ways in which the survivors experience and respond to the traumatic events encourage capacities for resilience in the survivors engage the creative arts in peacebuilding and emphasise the centrality of community and relationships are seen to assist the survivors in recovery from trauma and to facilitate peacebuilding Diverse anecdotes and real life stories from the research participants The journey as a recurring motif throughout the book weaved in a clear easy to read style of writing

Troubling Archives Julia Rensing, 2025-05-23 Namibia's colonial history casts a long shadow over the country's present Contemporary authors and artists confront the legacies of German and South African colonial rule and engage creatively with the persistent remnants of the past In their works the archive remains both an

invaluable and fraught resource for accessing obscured histories Julia Rensing examines how writers and artists from Namibia and South Africa navigate archival silences omissions and power structures to renegotiate historical narratives and address intergenerational trauma Their creative practices challenge conventional understandings of archives and forms of commemoration highlighting the diverse experiences that shape Namibian society and memory cultures **A Web of Words** Richard J. Gray, 2007 Helps readers understand how any literary tradition involves an open conversation between its texts a web of words that stretches from the local to the transnational This book charts 3 different intertextual practices involving writings both within and outside the South The Compulsive Reassurance Seeking Workbook Amanda Petrik-Gardner, 2024-06-01 Repetitive reassurance seeking is one of the most common and difficult to treat compulsions for individuals with obsessive compulsive disorder OCD This workbook gives readers powerful skills grounded in cognitive behavior therapy CBT for overcoming the need to know for sure so they can learn to trust their own senses live with confidence and break the cycle of OCD once and for all **Intermediality and Storytelling** Marina Grishakova, Marie-Laure Ryan, 2010 The narrative turn in the humanities which expanded the study of narrative to various disciplines has found a correlate in the medial turn in narratology Long restricted to language based literary fiction narratology has found new life in the recognition that storytelling can take place in a variety of media and often combines signs belonging to different semiotic categories visual auditory linguistic and perhaps even tactile The essays gathered in this volume apply the newly gained awareness of the expressive power of media to particular texts demonstrating the productivity of a medium aware analysis Through the examination of a wide variety of different media ranging from widely studied such as literature and film to new neglected or non standard ones such as graphic novels photography television musicals computer games and advertising they address some of the most fundamental questions raised by the medial turn in narratology how can narrative meaning be created in media other than language how do different types of signs collaborate with each other in so called multi modal works and what new forms of narrativity are made possible by the emergence of digital media **German Cinema - Terror and Trauma** Thomas Elsaesser, 2013-10-30 In German Cinema Terror and Trauma Since 1945 Thomas Elsaesser reevaluates the meaning of the Holocaust for postwar German films and culture while offering a reconsideration of trauma theory today Elsaesser argues that Germany's attempts at mastering the past can be seen as both a failure and an achievement making it appropriate to speak of an ongoing guilt management that includes not only Germany but Europe as a whole In a series of case studies which consider the work of Konrad Wolf Alexander Kluge Rainer Werner Fassbinder Herbert Achterbusch and Harun Farocki as well as films made in the new century Elsaesser tracks the different ways the Holocaust is present in German cinema from the 1950s onwards even when it is absent or referenced in oblique and hyperbolic ways Its most emphatically absent presence might turn out to be the compulsive afterlife of the Red Army Faction whose acts of terror in the 1970s were a response to as well as a reminder of Nazism's hold on the national

imaginary Since the end of the Cold War and 9 11 the terms of the debate around terror and trauma have shifted also in Germany where generational memory now distributes the roles of historical agency and accountability differently Against the background of universalized victimhood a cinema of commemoration has if anything confirmed the violence that the past continues to exert on the present in the form of missed encounters retroactive incidents unintended slippages and uncanny parallels which Elsaesser reviving the full meaning of Freud's *Fehlleistung* calls the parapractic performativity of cultural memory

Dark Souls : Beyond the Grave - Volume 1 Damien Mecheri, Sylvain Romieu, 2019-02-19 Story of a saga video games If the Dark Souls series managed to seduce players and journalists it was mainly by word of mouth It was such a great success that Dark Souls 2 was named Game of the Year 2014 by the vast majority of gaming magazines and websites To date this saga is one of the most important in the gaming industry The odd thing is that these games are well known for their difficulty and their cryptic universe This publication narrates the epic success story but also describes its gameplay mechanics and its specific lore across more than 300 pages Characters plots and the scenario of the three Souls Demon's Souls Dark Souls and Dark Souls II are deciphered by Damien Mecheri and Sylvain Romieu who spent a long year studying these dense and enigmatic games down to the smallest detail The series Dark Souls and her spiritual father Demon's Souls will not have secrets for you anymore
