Therapy for Kings promotes the value of introspection for all people offering an alternative understanding of therapy Charles C Daniels Jr Ph D a licensed independent clinical social worker and therapist hopes to make the idea of therapy more palatable to a population of people that sees it as inherently negative His approach reminds leaders or kings that to be successful we must engage in a reflective process As you read you ll consider questions such as How can you have productive internal conversations What steps can you take to best manage your kingdom How can you overcome emotional pain What can you do to get unstuck You are either a developing king or blind to the king in you and sometimes staying blind is a choice The author fundamentally believes that we can nurture ourselves strengthen internal awareness and be healthy This is a call for all kings to look in the mirror accept their shortcomings and take steps to get better every day The King's Baker Rollin Woodruff,2013-02-18

My days are numbered and so I want you to know youre neither too bad nor bad enough to receive what some folks may have had planned for you Some folks participate in control and use violence oppression and the law of man to do criminal things to usually the innocent and or those put in a defenceless position They use their positions of authority to kill maim and torture people who stray and for recourse swim in the blood of indifference So I wrote many books that puts their taboo on a short leash So here we are toe to toe Ive smoked packages of cigarettes a day far almost 40 years and have come to the conclusion that those whose mercy and trusting nature need a little more understanding because the fraud of the spiritually blind only meet out bogus control which when endured like a mouse is their cooperation They cheat they steal they lie and they kill for this So enjoy it this small fragment of unwavering hard core discipline that isnt afraid of neither anything nor anyone besides Christ Jesus when he is furious *The Mudrooroo/Müller Project* Gerhard Fischer,Paul Behrendt,Brian Syron,1993

zeroes in on those expressions and sayings and their variations that are funny quirky just plain folksy or playfully dressed up in rhyme or alliteration Some may have become clichés that as it is said with tongue in cheek should be avoided like the plague Others have been distorted deemed politically incorrect or shrouded in mystery and must bear some explanation Among the topics the author delves into are expressions that shouldn't be taken literally dressed to kill and kick the bucket foreign expressions that crept into English *carte blanche* *carpe diem* and *que sera sera* phrases borrowed from print ads and TV commercials where there's life there's Bud and where the rubber meets the road animal images a barrel of monkeys and chasing your tail and food and drink cast your bread upon the water chew the fat bottom's up and drink as a lord Here's a book for everyone who delights in the mysteries of language and the perfect gift for all the wordies in your life
