One Day Itll All Make Sense By Common Sep 13 2011:

Wake Up Rev. Marlon F. Hall, Dr. Cheryl Kirk-Duggan, 2011-06-01 First an expression of black urban youth Hip Hop music continues to expand as a cultural expression of youth and now young adults more generally As a cultural phenomenon it has even become integral to the worship experience of a growing number of churches who are reaching out to these groups This includes not just African American churches but churches of all ethnic groups Once seen as advocating violence Hip Hop can be the Church s agent of salvation and praise to transform society and reach youth and young adults in greater numbers After looking at Hip Hop s socio historical context including its African roots Wake Up shows how Hip Hop has come to embody the worldview of growing numbers of youth and young adults in today s church The authors make the case that Hip Hop represents the angst and hope of many youth and young adults and that by examining the inherent religious themes embedded in the music the church can help shape the culture of hip hop by changing its own forms of preaching and worship so that it can more effectively offer a message of repentance and liberation

Representing Islam Kamaludeen Mohamed Nasir, 2020-12-01 How do Muslims who grew up after September 11 balance their love for hip hop with their devotion to Islam How do they live the piety and modesty called for by their faith while celebrating an art form defined in part by overt sexuality violence and profanity In Representing Islam Kamaludeen Mohamed Nasir explores the tension between Islam and the global popularity of hip hop including attempts by the hip hop ummah or community to draw from the struggles of African Americans in order to articulate the human rights abuses Muslims face Nasir explores state management of hip hop culture and how Muslim hip hoppers are attempting to Islamize the genre s performance and jargon to bring the music more in line with religious requirements which are perhaps even more fraught for female artists who struggle with who has the right to speak for Muslim women Nasir also investigates the vibrant underground hip hop culture that exists online For fans living in conservative countries social media offers an opportunity to explore and discuss hip hop when more traditional avenues have been closed Representing Islam considers the complex and multifaceted rise of hip hop on a global stage and in doing so asks broader questions about how Islam is represented in this global community
