Henderson,2000-09-01 Volume 2 in the two volume set about overcoming the odds in African American Education      Latino Dropouts in Rural America Carolyn Hondo,Mary E. Gardiner,Yolanda Sapien,2008-03-13 This book affords Latino high school dropouts from rural communities in Idaho the opportunity to tell their stories in their own words It candidly reveals students school experiences explores why students leave school and looks at the impact of the No Child Left Behind Act 2001 Four of the nine students interviewed for the book passed NCLB mandated state graduation tests two others passed two of three sections and all were capable of achieving success in school The decision to leave school was connected with students seeking personal satisfaction and to reduce the social psychological pain of schooling In certain cases principals and teachers blamed the Latino students for disadvantaging the school Latino Dropouts in Rural America presents a systematic approach

for addressing the main problem a lack of cultural responsiveness in school curriculum instruction policies and practices The leadership plan recommended by the authors will help educators to understand the lives of rural Latino youth and to critique their own schools *Handbook of Research on Learning Outcomes and Opportunities in the Digital Age* Wang, Viktor, 2015-12-22 Education and learning opportunities bring about the potential for individual and national advancement As learners move away from traditional scholarly media and toward technology based education students gain an advantage with technology in learning about their world and how to interact with modern society The Handbook of Research on Learning Outcomes and Opportunities in the Digital Age provides expert research relating to recent technological advancements technology and learning assessments and the effects of technology on learning environments making it a crucial reference source for researchers scholars and professors in various fields *Lifespan Development in Context* Tara L. Kuther, 2023-02-24 Award winning author Tara Kuther presents Lifespan Development in Context Second Edition a topically oriented edition of her bestselling text that provides a panoramic view of the many influences that shape human development Kuther s student friendly narrative illustrates how the places sociocultural environments and ways in which we are raised influence who we become and how we grow and change throughout our lives Three core themes resonate throughout each chapter and across each developmental domain and topic the centrality of context the importance of research and the applied value of developmental science Foundational theories and classic studies are woven together with contemporary research and culturally diverse perspectives for a full updated introduction to the field that is both comprehensive and concise Case studies real world applications and video examples ignite critical thinking and class discussion ensuring students have the tools they need to apply course concepts to their lives and future careers **The Evolving Citizen** Jay P. Childers, 2015-06-29 It has become a common complaint among academics and community leaders that citizens today are not what they used to be Nowhere is this decline seen to be more troubling than when the focus is on young Americans Compared to the youth of past generations today s young adults so the story goes spend too much time watching television playing video games and surfing the Internet As a result American democracy is in trouble The Evolving Citizen challenges this decline thesis and argues instead that democratic engagement has not gotten worse it has simply changed Through an analysis of seven high school newspapers from 1965 to 2010 this book shows that young people today according to what they have to say for themselves are just as enmeshed in civic and political life as the adolescents who came before them American youth remain good citizens concerned about their communities and hopeful that they can help make a difference But as The Evolving Citizen demonstrates today s youth understand and perform their roles as citizens differently because the world they live in has changed remarkably over the last half century
