**Neither Jew nor Greek** James D. G. Dunn, 2015 In Christianity in the making James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity **Neither Jew nor**

**Greek?** Judith Lieu, 2015-11-19 A ground breaking study in the formation of early Christian identity by one of the world's leading scholars In Neither Jew Nor Greek Judith Lieu explores the formation and shaping of early Christian identity within Judaism and within the wider Graeco Roman world in the period before 200 C E Lieu particularly examines the way that literary texts presented early Christianity She combines this with interdisciplinary historical investigation and interaction with scholarship on Judaism in late Antiquity and on the Graeco Roman world The result is a highly significant contribution to four of the key questions in current New Testament scholarship how did early Christian identity come to be formed How should we best describe and understand the processes by which the Christian movement became separate from its Jewish origins Was there anything special or different about the way women entered Judaism and early Christianity How did martyrdom contribute to the construction of early Christian identity The chapters in this volume have become classics in the study of the New Testament and for this Cornerstones edition Lieu provides a new introduction placing them within the academic debate as it is now **The Bloomsbury Companion to Jewish Studies** Dean Phillip Bell, 2013-08-15 The

*Outsider Designations and Boundary Construction in the New Testament* Paul R. Trebilco, 2017-10-26 The first book length study of the outsider designations that early Christians used and what they reveal about the movement s identity self understanding and character **The Letter to the Colossians** Scot McKnight, 2018-02-26 The Letter to the Colossians offers a compelling vision of the Christian life its claims transcend religion and bring politics culture spirituality power ethnicity and more into play Delving deeply into the message of Colossians this exegetical and theological commentary by Scot McKnight will be welcomed by preachers teachers and students everywhere **Jesus and Identity** Markus Cromhout, 2007-05-15 New Testament scholarship lacks an overall interpretive framework to understand Judean identity This lack of interpretive framework is quite acute in scholarship on the historical Jesus where the issue of Judeanness Jewishness is most strongly debated A socio cultural model of Judean ethnicity is developed being a synthesis of 1 Sanders notion of covenantal nomism 2 Berger and Luckmann s theories on the sociology of knowledge 3 Dunn s four pillars of Second Temple Judaism and his new perspective on Paul 4 cultural or social anthropology in the form of modern ethnicity theory and lastly 5 Duling s Socio Cultural Model of Ethnicity The proposed

model is termed Covenantal Nomism It is a pictorial representation of the Judean symbolic universe which as an ethnic identity is proposed to be essentially primordialist The model is given appropriate content by investigating what would have been typical of first century Judean ethnic identity It is also argued that there existed a fundamental continuity between Judea and Galilee as Galileans were ethnic Judeans themselves and they lived on the ancestral land of Israel Attention is lastly focused on the matter of ethnic identity in Q The Q people were given an eschatological Judean identity based on their commitment to Jesus and the requirements of the kingdom reign of God K C edited this down for the back cover Leave the longer synopsis for the website

Crossing Boundaries in Early Judaism and Christianity Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan s work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result

The Church in the Wilderness Carla Swafford Works, 2014 Much attention has been devoted to Paul s quotations from the Old Testament but little attention has been given to Paul s use of biblical narratives The most extensive use of scripture in 1 Corinthians involves an allusion to Israel s exodus 10 1 22 which contains only one quotation 1 Cor 10 7 Since there is much debate on how to identify scriptural allusions Carla Works examines two passages where there is overwhelming scholarly consensus regarding the presence of exodus imagery 1 Corinthians 5 6 8 and 10 1 22 These passages therefore provide an ideal place to consider how Paul is using Israel s exodus traditions to instruct a predominantly non Jewish congregation The author argues that the exodus tradition a tradition used to bolster Israel s identity and to teach Israel about the identity of God is reinterpreted by Paul in light of Christ and is employed to foster the identity formation of the Corinthians as the church of one God and one Lord 1 Cor 8 6

*Interaction Between Judaism and Christianity in History, Religion, Art, and Literature* Marcel Poorthuis, Joshua Jay Schwartz, Joseph Turner, 2009 This volume contains essays dealing with complex relationships between Judaism and Christianity taking a bold step assuming that no historical period can be excluded from the interactive process between Judaism and Christianity conscious or unconscious as either rejection or appropriation

**The Hermeneutics of Divine Testing** Nicholas Ellis, 2015-06-29 Nicholas Ellis examines the interplay present in early Jewish literature between authors theological assumptions on divine agency in evil and their readings of biblical testing narratives Ellis takes as a starting point the Epistle of James and compares this early Christian work against other examples of ancient Jewish interpretation Ellis shows how varying perspectives on the divine satanic and human roles

of testing exercised a direct influence on the interpretation of popular biblical testing narratives such as Abraham and Isaac Job and the Trials in the Wilderness Read in light of the broader Jewish literature Ellis argues that the theology and hermeneutic found in the Epistle of James as such relate to divine testing are closely paralleled by the so called Rewritten Bible tradition Within James cosmic drama God stands as righteous judge with the satanic prosecutor indicting both divine integrity and human religious loyalty

**God's Saved Israel** Philip La G. Du Toit, 2019-05-14 God's Saved Israel examines identity in the Pauline corpus in terms of how Paul expresses the new identity in Christ in relation to the identity of ancient Israel In this study the way in which Paul uses the terms Israel Israelite and Judean is approached on the basis of the way in which these terms were used in the second temple period by both insiders and outsiders rather than presupposing that Paul used it in a different way By thoroughly engaging with the New Perspective on Paul and the Radical New Perspective on Paul Paul's conception of identity is pursued mainly along theological exegetical lines especially in terms of the contrast between flesh and Spirit While Rom 11:26 which points to all Israel that will be saved and Gal 6:16 which points to the Israel of God who are blessed are often utilized in a paradigmatic way to interpret the rest of Paul the approach in this book is the other way around These two texts are approached by first assessing Paul's conception of identity in the whole of the Pauline corpus and then by interpreting Rom 11:26 and Gal 6:16 with a larger understanding of identity in Paul at hand

*Acts of the Apostles* Linda M. Maloney, Ivoni Richter Reimer, 2022-11-27 2023 Catholic Media Association Third Place Award Scripture Academic Studies The Acts of the Apostles the earliest work of its kind to have survived from Christian antiquity is not history in the modern sense nor is it about what we call the church Written at least half a century after the time it describes it is a portrait of the Movement of Jesus followers as it developed between 30 and 70 CE More important it is a depiction of the Movement of what Jesus wanted the inbreaking of the reign of God In this commentary Linda Maloney Ivoni Richter Reimer and a host of other contributing voices look at what the text does and does not say about the roles of the original members of the Movement in bringing it toward fruition with a special focus on those marginalized by society many of them women The author of Acts wrote for followers of Jesus in the second century and beyond contending against those who wanted to break from the community of Israel and offering hope against hope like Israel's prophets before him

**New Feminist Christianity** Mary E. Hunt, Diann L. Neu, 2010 A collection of essays by proclaimed feminist Christians discussing their accomplishments and examining the lasting problems that hinder women's participation in the Christian community

*Jewish Christianity* Matt Jackson-McCabe, 2020-06-23 A fresh exploration of the category Jewish Christianity from its invention in the Enlightenment to contemporary debates For hundreds of years historians have been asking fundamental questions about the separation of Christianity from Judaism in antiquity Matt Jackson McCabe argues provocatively that the concept Jewish Christianity which has been central to scholarly reconstructions represents an enduring legacy of Christian apologetics Freethinkers of the English Enlightenment created this category as a means of isolating a distinctly Christian

religion from what otherwise appeared to be the Jewish culture of Jesus and the apostles Tracing the development of this patently modern concept of a Jewish Christianity from its origins to early twenty first century scholarship Jackson McCabe shows how a category that began as a way to reimagine the apologetic notion of an authoritative original Christianity continues to cause problems in the contemporary study of Jewish and Christian antiquity He draws on promising new approaches to Christianity and Judaism as socially constructed terms of identity to argue that historians would do better to leave the concept of Jewish Christianity behind

**Christianity's Dangerous Idea** Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity's Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

**Christian Mission** Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism specifically in the Psalms Isaiah and Daniel The contributions then discuss the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels General Epistles and Revelation and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today

**The Eclipse of Christianity** Rupert Shortt, 2024-09-12 A call for Christianity to recover its confidence The mainstream Churches are faltering or even at risk of dying out in their Western and Middle Eastern heartlands Surveys confirm that only a minority of people in a country such as Britain now claim Christian allegiance The pattern is being matched in neighbouring societies At the same time many opinion formers preach secularist ideology with a self confidence shading into dogmatism Others unsure of their moorings feel some residual attachment to spirituality while being sceptical about the existence of God and other articles of belief Yet church teaching remains intellectually robust as well as inspiring a transformative global presence In this major and wide ranging

international study both a report on the unsettling consequences of secularisation and a defence of a creed too often belittled by its opponents Rupert Shortt outlines Christianity's fading profile in the present but also argues compellingly that Europe's historic faith remains critical to the survival of a humane culture      The Christian Manual. The Sources of Truth, by Euler. Letters to Indian Youth on the Evidences of the Christian Religion ... by the Rev. J.
