Oeuvres 1 Foucault Michel

Rico Hollmach

Oeuvres 1 Foucault Michel:

Foucault, Neoliberalism, and Beyond Stephen W. Sawyer, Daniel Steinmetz-Jenkins, 2019-04-30 Few philosophers have garnered as much attention globally as Michel Foucault But even within this wide reception the consideration given to his relationship to neoliberalism has been noteworthy However the debate over this relationship has given rise to a great deal of polemics and confusion This volume brings together leading figures in the field to provide a reliable guide to one of the most controversial subjects in recent continental thought It puts across the case for Foucault s importance for post colonial race queer and feminist studies among other areas and opens up his relationship to neoliberalism to offer a broader picture of tensions brewing within the left more generally Barbarian: Explorations of a Western Concept in Theory, Literature, and the Arts Markus Winkler, 2018-08-31 This two volume co authored study explores the history of the concept barbarism from the 18th century to the present and illuminates its foundational role in modern European and Western identity It constitutes an original comparative interdisciplinary exploration of the concept s modern European and Western history with emphasis on the role of literature in the concept s shifting functions The study contributes to a historically grounded understanding of this figure s past and contemporary uses It combines overviews with detailed analyses of representative works of literature art film philosophy political and cultural theory in which barbarism figures prominently Diese auf 2 B nde konzipierte komparatistische und interdisziplin re Studie in englischer Sprache geht der Geschichte des Barbarenbegriffs vom 18 Jahrhundert bis zur Gegenwart nach Seit der griechischen Antike spielen Bild und Begriff des Barbarischen eine eminente Rolle f r das abendl ndische Selbstverst ndnis Die Studie verbindet Epochen berblicke mit der Analyse herausragender literarischer philosophischer politik und kulturtheoretischer aber auch bildk nstlerischer und kinematographischer Werke und legt einen besonderen Akzent auf den Beitrag sthetischer Verfahren zur Aufdeckung der Herkunft und der Implikationen des Barbarenbegriffs Deleuze & Guattari Eleanor Kaufman, Kevin Jon Heller, 1998 During their lives Gilles Deleuze and Felix Guattari were two of France s most prominent thinkers and their work continues to be a vital and influential part of critical theory The essays in this collection written by prominent scholars offer a new approach to their work Unique in its emphasis on Guattari both in conjunction with Deleuze and independently this volume features an essay by Deleuze himself and includes a comprehensive bibliography of Guattari s and Deleuze s work The body of work explored here spans three decades and cuts across the lines of philosophy political theory geography literature aesthetics and even the applied sciences Readers unfamiliar with Deleuze and Guattari will gain a broad sense of their work from these pages specialists will discover new and different methods of understanding the contributions of these writers The essays map out a set of applications that rather than explain Deleuze and Guattari aim to extend and reinvent their thought in new and real life domains from cinema to the Gulf War from quantum mechanics to the L A riots and from Israel s deportation of Palestinians to Jean Jacques Rousseau s masochism Overall the collection demonstrates the wide range of potential

applications of Deleuze's and Guattari's theories and expands current readings of their work

Heresy and Heterotopia in Works by Lawrence Durrell Anne R. Zahlan, Isabelle Keller-Privat, 2025-03-15 Heresy and Heterotopia in Works by Lawrence Durrell Alexandria to Angkor Wat gathers new essays by international scholars who examine heretical concepts and heterotopian counter spaces in Durrell's thought and writing The volume includes studies of texts set in locations from the Mediterranean to Cambodia with spatial focus ranging from the Egypt of The Alexandria Quartet and of Anatole France's *Thaïs* to the scattered locations of The Avignon Quintet with stops along the way for the island books and other treatments of wandering and exile in poetry as well as prose The contributors approach Durrell's texts from a variety of perspectives philosophical and intertextual architectural and historical mystical and digital In so doing they expose the deeper echoes set off by his wide ranging literary production and map out the metaphysical literary and aesthetic connections that account for Durrell's impact on our understanding of those twentieth century social and cultural paradigms that foreshadow the disruptions of today's world

The Archaeology of Foucault Stuart Elden, 2022-12-01 On 20 May 1961 Foucault defended his two doctoral theses on 2 December 1970 he gave his inaugural lecture at the Collège de France Between these dates he published four books travelled widely and wrote extensively on literature the visual arts linguistics and philosophy He taught both psychology and philosophy beginning his explorations of the question of sexuality Weaving together analyses of published and unpublished material this is a comprehensive study of this crucial period As well as Foucault's major texts it discusses his travels to Brazil Japan and the USA his time in Tunisia and his editorial work for *Critique* and the complete works of Nietzsche and Bataille It was in this period that Foucault developed the historical philosophical approach he called archaeology the elaboration of the archive which he understood as the rules that make possible specific claims In its detailed study of Foucault's archive the book is itself an archaeology of Foucault in another sense both excavation and reconstruction This book completes a four volume series of major intellectual histories of Foucault Foucault's Last Decade was published by Polity in 2016 Foucault The Birth of Power followed in 2017 and The Early Foucault in 2021

Living Together - Roland Barthes, the Individual and the Community Knut Stene-Johansen, Christian Refsum, Johan Schimanski, 2018-09-13 Is it possible to create a community where everyone lives according to their own rhythm and yet respects the individual rhythms of others This volume contains new essays which investigate and actualize the concepts that Roland Barthes discussed in his famous 1977 lecture series on How to Live Together at the Collège de France The anthology presents original and thought provoking approaches to questions of conviviality and idiorhythmic life forms in literature arts and other media The essays are written by 32 highly competent scholars from seven countries representing literary studies philosophy social sciences theology church history psychoanalysis art history architecture media studies history of ideas and biology

Dante & the Unorthodox James Miller, 2006-01-01 During his lifetime Dante was condemned as corrupt and banned from Florence on pain of death But in 1329 eight years after his death he was again viciously condemned this time as a heretic and false

prophet by Friar Guido Vernani From Vernani's inquisitorial viewpoint the author of the *Commedia* seduced his readers by offering them a vessel of demonic poison mixed with poetic fantasies designed to destroy the healthful truth of Catholicism Thanks to such pious vituperations a sulphurous fume of unorthodoxy has persistently clung to the mantle of Dante's poetic fame The primary critical purpose of *Dante the Unorthodox* is to examine the aesthetic impulses behind the theological and political reasons for Dante's allegory of mid life divergence from the papally prescribed way of salvation Marking the septicentennial of his exile the book's eighteen critical essays three excerpts from an allegorical drama and a portfolio of fourteen contemporary artworks address the issue of the poet's conflicted relation to orthodoxy By bringing the unorthodox out of the realm of secret things by uncensoring them at every turn Dante dared to oppose the censorious regime of Latin Christianity with a transgressive zeal more threatening to papal authority than the demonic hostility feared by Friar Vernani

The Omnibus Homo Sacer Giorgio Agamben, 2017-08-15 Giorgio Agamben's *Homo Sacer* is one of the seminal works of political philosophy in recent decades A twenty year undertaking this project is a series of interconnected investigations of staggering ambition and scope investigating the deepest foundations of every major Western institution and discourse This single book brings together for the first time all nine volumes that make up this groundbreaking project Each volume takes a seemingly obscure and outdated issue as its starting point an enigmatic figure in Roman law or medieval debates about God's management of creation or theories about the origin of the oath but is always guided by questions with urgent contemporary relevance *The Omnibus Homo Sacer* includes 1 *Homo Sacer Sovereign Power and Bare Life* 2 1 *State of Exception* 2 2 *Stasis Civil War as a Political Paradigm* 2 3 *The Sacrament of Language An Archeology of the Oath* 2 4 *The Kingdom and the Glory For a Theological Genealogy of Economy and Glory* 2 5 *Opus Dei An Archeology of Duty* 3 *Remnants of Auschwitz The Witness and the Archive* 4 1 *The Highest Poverty Monastic Rules and Form of Life* 4 2 *The Use of Bodies* *National Union Catalog*, 1982 Includes entries for maps and atlases *The Early Foucault* Stuart Elden, 2021-05-20 It was not until 1961 that Foucault published his first major book *History of Madness* He had already been working as an academic for a decade teaching in Lille and Paris writing organizing cultural programmes and lecturing in Uppsala Warsaw and Hamburg Although he published little in this period Foucault wrote much more some of which has been preserved and only recently become available to researchers Drawing on archives in France Germany Switzerland Sweden and the USA this is the most detailed study yet of Foucault's early career It recounts his debt to teachers including Louis Althusser Jean Hyppolite Maurice Merleau Ponty and Jean Wahl his diploma thesis on Hegel and his early teaching career It explores his initial encounters with Georges Canguilhem Jacques Lacan and Georges Duménil and analyses his sustained reading of Friedrich Nietzsche Edmund Husserl and Martin Heidegger Also included are detailed discussions of his translations of Ludwig Binswanger Victor von Weizsäcker and Immanuel Kant his clinical work with Georges and Jacqueline Verdeaux and his cultural work outside of France Investigating how Foucault came to write *History of Madness* Stuart Elden shows this great thinker's deep

engagement with phenomenology anthropology and psychology An outstanding meticulous work of intellectual history The Early Foucault sheds new light on the formation of a major twentieth century figure *Why Art Criticism? A Reader* Julia Voss, Beate Söntgen, 2022-04-20 How is art criticism to be understood within an expanding artistic field A look at its history and its manifestations within globalized conditions shows the variety of the genre of the criteria and of the styles of writing This reader is an attempt to bring a diverse range of art critical voices and perspectives into conversation with each other with texts from the 18th century to the present The editors Beate Söntgen and Julia Voss have invited colleagues from various geographical and intellectual backgrounds to present and discuss the art critics of their choice choosing one example from their respective bodies of work to comment upon How have these writers approached art criticism Which styles do they employ What makes them extraordinary What can we learn from their writings today and why is it important in its contemporary context BEATE SÖNTGEN 1963 is professor of art history at Leuphana University Lüneburg She studied art history philosophy and modern German literature in Marburg and Berlin She is director of the DFG Research Training Group Cultures of Critique Forms Media Effects and co director of the program PriMus Doctoral Studies in Museums JULIA VOSS 1974 is an honorary professor at Leuphana University Lüneburg She studied art history modern German literature and philosophy in Berlin and London She is herself an art critic and journalist and was deputy head of the arts section of the Frankfurter Allgemeine Zeitung

Convulsing Bodies Mark D. Jordan, 2014-11-05 By using religion to get at the core concepts of Michel Foucault's thinking this book offers a strong alternative to the way that the philosopher's work is read across the humanities Foucault was famously interested in Christianity as both the rival to ancient ethics and the parent of modern discipline and was always alert to the hypocrisy and the violence in churches Yet many readers have ignored how central religion is to his thought particularly with regard to human bodies and how they are shaped The point is not to turn Foucault into some sort of believer or to extract from him a fixed thesis about religion as such Rather it is to see how Foucault engages religious rhetoric page after page even when religion is not his main topic When readers follow his allusions they can see why he finds in religion not only an object of critique but a perennial provocation to think about how speech works on bodies and how bodies resist Arguing that Foucault conducts experiments in writing to frustrate academic expectations about history and theory Mark Jordan gives equal weight to the performative and theatrical aspects of Foucault's writing or lecturing How does Foucault stage possibilities of self transformation How are his books or lectures akin to the rituals and liturgies that he dissects in them *Convulsing Bodies* follows its own game of hide and seek with the agents of totalizing systems not least in the academy and gives us a Foucault who plays with his audiences as he plays for them or teaches them

Governmentality Ulrich Bröckling, Susanne Krasmann, Thomas Lemke, 2010-09-13 Examining questions of statehood biopolitics sovereignty neoliberal reason and the economy *Governmentality* explores the advantages and limitations of adopting Michel Foucault's concept of governmentality as an analytical framework Contributors from a wide

range of disciplinary backgrounds highlight the differences as well as possible convergences with alternative theoretical frameworks

Artmachines Anne Sauvagnargues, 2016-03-07 Across 13 essays 12 of which were previously unavailable in English Deleuze specialist Anne Sauvagnargues reveals the continuing potential of Deleuze Guattari and Simondon to invent new concepts and new modes of creativity and existence She redeploys their work together with other key philosophers including Bergson Lacan Deligny and Ruyer to create new concepts including geophilosophy the artmachine the ritornello schizoanalysis and the machinic assemblage

SpatioTemporalities on the Line Sebastian Dorsch, Jutta Vinzent, 2017-11-20 Lines are omnipresent in our everyday experience and language They reflect and influence the spatial and temporal structures of our world view Taking Tim Ingold's cultural history of the line as a starting point this book understands lines as expressions that allow insights into cultural theoretical phenomena and thus go beyond their mere form The essays will investigate this premise from various disciplines architecture art cartography film literature and philosophy

Catalogue of Books Added to the Library of Congress, 1861 *Alphabetical Catalogue of the Library of Congress* Library of Congress, 1880

Philanthropy in Toni Morrison's Oeuvre Rico Hollmach, 2018-11-07 This book examines Toni Morrison's highly influential works through the lens of philanthropy The point of departure of this endeavor is the keen observation that philanthropy has always played a leading role in US discourses about the nation itself While doing so time and again philanthropy has also been used as a means of social stratification especially for so called social minorities such as the African American community whose historical experience within the United States is at the very heart of Morrison's novels This book pursues the goal of a twofold understanding on the one hand through offering a rather innovative access to Morrison's works the project allows for new insights into one of today's most influential authors On the other hand this book explores the productivity of the concept of philanthropy for literary and cultural studies a concept hitherto largely neglected by scholars in both academic fields

Transcendental History Søren Gosvig Olesen, 2012-11-20 Transcendental History defends the claim that historicity is the very condition for human knowledge By explaining this thesis and by tracing its development from Kant and Hegel to Derrida and Agamben this book enriches our understanding of the history of philosophy and contributes to epistemology and the philosophy of history

Beckett Dans L'histoire International Association for the Study of Irish Literatures. Conference, 2005 Covers English literature French literature and theatre in the 20th century
