Catholic Parishes of the 21st Century Charles E. Zech, Mary L. Gautier, Mark M. Gray, Jonathon L. Wiggins, Thomas P. Gaunt, 2017 This book offers an in depth look at the changing characteristics and activities of American Catholic parish life using the most current research The surprising findings lead to discussions about the way parishes can better serve their members and the wider parish community **The Cambridge Companion to American Catholicism** Margaret M. McGuinness, Thomas F. Rzeznik, 2021-06-17 Provides a concise yet comprehensive guide to understanding the complexity and diversity of the American Catholic experience **Pathways to Religious Life** Thomas Gaunt, SJ, 2018-07-05 The history of religious life in the Catholic Church has been filled with change periods of membership growth and decline shifts in the types of ministries and changes in the ethnic and socioeconomic backgrounds of the men and women who join Today as the numbers of new members diminish some say that the very future of religious life is in jeopardy What is the state of religious life in the United States today Which institutes are increasing in membership and which are decreasing or ceasing to exist From what ethnic and socioeconomic populations are they drawing their members What new religious institutes and ecclesial movements are being founded and how successful are they What influences a young man or woman to consider religious life today How are religious from other countries shaping religious life here as they come to the US to minister Many of these questions can be addressed by data from studies of religious life in the US which the Center for Applied Research in the Apostolate CARA has conducted over the last ten years The impact of the individual s family dynamics and educational experience before their entrance into religious life is examined here as well as the influence of an increasing number of Catholic volunteer programs The emergence of lay associates in religious institutes and the birth of new religious institutes since Vatican Council II in the United States are investigated as new ways of living religious life The increase in the number of sisters and priests studying and ministering in the United States from other countries is examined for its impact on religious life The authors findings yield valuable recommendations for religious institutes and vocation directors who wish to

attract new members **Cross-Cultural Leadership Training** Leonard U. Ahanotu PhD EdD,2020-10-29 The issue of cross cultural movements of professionals within organizations in the 21st century s network style of the global organization has created the question of how to prepare professionals to meet the demands of satisfactory service in a culture different from their home culture The absence of the cross cultural preparation of the professionals is causing cross cultural maladjustments among many professionals and the Nigerian Catholic priests who move from Nigeria to the United States face this reality Given the shortage of priests in the United States the U S Roman Catholic Church recruits many priests from overseas and a significant number of these priests are being recruited from Nigeria whose culture is very different from the U S culture The work of these well educated priests helps to solve the priest shortage problem but is creating new challenges in some Catholic parishes because of cultural differences The priests continually face cross cultural challenges to succeed in their pastoral work There is little research on the cross cultural challenges and other experiences of these priests in adjustment and in carrying out their duties This qualitative study investigated the cross cultural experiences of Nigerian priests serving in the United States Interviews with some Nigerian priests serving in the four different geographical regions of the United States yielded important discoveries that comprised of some common challenges and some common strategies to facilitate adjustment The findings indicated that a cross cultural preparation before arrival to the United States could reduce the cross cultural maladjustments and its effects on the pastoral works of these awesome priests The discoveries influenced the recommendation of Kolb s Learning Theory to design a pre departure cross cultural training for Nigerian priests The study offers an invaluable contribution to the tools that will help expatriates for cross cultural adjustment and intercultural relations when they work in a foreign environment **The Catholic Church in Southwest Iowa** Stephen M. Avella,2018-06-08 Commissioned by the diocese to commemorate its centenary this is the first book length study of the history of the Roman Catholic Diocese of Des Moines Iowa Formally established in 1911 the Diocese of Des Moines built on the foundations laid by earlier generations of missionaries religious women priests and bishops to provide a gathering point for the scattered Catholic population of southwest Iowa This book weaves together the various stories of religious and lay members in the forging of a visible religious presence in the region Influential priests of the diocese included Monsignor Luigi Ligutti who became a renowned advocate of rural life and Bishop Maurice Dingman who took on sometimes controversial social and political issues In October 1979 the diocese hosted Pope John Paul II for a short but memorable visit which was the largest religious gathering in Iowa s history *A Culture of Engagement* Cathleen Kaveny,2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to

interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from Commonweal magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational A Culture of Engagement is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

Observations of a New Catholic Donald Johnson, 2018-11-09 Dear Reader I believe this book is unique No other book I ve found is even remotely similar It identifies and discusses issues and problems currently facing the Catholic Church in America The Church in America is beset with difficulties Catholic elementary schools are closing There is a severe shortage of priests and religious sisters Church attendance is dropping precipitously There are lingering effects from the child sex abuse scandal among priests Catholic couples in their child bearing years face a moral dilemma in regard to birth control There seems to be a growing dissonance between Church authority and the laity in which primacy of conscience is replacing obedience to the Church I address all of these matters and others At the same time I have learned there is much to be gained by being Catholic Two recently published books analyzing biblical scripture have convinced me that Jesus Christ really is God and that therefore I can attain salvation through following his precepts For all its difficulties the Church does a lot of good Pope Francis provides outstanding moral leadership at a time this is desperately needed The Church s charitable activities at a parish and diocesan level are impressive At a personal level my conversion has helped me immeasurably by giving me peace of mind During my conversion and first two years as a Catholic I picked interesting subjects to study such as the Marian apparitions the life of Thomas Merton how the Church canonizes saints the insights of C S Lewis about prayer and Martin Luther s condemnation of praying to Mary I believe you also will find these interesting and hopefully helpful for you in some ways Respectfully Donald Johnson

Migration for Mission Mary Johnson, Mary L. Gautier, Patricia Wittberg, Thu T. Do, 2019 Catholic sisters from many countries around the world come to the United States to minister and to study The authors of this book combined forces to document and understand this phenomenon Together they located more than 4 000 international sisters who are in the United States for formation studies or ministry from 83 countries spread over six continents This book examines the experience of these sisters in depth and offers valuable suggestions for religious institutes Catholic dioceses and parishes and others who benefit from their contributions

Speaking French in Louisiana, 1720-1955 Sylvie Dubois, Emilie Gagnet Leumas, Malcolm Richardson, 2018-01-08 Over the course of its three hundred year history the Catholic Church in Louisiana witnessed a prolonged shift from French to English with some south Louisiana churches continuing to prepare marriage baptism and burial records in French as late as the mid twentieth century Speaking French in Louisiana 1720 1955 navigates a complex and lengthy process presenting a nuanced picture of language change within the Church and situating its practices within the state s sociolinguistic evolution Mining three centuries of evidence from the Archdiocese of New Orleans archives the authors discover proof of an extraordinary one hundred year rise and fall of bilingualism in Louisiana The multiethnic laity clergy and religious in the nineteenth century necessitated the use of multiple languages in church functions and bilingualism remained an ordinary aspect of church life through the antebellum period After the Civil War however the authors show a steady crossover from French to English in the Church influenced in

large part by an active Irish population. It wasn't until decades later around 1910 that the Church began to embrace English monolingualism and French faded from use. The authors extensive research and analysis draws on quantitative and qualitative data, geographical models, methods of ethnography and cultural studies. They evaluated 4 000 letters written mostly in French from 1720 to 1859, sacramental registers from more than 250 churches, parish reports, diocesan council minutes and unpublished material from French archives. Their findings illuminate how the Church's hierarchical structure of authority, its social constraints and the attitudes of its local priests and laity affected language maintenance and change, particularly during the major political and social developments of the nineteenth and early twentieth centuries. *Speaking French in Louisiana 1720-1955* goes beyond the triumph of English or tragedy of Cajun French stereotypes to show how south Louisiana negotiated language use and how Christianization was a powerful linguistic and cultural assimilator.

Coping with Defeat Jonathan Laurence, 2021-06-22 How do centralized institutional religions make peace with the modern state's displacement of their traditional prestige and power? What are the factors that can promote the mutual acceptance of religious communities and the secular rule of law? These are the questions posed in Jonathan Laurence's new book which argues that Roman Catholicism and Sunni Islam have trod surprisingly similar paths in their respective histories. Contemporary Roman Catholicism and Sunni Islam both descend from religious states and empires: the Papacy in the case of Catholicism and the Caliphate in the case of Islam. As religious political orders, the Western Church and the Islamic Caliphate ruled vast territories and populations. Each set of religious political institutions made law, controlled land and governed people for roughly four centuries. Yet both suffered three similar upheavals and challenges: the end of empires, the rise of the modern national state and significant outward migrations from the home base of the religious tradition. Laurence suggests that the historical experience of Catholicism offers a useful model for those concerned about the contemporary Sunni Muslim leadership's attitude toward the modern state. Just as Catholicism worldwide benefited from the survival of the Vatican micro state and its ability to exert guidance over the religious belief and practice of Catholics worldwide, so argues Laurence, Muslim majority states should continue to exert control over mosques, imam training and religious education to reconcile Islam with the rule of law and thus with the authority of the secular state. This book is based on prodigious archival research in Vatican and Ottoman Archives and on interviews conducted with senior officials responsible for Islamic affairs or public religious education in Algiers, Ankara, Casablanca, Istanbul, Oran, Rabat, Tunis and with senior interior ministry and foreign ministry officials in various European capitals responsible for relations with North African, Turkish, Qatari and Saudi ministries of Islamic and religious affairs.
