

Teacher Professional Growth Plan - 2022

Winston Day Chief

Goal: To become more familiar with working with google classrooms for use in my own classroom. Students are more technologically driven now than ever and using google classrooms will create an opportunity for me to get my students more engaged

TQS Standard #2: Engaging in career-long learning

Strategies	Timeline	Resources
- Learn and use google classrooms for my IO - Post items in google classrooms for the students to use i.e. slides, feedback, assignments.	By the end of first term in school I should be able to use google classrooms comfortably	- Online workshops - Getting on google classrooms myself and "playing around with it" - Ask other teachers who are familiar with google classrooms for help

Measure of Success: My google classrooms will be available for my IO students throughout the first term

Reflecting on learning

Reflection at the midway point: I have created a google classroom for my traditional games class. IN the classroom I have included the course outline, games we have played as well as put the final assignment on the class.

Achievements	In progress	Future considerations
