Odissea Per Bambini:

Odissea raccontata ai bambini Rosa Navarro Durán, 2017 *The Ancient Mediterranean Sea in Modern Visual and Performing Arts* Rosario Rovira Guardiola, 2017-12-14 When thinking about the Mediterranean Fernand Braudel's haunting words resound like an echo of the sea and its millenary history From Prehistory until today the Mediterranean has been setting witness and protagonist of mythical adventures of encounters with the Other of battles and the rise and fall of cultures and empires of the destinies of humans Braudel's appeal for a long duration history of the Mediterranean challenged traditional views that often present it as a sea fragmented and divided through periods This volume proposes a journey into the bright and dark sides of the ancient Mediterranean through the kaleidoscopic gaze of artists who from the Renaissance to the 21st century have been inspired by its myths and history The view of those who imagined and recreated the past of the sea has largely contributed to the shaping of modern cultures which are inexorably rooted and embedded in Mediterranean traditions The contributions look at modern visual reinterpretations of ancient myths fiction and history and pay particular attention to the theme of sea travel and travellers which since Homer's Odyssey has become the epitome of the discovery of new worlds of cultural exchanges and a metaphor of personal developments and metamorphoses **IL DONO DI**

Nel frattempo tra le strade della cittadina viene commesso il più grave delitto: viene ritrovato il corpo di un bambino e i due detective si mettono immediatamente sulle tracce dell'assassino.

Prendersi cura dei bambini e dei loro genitori Loredana Cena, Antonio Imbasciati, Franco Baldoni, 2012-07-16. Proseguono qui le ricerche di Psicologia Clinica Perinatale presentate nella relazione genitore bambino volte a fornire strumenti per individuare i bambini di famiglie a rischio ed intervenire in modo preventivo o terapeutico orientando l'assistenza ad una buona trasmissione trans generazionale. L'influenza delle funzioni genitoriali sullo sviluppo in alcuni contesti: gravidanza, nascita pretermine, gemellari, psicopatologie dello sviluppo sono presentate alla luce della Teoria dell'Attaccamento fornendo indicazioni cliniche attraverso casi ed esempi per aiutare a crescere bambini e genitori attraverso prospettive e modalità di intervento nuove. Empire's Mobius Strip Stephanie Malia Hom, 2019-09-15. Its brilliant prose makes Empire's Mobius Strip easily accessible to anyone interested in today's migration crisis in the Mediterranean and elsewhere in the world. American Historical Review. Italy's current crisis of Mediterranean migration and detention has its roots in early twentieth century imperial ambitions. Empire's Mobius Strip investigates how mobile populations were perceived to be major threats to Italian colonization and how the state's historical mechanisms of control have resurfaced with greater force in today's refugee crisis. What is at stake in Empire's Mobius Strip is a deeper understanding of the forces driving those who move by choice and those who are moved. Stephanie Malia Hom focuses on Libya, considered Italy's most valuable colony both politically and economically. Often perceived as the least of the great powers, Italian imperialism has been framed as something of colonialism lite. But Italian colonizers carried out genocide between 1929-33, targeting nomadic Bedouin and marching almost 100,000 of them across the desert, incarcerating them in camps where more than half who entered died simply because the Italians considered their way of life suspect. There are uncanny echoes with the situation of the Roma and migrants today. Hom explores three sites in novella-like essays where Italy's colonial past touches down in the present: the island, the camp, and the village. Empire's Mobius Strip brings into relief Italy's shifting constellations of mobility and empire, giving them space to surface, submerge, stretch out across time, and fold back on themselves like a Mobius strip. It deftly shows that mobility forges lasting connections between colonial imperialism and neoliberal empire, establishing Italy as a key site for the study of imperial formations in Europe and the Mediterranean.
