Trade Unions and Migrant Workers Stefania Marino, Judith Roosblad, Rinus Penninx, 2017-12-29 This timely book analyses the relationship between trade unions immigration and migrant workers across eleven European countries in the period between the 1990s and 2015 It constitutes an extensive update of a previous comparative analysis published by Rinus Penninx and Judith Roosblad in 2000 that has become an important reference in the field The book offers an overview of how trade unions manage issues of inclusion and solidarity in the current economic and political context characterized by increasing challenges for labour organizations and rising hostility towards migrants

Health System Decentralization and Recentralization Andrea Terlizzi, 2019-04-02 This book explores the dynamics of health system decentralization and recentralization investigating why and how the territorial organization of health systems changes or remains stable over time Drawing from historical and discursive institutionalism the explanatory framework revolves around the role of ideas discourse and institutions Through the analysis of the Italian and Danish health systems the book corroborates the value of combining ideational and institutional accounts in explaining institutional continuity and change offering new empirical and theoretical insights into the study of public policy making The book will be of use to students and scholars interested in health politics and policy federalism and decentralization and theories of institutional change

Insolvency and Enforcement Reforms in Italy José Garrido, 2016-09-07 Italian banks are burdened with high levels of nonperforming loans the cleanup of which depends in important part on the efficiency of insolvency and enforcement processes Traditionally these processes in Italy have taken very long hampering the timely cleanup of balance sheets In response the authorities have legislated a number of measures This paper explores the recent insolvency and enforcement reforms and the remaining challenges These reforms introduce important positive changes that are expected to yield full benefits over the medium to long term The efficacy of the reforms including to deal with the current stock of high nonperforming loans can be enhanced by introducing effective out of court enforcement mechanisms supplemented by a more intensive use of informal and hybrid debt restructuring solutions Moreover there is an urgent need to rationalize the system which over the years has become very complex and intricate

Economic History of a Divided Europe Ivan T. Berend, 2020-02-28 This book presents the sharp regional differences within the integrating European continent Four regions Northwestern Europe Southern Europe Central Europe and Eastern Southeastern Europe represent high medium and relatively less developed levels of economic advancement These disparities have emerged as a result of historical differences that produced and reinforced cultural and behavioral differences The author examines the distinctions between the regions looks at how these differences transpired

and became so retrenched and answers the question of why some countries were able to elevate to higher levels of economic development while others could not This book is unique in that it provides a timely historical analysis of the main causes of the most pressing conflicts in Europe today Readers will come away from this book with a deeper understanding of the sharp divergence in economic standing between the four different regions of Europe as well as knowledge about how institutional corruption and other cultural features exacerbated these variations The book also offers a better understanding of major European Union conflicts between member countries and between member and nonmember countries as well as the rise of autocratic regimes in certain countries The book begins with a short history of European integration throughout European civilization and then goes on to discuss the modern reality of integration and attempts to homogenize the Continent that divided into four different macro regions It will primarily appeal to scholars researchers and students studying Europe from various fields including economics business history political science and sociology as well as a general readership interested in Europe's past present and future
