Of Mice And Men Book:

Of Mice and Men John Steinbeck, 2024-03-26 *Of Mice and Men* is a novella written by John Steinbeck first published in 1937. Set during the Great Depression in California, it tells the story of two displaced migrant ranch workers, George Milton and Lennie Small, who are trying to make a living during tough economic times. George is a small, quick-witted man, while Lennie is a physically strong but mentally disabled man with a childlike innocence. The two have a close bond, with George serving as a protector and caretaker for Lennie. The story follows their journey as they seek employment and dream of owning their own piece of land, which they call a little farm where they can live off the fat of the land. However, their dreams are constantly threatened by the harsh realities of their circumstances and the cruelty of the world around them. The novella explores themes of friendship, loneliness, isolation, and the harshness of society, as well as the plight of marginalized individuals during the Great Depression. It is a poignant and timeless work that continues to resonate with readers due to its powerful portrayal of human relationships and the struggle for survival.

Of Mice and Men John Steinbeck, 1937 THE STORY Two drifters, George and his friend Lennie, with delusions of living off the fat of the land, have just arrived at a ranch to work for enough money to buy their own place. Lennie is a man-child, a little boy in the body of a dangerous man. **Of Mice and Men** John Steinbeck, 1993-09-01 A controversial tale of friendship and tragedy during the Great Depression. They are an unlikely pair: George is small and quick and dark of face; Lennie, a man of tremendous size, has the mind of a young child. Yet they have formed a family, clinging together in the face of loneliness and alienation. Laborers in California's dusty vegetable fields, they hustle work when they can, living a hand-to-mouth existence. For George and Lennie, there is a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations of a flirtatious woman, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. A thriller, a gripping tale that you will not set down until it is finished, Steinbeck has touched the quick. The New York Times
