God's Ambiance William John Meegan, 2016-10-03 The MATRIX OF WISDOM is all about God's Ambiance residing in the soul of the individual This volume is about unraveling the deep mysteries of God esoterically codified into the world's sacred scriptures literature artworks monuments and architecture in all times and climes via the ESOTERIC SCIENCE i.e. the harmonious integration of the Seven Liberal Arts Quadrivium Four Mathematical Sciences and the Trivium Three Grammatical Arts that are the foundations of the ancient Mystery Schools The MATRIX OF WISDOM is a 10 x 10 matrix that is the original source material that wrote the sacred scriptures in all religious cultures around the world From the mystical depths of this 10 x 10 matrix China created the I Ching and the Tao te Ching Buddhism created their Stupas Hinduism and Christianity builds their temples cathedrals and churches numerous cultures around the world built their pyramids based upon its schematics and the Native American Indians knew of it Astrology and the Game of Chess were developed from it and Pythagoras developed his mathematical theorems from it and Freemasonry is founded upon it and the city of Washington DC is built on its esoteric design and this latter is provided for in the United States Constitution Article 1 Section 8 however this matrix is never ever discussed explicitly to the general public Throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world The WORD OF GOD will be discussed mainly from the perspective of the Judaeo Christian Scriptures the secret teachings of the Roman Catholic Church's literature artwork monuments and architecture and Freemasonry symbolism designed into the landscape of Washington DC The MATRIX OF WISDOM spiritual waters of creation i.e. sum total or all knowledge is inherent in the psyche of every human being The MATRIX OF WISDOM is a commentary on the MONAD which is the soul's raison d'être i.e. God Man Christ Tao Krishna Buddha Horus etc When the soul comes into the world it splits into a two part psyche ego consciousness and the unconscious mind and this knowledge is esoterically codified into the mythoi of the Judaeo Christian Scriptures thus the sacred scriptures of the world are all about explaining to the worthy initiate the dynamics of the soul and its psyche The sacred scriptures are written first and foremost for the Born Again initiate though the average member of the laity has direct access to both its exoteric writings REVEALED and its secret

esoteric teachings COVERED The inexplicable WORD OF GOD HIDDEN however cannot be explained to another in the vernacular The initiate can know of the ESOTERIC SCIENCE however that does not avail him or her of the true understanding of the WORD OF GOD Only God can communicate that unfathomable and inexplicable knowledge to the individual The ESOTERIC SCIENCE can somewhat prepare the worthy initiate for the spiritual Initiatic Visionary Experience which is gifted only to those that are worthy and truly DESIRE to know the WORD OF GOD The sacred scriptures around the world are written to explain the spiritual Initiatic Visionary Experience furthermore the sacred scriptures in their indigenous languages are the most scientific instruments on the face of the Earth though modernity will most likely dispute that fact ad nauseam

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?" Mohammad H. Tamdgidi, 2024-10-25

Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies

with God So he appeals to God directly for an answer It is then that he hears the voice of the Saqi or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam s inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1 s inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 9: Khayyami Robaiyat: Part 2 of 3: Quatrains 339-685: Songs of Hope Addressing the Question "What Is Happiness?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 9th volume subtitled Khayyami Robaiyat Part 2 of 3 Quatrains 339 685 Songs of Hope Addressing the Question What Is Happiness Explained with New English Verse Translations and Organized Logically Following Omar Khayyam s Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 9 Tamdgidi offers the second of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 2 includes quatrains 339 685 for each of which the Persian original along with Tamdgidi s new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 339 685 address the question What Is Happiness The latter is the second of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 2 follow a logically deductive reasoning process through which Khayyam advances in the causal chain of moving from methodological to explanatory and practical quatrains by way of addressing the question noted above The thematic topics of the quatrains of Part 2 as shared in Book 9 are X The Drunken Way XI Willfulness XII Foes and Friends XIII Wealth XIV Today XV Pottery XVI Cemetery and XVII Paradise and Hell Khayyam begins with reflections on God s created world suggesting that its unitary existence cannot be understood using either or dualistic lenses where the ways of

knowing by the head the heart and senses are pursued separately Instead he advocates building on the idea of the Wine trope discovered in Part 1 a Drunken way by which he means a unitary way of knowing symbolized by the spiritual indivisibility of Wine in contrast to the fragmentations of the grapes He then embarks on a deductive method of emphasizing human willfulness also created by God offering humankind a chance for playing a creative role in shaping its own world Khayyam then continues to apply such an explanatory model in dealing with social matters having to do with foes friends and wealth leading him to advocate for the practical significance of stealing the chances offered in the here and now of today to transform self and society in favor of happier and more just outcomes Using the tropes of visiting the jug maker s shop and the cemetery he then emphasizes the need to maintain a wakeful awareness of the inevitability of one s physical death in order to use the opportunity of life to cultivate universal self awareness before it is too late that paradise and hell and judgment days are not otherworldly but realities of our here and now living He thus transcends the sentiment of a promised future hope by advising us to create a happy life in the cash of the here and now his own poetry itself being a means toward that end Part 2 must then be understood in consideration of the other two parts of his book of poetry one already shared in Book 8 addressing the questions Does Happiness Exist and the next to follow in Book 10 addressing the question Why Does or Can Happiness Exist
