**The Bedfordshire Magazine**, 1979 **Regency Gardens** Mavis Batey, 1995-07 Regency architecture and gardening inherited the stylish elegance of the eighteenth century but added a lively touch consistent with the mood of a new century and a high spirited monarch in waiting The new gardening style was essentially ornamental with sinuous flowering shrubberies trellis and climbing plants shrub and flower beds on the lawn ornate garden seats and other features which went well with the light playfulness of Regency architecture with its striped canopies verandahs ornamental ironwork and balconies

The Pursuit of Paradise Jane Brown, 1999 Full of fascinating characters and vignettes from ancient Greeks to suffragettes from eccentric military men to Catholics in hiding from persecution this text looks into how society's changes have altered our views of gardening who does it and how we do it What drives people to risk their lives in search of a rare Himalayan flower Why are so many gardeners homosexual How did gardening become a respectable career for women When did looking at other people's gardens become a national British pastime Farm Tools, Implements, and Machines in Britain
