Metro A Story Of Cairo:

Metro: A Story of Cairo Magdy El Shafee, 2012-06-05 Depicting the financial and social insecurity afflicting young people in modern Cairo Metro was the first adult graphic novel published and subsequently banned in Egypt just three years before the Arab Spring In art as pulsing and immediate as Cairo itself Magdy El Shafee delivers a prescient portrait of a crumbling society and Egypt's coming eruption A powerful story of young men with nothing left to lose Metro sounds the cry for a better freer future When Shehab a young software designer runs afoul of a loan shark all avenues of escape in Mubarak's corrupt chaotic Egypt seem to be closed to him Getting help from the bank is impossible without connections and Shehab's uncle abroad wants nothing to do with his troubles A powerful businessman offers assistance but the next day Shehab sees him being stabbed in an alley and the man's dying words suggest a conspiracy extending to the upper reaches of the regime Angry and broke Shehab enlists his friend Mustafa in a bank heist and falls into a vortex of financial and political corruption On the run with a case full of money and evidence of murder the two careen through Cairo's metro system evading the police and the thugs who are out in force to crush antigovernment protests The only allies who can help get them out of this mess the friends realize are a blind shoe shine man and a muckraking journalist *Laugh like an Egyptian* Cristina

Dozio, 2021-09-20 Egyptians are known among the Arabs as *awl d al nukta* Sons of the Jokes for their ability to laugh in face of adversity This creative weapon has been directed against socio political targets both in times of oppression and popular upheaval such as the 2011 Tahrir Revolution This book looks at the literary expression of Egyptian humour in the novels of Mu ammad Mustaj b Khayr Shalab and amd Ab Julayyil three writers who revive the comic tradition to innovate the language of contemporary fiction Their modern tricksters wise fools and antiheroes play with the stereotypical traits attached to the ordinary Egyptians while laughing at the universal contradictions of life This ability to combine local and global culture literary traditions and popular references makes them a stimulating read in an intercultural perspective Combining humour studies and literary criticism this book examines language play and narrative creativity to understand which strategies craft Egyptian literary humour In doing so it sheds light on the contribution of humour to literary innovations of Egyptian fiction since the late Seventies while adding new writers to those who are considered the masters of humour in the Arab novel

Urban Comics Dominic Davies, 2019-02-21 *Urban Comics Infrastructure and the Global City in Contemporary Graphic Narratives* makes an important and timely contribution both to comics studies and urban studies offering a decolonisation and reconfiguration of both of these already interdisciplinary fields With chapter length discussions of comics from cities such as Cairo Cape Town New Orleans Delhi and Beirut this book shows how artistic collectives and urban social movements working across the global South are producing some of the most exciting and formally innovative graphic narratives of the contemporary moment Throughout the author reads an expansive range of graphic narratives through the vocabulary of urban studies to argue that these formal innovations should be thought of as a kind of infrastructure This infrastructural form allows urban comics to reveal that the built environments of our cities are not static banal or depoliticised but rather highly charged material spaces that allow some forms of social life to exist while also prohibiting others Built from a formal infrastructure of grids gutters and panels and capable of volumetric multi scalar perspectives this book shows how urban comics are able to represent repair and even rebuild contemporary global cities toward more socially just and sustainable ends Operating at the intersection of comics studies and urban studies and offering large global surveys alongside close textual and visual analyses this book explores and opens up the fascinating relationship between comics and graphic narratives on the one hand and cities and urban spaces on the other
