Roberts, 1916

Metropolitan Police in the District of Columbia United States. Congress. Senate. District of Columbia, 1919 *The Metropolitan Police and the British Film Industry, 1919-1956* Alex Rock, 2023-06-15 This groundbreaking book investigates the murky relationship between the Metropolitan Police Press Bureau and the British film industry, shedding new light on police-media relations. Beginning with the culture of suppression during the interwar period when retired police inspectors were threatened with loss of pension should they become involved with the film industry, the relationship shifted when a forgotten pioneer of public relations, Percy Fearnley, was appointed to the role of Metropolitan Police Public Information Officer in 1945. Fearnley was the first ever journalist to take up this role and through him the Metropolitan Police embarked on a series of collaborations with the highest echelons of postwar British cinema, including J Arthur Rank Ealing Studios and Gainsborough Studios. Using newly declassified internal Metropolitan Police and Home Office correspondence, Alexander Charles Rock tells the story of the Metropolitan Police's project to manipulate the British film industry into producing propaganda under the guise of mainstream entertainment cinema. In doing so, he offers a radical re-reading of the context of production of a number of canonical British films such as *The Blue Lamp* 1950, *I Believe In You* 1952 and *Street Corner* 1953.

The Best Police in the World Barbara Weinberger, 2016-12-05 Based on interviews with former police officers, this book addresses two main issues. Firstly, the question of how the police themselves viewed the priorities of the job and what they considered their role to be. This is the first study to consider this question and its implications for the style and content of police work. Secondly, it challenges the view of the prewar period as a Golden Age and shows that policing from the 1930s to the 1960s was not as unproblematic as has often been assumed. Police violence and the fabrication of evidence were more prevalent than the cosy image of the British TV series *Dixon of Dock Green* would have us believe. The fact that this image often went unchallenged has much to do with prevailing concepts of masculinity and with the greater moral certitude of the police within a more stable and stratified society. Subcommittee on District of Columbia Appropriations, 1998 *A Selection of Acts for the Use of the Metropolitan Police ...* Arthur John Wood, 1862 [How to be a Successful Frauditor](#) Peter Tickner, 2012-05-22 This book shows how anyone who finds they need to investigate a fraud at work can conduct a successful investigation and
