**Partners in Play** Terry Kottman, Kristin Meany-Walen, 2016-01-08 Play therapy expert Terry Kottman and her colleague Kristin Meany Walen provide a comprehensive update to this spirited and fun text on integrating Adlerian techniques into play therapy. Clinicians, school counselors, and students will find this to be the definitive guide for using Adlerian strategies with children to foster positive growth and effective communication with their parents and teachers. After an introduction to the basics of the approach and the concepts of Individual Psychology, the stages of Adlerian play therapy are outlined through step-by-step instructions, detailed treatment plans, an ongoing case study, and numerous vignettes. In addition to presenting up-to-date information on trends in play therapy, this latest edition emphasizes the current climate of evidence-based treatment and includes a new chapter on conducting research in play therapy. Appendixes contain useful worksheets, checklists, and resources that can be easily integrated into practice.
