Hartin,1999 Throughout this century the Letter of James has been viewed consistently as a disjointed set of instructions Father Hartin deviates radically from this approach He shows that the call for perfection provides a unifying meaning for the letter Examining the concept of perfection against the background of the Greco Roman world the Old Testament and the Septuagint the author shows that perfection provides a key to define the spirituality of the Letter of James It offers an understanding of God and of the way one is called to be in the world Hartin adopts a fresh approach toward understanding the categories of wisdom eschatology and apocalyptic as they illuminate the letter s advice American Book Publishing Record ,2003 **The Broadview Guide to Writing - Seventh Canadian Edition** Corey Frost,Karen Weingarten,Doug Babington,Don LePan,Maureen Okun,Nora Ruddock,2022-10-18 For the seventh edition The Broadview Guide to Writing has been reorganized into three broad sections writing processes writing mechanics and writing contexts The material on argument has been expanded and revised two new sample essays in MLA style have been added and the material on researching and writing academic essays has been fully rewritten Coverage of informal and personal writing is included for the first time Features Extensive treatment of research methods and of argument In depth coverage of MLA and other citation styles Wide ranging treatment of writing styles in different academic disciplines Focused coverage of issues specific to those whose native language is not English A full chapter on language issues relating to gender race class religion sexual orientation disability etc Companion website featuring a wide range of interactive exercises Theory Aside Jason Potts,Daniel Stout,2014-05-14 Where can theory go now Where other voices concern themselves with theory s life or death the contributors to Theory Aside take up another possibility that our theoretical prospects are better served worrying less about what s next and more about what else Instead of looking for the next big thing the fourteen prominent thinkers in this volume take up lines of thought lost or overlooked during theory s canonization They demonstrate that intellectual progress need not depend on the discovery of a new theorist or theory Moving subtly through a diverse range of thinkers and topics aesthetics affect animation and film studies bibliography cognitive science globalization phenomenology poetics political and postcolonial theory race and identity queer theory and sociological reading practices the contributors show that a more sustained less apocalyptic attention to ideas might lead to a richer discussion of our intellectual landscapes and the place of the humanities and social sciences in it In their turn away from the radically new these essays reveal that what s fallen aside still surprises Contributors Ian Balfour Karen Beckman Pheng Cheah Frances Ferguson William Flesch Anne Lise Fran ois Mark B N Hansen Simon Jarvis Heather Love Natalie Melas Jason Potts Elizabeth A Povinelli Eve Kosofsky Sedgwick Jordan Alexander Stein Daniel Stout Irene Tucker **Oliver Wendell Holmes, Jr., Legal Theory, and Judicial Restraint** Frederic R. perspective that addresses the views of Holmes's leading critics and explains his relevance to the controversy over judicial activism and restraint Holmes is shown to be an original legal theorist who reconceived common law as a theory of social inquiry and who applied his insights to constitutional law From his empirical and naturalist perspective on law with its roots in American pragmatism emerged Holmes's distinctive judicial and constitutional restraint Kellogg distinguishes Holmes from analytical legal positivism and contrasts him with a range of thinkers
