Art History for Comics Ian Horton,Maggie Gray,2022-09-20 This book looks at comics through the lens of Art History examining the past influence of art historical methodologies on comics scholarship to scope how they can be applied to Comics Studies in the present and future It unearths how early comics scholars deployed art historical approaches including stylistic analysis iconography Cultural History and the social history of art and proposes how such methodologies updated in light of disciplinary developments within Art History could be usefully adopted in the study of comics today Through a series of indicative case studies of British and American comics like Eagle The Mighty Thor 2000AD Escape and Heartbreak Hotel it argues that art historical methods better address overlooked aspects of visual and material form Bringing Art History back into the interdisciplinary nexus of comics scholarship raises some fundamental questions about the categories frameworks and values underlying contemporary Comics Studies

Research Methods for History Lucy Faire,2016-07-08 Historians have become increasingly sensitive to social and cultural theory since the 1980s yet the actual methods by which research is carried out in History have been largely taken for granted Research Methods for History encourages those researching the past to think creatively about the wide range of methods currently in use to understand how these methods are used and what historical insights they can provide This updated new edition has been expanded to cover not only sources and methods that are well established in History such as archival research but also those that have developed recently such as the impact of digital history research The themes of the different chapters have been selected to reflect new trends in the subject including landscape studies material culture and ethics Every chapter presents new insights and perspectives and will open researchers minds to the expanding possibilities of historical research

Research

Methods for History Simon Gunn, 2011-11-30 The first guide to the sources techniques and concepts needed for effective historical research While historians have become increasingly sensitive to social and cultural theory since the 1980s the actual methods by which research is carried out in History have been largely taken for granted Research Methods for History encourages those researching the past to think creatively about the wide range of methods currently in use to understand how these methods are used and what historical insights they can provide The book covers sources and methods that are well established in History such as archival research together with those that are less widely known The themes of the different chapters have been selected to reflect recent trends in the subject Even with more established methods however the aim is to present new insights and perspectives and to open researchers minds to new methodological possibilities

Video Art Historicized Malin Hedlin Hayden, 2016-03-03 Video art emerged as an art form that from the 1960s and onwards challenged the concept of art hence art historical practices From the perspective of artists critics and scholars engaged with this new medium art was seen as too limiting a notion Important issues were to re think art as a means for critical investigations and a demand for visual reconsiderations Likewise art history was argued to be in crisis and in need of adapting its theories and methods in order to produce interpretations and thereby establish historical sense for moving images as fine art Yet as this book argues video art history has evolved into a discourse clinging to traditional concepts ideologies and narrative structures manifested in an increasing body of texts Video Art Historicized provides a novel insightful and also challenging re interpretation of this field by examining the discourse and its own premises It takes a firm conceptual approach to the material examining the conceptual theoretical and methodological implications that are simultaneously contested by both artists and authors yet intertwined in both the legitimizing and the historicizing processes of video as art By engaging art history s most debated concepts canon art and history this study provides an in depth investigation of the mechanisms of the historiography of video art Scrutinizing various narratives on video art the book emphasizes the profound and widespread hesitations towards but also the efforts to negotiate traditional concepts and practices By focusing on the politics of this discourse theoretical issues of gender nationality and particular themes in video art Malin Hedlin Hayden contests the presumptions that inform video art and its history

Gay and Lesbian Studies in Art History Whitney Davis, 2013-11-19 Find original research and interpretive studies of the relations between homosexuality and the visual arts Evidence for the role of homosexuality in artistic creation has often not survived in part because the direct expression of homosexuality has often been condemned in Western societies Gay and Lesbian Studies in Art History presents examples of contemporary art historical research on homoeroticism and homosexuality in the visual arts chiefly painting and sculpture of the Western tradition from the ancient to the modern periods Chapters explore the dynamic interrelation of sexuality and visual art and emphasize problems of historical evidence and interpretation and the need to reconstruct social and cultural realities sometimes quite different from our own Gay and Lesbian Studies in Art History addresses contemporary

art historians interest in studying sexuality in the visual arts examining such questions as What are some of the present day reasons for and problems of this research How is it related to other research areas within art history and to wider public debates about the meaning value and propriety of works of art While the book examines a variety of research problems and theoretical perspectives most chapters focus on the historical interpretation of a particular work of art artist or visual convention Chapters present new documentation of the importance of homosexuality in the production and reception of artworks in the Western tradition develop models for approaching the question of how sexuality and visual creation are related and explore researchers experiences and obligations in working in the area of gay and lesbian studies in art history today Contributing authors stress problems of historical evidence and reconstruction the social and cultural construction of homosexuality and the active role of visual conventions in shaping perceptions of homosexuals homosexuality and homosexual desire They discuss both the biography of artists and the significance of individual works of art and the social reception and circulation of works of art in the context of wider religious legal medical political and economic relations The book may revise readers beliefs about the significance and value of a number of works of art hitherto forgotten neglected under appreciated or misinterpreted Gay and Lesbian Studies in Art History is an enlightening and informative book for art historians museum professionals scholars in the field of lesbian and gay studies and art history students and professors

The Humanities between Global Integration and Cultural Diversity Hans G. Kippenberg, Birgit

Mersmann, 2016-03-21 Modernization and digital globalization have proven to mark major thresholds where paradigmatic shifts and realignments take place This volume aims to capture the reconfiguration of humanistic study between the forces of global integration and cultural diversification from a full range of disciplines within the humanities and social sciences The key issue is discussed in three major parts The first chapter examines transnational interpolations of the humanities as potential indicator for a globalizing humanistic research The second chapter deals with humanistic revisions of modernity with and against globality The third chapter discusses the ambiguous constitution of cultural diversity as a complement and counter movement to global integration ideologically moving between social cohesion and exclusion The final chapter outlines what the threshold crossing from modern to global humanities will mean for the future of humanistic research The multidisciplinary study of culture within the history of the humanities documents and reflects the mobility and migration of its concepts and methods moving and translating between disciplines research traditions historical periods academic institutions and the public sphere *The Routledge Companion to African Diaspora Art History* Eddie Chambers, 2024-10-31

This is an authoritative companion that is global in scope recognizing the presence of African Diaspora artists across the world It is a bold and broad reframing of this neglected branch of art history challenging dominant presumptions about the field Diaspora pertains to the global scattering or dispersal of in this instance African peoples as well as their patterns of movement from the mid twentieth century onwards Chapters in this book emphasize the importance of cross fertilization

interconnectedness and intersectionality in the framing of African Diaspora art history The book stresses the complexities of artists born within or living and working within the African continent alongside the complexities of Africa born artists who have migrated to other parts of the world The group of international contributors emphasizes and accentuates the interplay between for example Caribbean art and African Diaspora art or Latin American art and African Diaspora art or Black British art and African Diaspora art The book will be of interest to scholars and students working in art history the various branches of African studies African American studies African Diaspora studies Caribbean studies and Latin American studies

A History of Art History Christopher S. Wood, 2021-03-02 In this authoritative book the first of its kind in English Christopher Wood tracks the evolution of the historical study of art from the late middle ages through the rise of the modern scholarly discipline of art history Synthesizing and assessing a vast array of writings episodes and personalities this original and accessible account of the development of art historical thinking will appeal to readers both inside and outside the discipline The book shows that the pioneering chroniclers of the Italian Renaissance Lorenzo Ghiberti and Giorgio Vasari measured every epoch against fixed standards of quality Only in the Romantic era did art historians discover the virtues of medieval art anticipating the relativism of the later nineteenth century when art history learned to admire the art of all societies and to value every work as an index of its times The major art historians of the modern era however Jacob Burckhardt Aby Warburg Heinrich Wölfflin Erwin Panofsky Meyer Schapiro and Ernst Gombrich struggled to adapt their work to the rupture of artistic modernism leading to the current predicaments of the discipline Combining erudition with clarity this book makes a landmark contribution to the understanding of art history from book jacket

The Art of Art History Donald Preziosi, 2009-02-26 What is art history Why how and where did it originate and how have its methods changed over time The history of art has been written and rewritten since classical antiquity Since the foundation of the modern discipline of art history in Germany in the late eighteenth century debates about art and its histories have intensified Historians philosophers psychologists and anthropologists among others have changed our notions of what art history has been is and might be This anthology is a guide to understanding art history through critical reading of the field's most innovative and influential texts focusing on the past two centuries Each section focuses on a key issue art as history aesthetics form content and style anthropology meaning and interpretation authorship and identity and the phenomenon of globalization More than thirty readings from writers as diverse as Winckelmann Kant Mary Kelly and Michel Foucault are brought together with editorial introductions to each topic providing background information bibliographies and critical elucidations of the issues at stake This updated and expanded edition contains sixteen newly included extracts from key thinkers in the history of art from Giorgio Vasari to Walter Benjamin and Satya Mohanty a new section on globalization and also a new concluding essay from Donald Preziosi on the tasks of the art historian today

Art History and Visual Studies in Europe, 2012-06-22 Reflection on the history and practice of art history has long been a major topic of research and scholarship and this volume builds on this

tradition by offering a critical survey of many of the major developments in the contemporary discipline such as the impact of digital technologies the rise of visual studies or new initiatives in conservation theory and practice Alongside these methodological issues this book addresses the mostly neglected question of the impact of national contexts on the development of the discipline Taking a wide range of case studies this book examines the impact of the specific national political institutional and ideological demands on the practice of art history The result is an account that both draws out common features and also highlights the differences and the plurality of practices that together constitute art history as a discipline
