Metroimperial Intimacies Racial Sexual Philippines Imperialism:

Metroimperial Intimacies Victor Román Mendoza, 2015-11-27 In *Metroimperial Intimacies* Victor Román Mendoza shows how America's imperial incursions into the Philippines fostered social and sexual intimacies between Americans and native Filipinos that along with representations of Filipinos as sexually degenerate were crucial to regulating both colonial subjects and gender norms at home

Gendering the Trans-Pacific World, 2017-03-06 As the inaugural volume of the new Brill book series *Gendering the Trans-Pacific World: Diaspora, Empire, and Race* this anthology presents an emergent interdisciplinary and multidisciplinary field that highlights the inextricable link between gender and the trans-Pacific world. The anthology features twenty-one chapters by new and established scholars and writers. They collectively examine the geographies of empire, the significance of intimacy and affect, the importance of beauty and the body, and the circulation of culture. Migrant Frontiers Anna Tybinko, Lamonte Aidoo, Daniel F. Silva, 2023-11-16 This book examines today's massive migrations between Global South and Global North in light of Spain and Portugal's complicated colonial legacies. It offers unique material on Spanish-speaking and Lusophone Africa in conjunction to transatlantic and transpacific perspectives encompassing the Americas, Asia, and the Caribbean. For the first time, these are brought together to explore how movement within and beyond these former metropolises came to define the Iberian Peninsula. The collection is composed of papers that study human mobility in Spanish-speaking or Lusophone contexts from a myriad of approaches. The project thus sheds critical light on migratory movement within the Luso-Hispanic world and also beyond its traditional geo-linguistic parameters through an eclectic and interdisciplinary collection of essays traversing anthropology, literary studies, theater, and popular culture. Beyond focusing solely on the geo-political limits of Peninsular space, several essays interrogate the legacies of Iberian colonial projects in a global perspective and how the discursive underpinnings of these impact the politics of migration in the broader Luso-Hispanic world

Dos X Sony Coráñez Bolton, 2025-06-10 An examination of the interconnectedness of brown racialized people across multiple identities told through case studies of television, literature, and writing. As a Filipinx immigrant to the United States, Sony Coráñez Bolton has frequently been mistaken as Mexican. *Dos X* theorizes such misrecognition. What does it mean to exist in this liminal state which Coráñez Bolton dubs the racial uncanny? What generative possibilities emerge from the presumed interchangeability of Latinx and Filipinx bodies and from the in-betweenness of brownness as such? *Dos X* tracks misrecognition through cultural products like the TV series *Undone*, Brian Ascalon Roley's *American Son*, and the nonfiction work of José Antonio Vargas. Misrecognition, Coráñez Bolton argues, produces moments of uncanniness in which subjects experience dysphoric attachments to identities that aren't supposed to be theirs. In the context of racial capitalism, racial dysphoria is a disability because it undermines certainty about what one's body is and

therefore what role one is meant to play as a laborer But racial dysphoria can also be revealing Cor ez Bolton identifies vast potential in this supposed disability which compels its sufferers to confront their shared position within the social political and economic organization of capital s empire opening new avenues for liberatory solidarity Q&A Martin

Enduring Empire Katrina Quisumbing King,2025-07-08 In 1898 the United States became a formal overseas empire and claimed sovereignty over the Philippine islands justifying its rule in explicitly racial terms Less than fifty years later in 1946 Philippine independence was recognized by the United States even as it continued to exert influence over the domestic and foreign affairs of the newly decolonized Republic Despite some differences U S control remained racial and imperial

Enduring Empire shows how U S federal state actors translated their ideas of race into state structures Through innovating constitutional law bureaucratic administration and legislation state actors built a durable and flexible system of racial imperial rule that not only lasted beyond the period of formal empire but continues to this day katrina quisumbing king traces debates among U S presidents federal legislators administrators and justices about what kind of state the United States should be the place of nonwhite people in the polity and the best way to maintain U S white hegemony In charting how state actors positions some nativist isolationist and protectionist and others expansionist interventionist and imperialist evolved quisumbing king identifies key moments when they cemented racial ideas into law and reshaped the terms of U S racial imperial formation **Asian American Literature in Transition, 1996-2020: Volume 4** Betsy Huang,Victor

Empire's Mistress, Starring Isabel Rosario Cooper Vernadette Vicuña Gonzalez,2021-02-05 In Empire s Mistress Vernadette Vicu a Gonzalez follows the life of Filipina vaudeville and film actress Isabel Rosario Cooper who was the mistress of General Douglas MacArthur If mentioned at all their relationship exists only as a salacious footnote in MacArthur s biography a failed love affair between a venerated war hero and a young woman of Filipino and American heritage Following Cooper from the Philippines to Washington D C to Hollywood where she died penniless Gonzalez frames her not as a tragic heroine but as someone caught within the violent histories of U S imperialism In this way Gonzalez uses Cooper s life as a means to explore the contours of empire as experienced on the scale of personal relationships Along the way Gonzalez fills in the archival gaps of Cooper s life with speculative fictional interludes that both unsettle the authority of official archives and dislodge the established one dimensional characterizations of her By presenting Cooper as a complex historical subject who lived at the crossroads of American colonialism in the Philippines Gonzalez demonstrates how intimacy and love are woven into the infrastructure of empire *Dangerous Intercourse* Tessa Winkelmann,2023-01-15 In Dangerous Intercourse Tessa

Winkelman examines interracial social and sexual contact between Americans and Filipinos in the early twentieth century via a wide range of relationships from the casual and economic to the formal and long term Winkelman argues that such intercourse was foundational not only to the colonization of the Philippines but also to the longer uneven history between the two nations Although some relationships between Filipinos and Americans served as demonstrations of US benevolence too close sexual relations also threatened social hierarchies and the so called civilizing mission For the Filipino Indigenous Moro Chinese and other local populations intercourse offered opportunities to negotiate and challenge empire though these opportunities often came at a high cost for those most vulnerable Drawing on a multilingual array of primary sources *Dangerous Intercourse* highlights that sexual relationships enabled US authorities to police white and nonwhite bodies alike define racial and national boundaries and solidify colonial rule throughout the archipelago The dangerous ideas about sexuality and Filipina women created and shaped by US imperialists of the early twentieth century remain at the core of contemporary American notions of the island nation and indeed of Asian and Asian American women more generally

Postcolonial Configurations Josen Masangkay Diaz, 2022-12-19 In *Postcolonial Configurations* Josen Masangkay Diaz examines the making of Filipino America through the dynamics of dictatorship coloniality and subjectivity Diaz explores how the Ferdinand Marcos dictatorship and US policies during the Cold War that supported the regime defined the relationship between Filipino and America in ways that influenced the creation of a gendered and racialized Filipino American subject By analyzing Philippine US state programs for military operations labor and immigration reform and development and modernization plans she shows how anticommunist liberalism and authoritarianism shaped the visibility and recognition of new forms of Filipino subjectivity Tracing the rise of various social formations that emerged under the Marcos regime and US programs for liberal reform from transnational Filipino and US culture and the immigrant returnee to the New Filipina woman and the humanitarian English teacher Diaz positions literature film periodicals and other cultural texts against official state records in ways that reconceptualize the meanings of Filipino America in the Cold War **Intimate Disconnections**

Allison Alexy, 2020-07-08 In many ways divorce is a quintessentially personal decision the choice to leave a marriage that causes harm or feels unfulfilling to the two people involved But anyone who has gone through a divorce knows the additional public dimensions of breaking up from intense shame and societal criticism to friends and relatives unsolicited advice In *Intimate Disconnections* Allison Alexy tells the fascinating story of the changing norms surrounding divorce in Japan in the early 2000s when sudden demographic and social changes made it a newly visible and viable option Not only will one of three Japanese marriages today end in divorce but divorces are suddenly much more likely to be initiated by women who cite new standards for intimacy as their motivation As people across Japan now consider divorcing their spouses or work to avoid separation they face complicated questions about the risks and possibilities marriage brings How can couples be intimate without becoming suffocatingly close How should they build loving relationships when older models are no longer feasible

What do you do both legally and socially when you just can't take it anymore Relating the intensely personal stories from people experiencing different stages of divorce Alexy provides a rich ethnography of Japan while also speaking more broadly to contemporary visions of love and marriage during an era in which neoliberal values are prompting wide ranging transformations in homes across the globe Word Across the Water Tom Smith,2024-10-15 In Word Across the Water Tom Smith brings the histories of Hawai i and the Philippines together to argue that US imperial ambitions towards these Pacific archipelagos were deeply intertwined with the work of American Protestant missionaries As self styled interpreters of history missionaries produced narratives to stoke interest in their cause locating US imperial interventions and their own evangelistic projects within divinely ordained historical trajectories As missionaries worked in the shadow of their nation s empire however their religiously inflected historical narratives came to serve an alternative purpose They emerged as a way for missionaries to negotiate their own status between the imperial and the local and to come to terms with the diverse spaces peoples and traditions of historical narration that they encountered across different island groups Word Across the Water encourages scholars of empire and religion alike to acknowledge both the pernicious nature of imperial claims over oceanic space underpinned by religious and historical arguments and the fragility of those claims on the ground **Filipino American Sporting Cultures** Constancio R. Arnaldo, Jr.,2024-11-19 Examines the significance of sports in the lives of diasporic Filipino Americans Organized sports have occupied a central place in Filipino American life since US colonialism began in the Philippines in 1898 For Filipino diasporas in the United States sports are important cultural sites through which men and women cultivate a sense of ethnic community and belonging to the American national fabric Sports studies focused on Asian America have tended to focus on East Asians largely ignoring Filipinos Thus we know very little about how sports work as critical arenas to understand larger questions about Filipino identity formations racialization gender dynamics diasporic contours and post colonial sporting cultures This book offers an in depth ethnographic examination of the significance of sports to the lives of Filipino Americans under the shadow of US empire and neocolonial inequities Through a close examination of Filipino American sporting cultures from boxing and the Manny Pac Man Pacquiao phenomenon to men s basketball leagues to women s flag football this book shows how engagements with sports reveal the shifting nature of Filipino Americanness and Filipino American subjectivity Drawing on over four years of data collected in Southern California Las Vegas Urbana Champaign and Arlington Constancio R Arnaldo Jr documents the intimate connections among Filipino American sports transnationalism and diasporic belonging Filipino American Sporting Cultures adds an important voice to the body of work using sports as a lens to look at US culture and communities of color **A Nation on the Line** Jan M.
