Hines,2019-01-22 A comprehensive and fascinating look at the history of the Museum of Modern Art s Architecture and Design Department under the leadership of the influential curator Arthur Drexler Arthur Drexler 1921 1987 served as the curator and director of the Architecture and Design Department at the Museum of Modern Art MOMA from 1951 until 1986 the longest curatorship in the museum s history Over four decades he conceived and oversaw trailblazing exhibitions that not only reflected but also anticipated major stylistic developments Although several books cover the roles of MoMA s founding director Alfred Barr and the department s first curator Philip Johnson this is the only in depth study of Drexler who gave the

department its overall shape and direction During Drexler's tenure MoMA played a pivotal role in examining the work and confirming the reputations of twentieth century architects among them Frank Lloyd Wright Le Corbusier Richard Neutra Marcel Breuer and Ludwig Mies van der Rohe Exploring unexpected subjects from the design of automobiles and industrial objects to a reconstruction of a Japanese house and garden Drexler's boundary pushing shows promoted new ideas about architecture and design as modern arts in contemporary society The department's public and educational programs projected a culture of popular accessibility offsetting MoMA's reputation as an elitist institution Drawing on rigorous archival research as well as author Thomas S Hines's firsthand experience working with Drexler Architecture and Design at the Museum of Modern Art analyzes how MoMA became a touchstone for the practice and study of midcentury architecture

**Post-Western Histories of Architecture** Pilar Maria Guerrieri, Marco Biraghi, 2023-06-23 This book seeks to provide an alternative post Western perspective to the history of contemporary architecture It puts forward detailed critical analyses of various areas of the world including Europe Latin America Africa China Australia India and Japan where particular movements of architecture have developed as active political acts The authors focus on a broad spectrum of countries architectures and architects that have developed a design approach closely linked to the building context The concept of context is broad and includes various economic social cultural political and natural aspects In all cases the architects selected in this book have chosen to view context as an opportunity However each architect has considered certain specific aspects of context some have been very attentive to the social context others to material aspects or typological issues and still others to aspects related to political visions or economic factors The analysis critically highlights interesting creative and respectful design approaches towards local conditions such as sustainability in Nordic Europe climate conscious design in Africa and the bottom up sensitivity of India The book's main aim is to retrace through both theoretical arguments and case studies the debate that focuses on politics and the environment Thanks to its valuable examples this book strives to make a conscious contribution to establishing a bulwark against the current flattening out processes that architecture is experiencing This book will be of relevance to researchers teachers and students interested in the history of architecture

architecture and planning and postcolonial studies César Chávez Elizabeth Hudson-Goff, Kerri O'Hern, Jonatha A.

**Identity by Design** Georgia Butina-Watson, Ian Bentley, 2007-06-07 In a world of increasing globalisation where one high street becomes interchangeable with the next Identity by Design addresses the idea of place making and the concept of identity looking at how these things can be considered as an integral part of the design process Structured around a series of case studies including Prague Mexico Malaysia and Boston the authors discuss an array of design approaches to explain and define the complex interrelated concepts The concluding sections of the book suggest ideas for practical application in future design processes With full colour images throughout this book takes the

discussion of place identity to the next level and will be valuable reading for all architects urban designers planners and landscape architects

**Cosmopolitanism in Mexican Visual Culture** María Fernández, 2014-01-06 Since the colonial era Mexican art has emerged from an ongoing process of negotiation between the local and the global which frequently involves invention synthesis and transformation of diverse discursive and artistic traditions In this pathfinding book María Fernández uses the concept of cosmopolitanism to explore this important aspect of Mexican art in which visual culture and power relations unite the local and the global the national and the international the universal and the particular She argues that in Mexico as in other colonized regions colonization constructed power dynamics and forms of violence that persisted in the independent nation state Accordingly Fernández presents not only the visual qualities of objects but also the discourses ideas desires and practices that are fundamental to the very existence of visual objects Fernández organizes episodes in the history of Mexican art and architecture ranging from the seventeenth century to the end of the twentieth century around the consistent but unacknowledged historical theme of cosmopolitanism allowing readers to discern relationships among various historical periods and works that are new and yet simultaneously dependent on their predecessors She uses case studies of art and architecture produced in response to government commissions to demonstrate that established visual forms and meanings in Mexican art reflect and inform desires expectations memories and ways of being in the world in short that visual culture and cosmopolitanism are fundamental to processes of subjectification and identity

**Designs and Anthropologies**

Keith M. Murphy, Eitan Y. Wilf, 2021-11 The chapters in this captivating volume demonstrate the importance and power of design and the ubiquitous and forceful effects it has on human life within the study of anthropology The scholars explore the interactions between anthropology and design through a cross disciplinary approach and while their approaches vary in how they specifically consider design they are all centered around the design and anthropology relationship The chapters look at anthropology for design in which anthropological methods and concepts are mobilized in the design process anthropology of design in which design is positioned as an object of ethnographic inquiry and critique and design for anthropology in which anthropologists borrow concepts and practices from design to enhance traditional ethnographic forms Collectively the chapters argue that bringing design and anthropology together can transform both fields in more than one way and that to tease out the implications of using design to reimagine ethnography and of using ethnography to reimagine design we need to consider the historical specificity of their entanglements

**ETHNIC REALITIES OF MEXICAN AMERICANS** Martin

Guevara Urbina, Joel E. Vela, Juan O. Sanchez, 2014-03-01 The goal of this book is to examine the ethnic experience of the Mexican American community in the United States from colonialism to twenty first century globalization The authors unearth evidence that reveals how historically white ideology combined with science law and the American imagination has been strategically used as a mechanism to intimidate manipulate oppress control dominate and silence Mexican Americans ethnic racial minorities and poor whites A theoretical and philosophical overview is presented focusing on the repressive practice

against Mexicans that resulted in violence brutality vigilantism executions and mass expulsions The Mexican experience under hooded America is explored including religion the Ku Klux Klan and the Mexican American Civil Rights Movement Local state and federal laws are documented often in conflict with one another including the Homeland Security program that continues to result in detentions and deportations The authors examine the continuing argument of citizenship that has been used to legally exclude Mexican children from the educational system and thereby being characterized as not fit for the classroom nor entitled to an equitable education Segregation and integration in the classroom is discussed featuring examples of court cases As documented throughout the book American law is a constant reminder of the pervasive ideology of the historical racial supremacy socially defined and enforced ethnic inferiority and the rejection of positive social change equality and justice that continues to persist in the United States The book is extensively referenced and is intended for professionals in the fields of sociology history ethnic studies Mexican American Chicano studies law and political science and also those concerned with sociolegal issues Description Here      **Global Dimensions** John R. Short, 2001 John Rennie Short disagrees with the common negative stereotype of globalization arguing that the world today actually thrives on local differences and that a global polity tends to reinforce not repress the power of individual nation states      **This Small City Will be a Mexican Paradise** Michael J. González, 2005 Gonzalez describes how the residents of Mexican Los Angeles adjusted to life in provincial California
